WALPOLE AT A GLANCE

Settled:	1659
Incorporated:	1724
Population:	19,642
Registered Voters:	12,157
Number of Taxable Parcels:	7264
Area:	Approximately 20.09 Square Miles
Elevation:	200 Feet above sea level
Location:	19 Miles South of Boston, 26 Miles North of Providence on Routes 1, 1-A and 95
Total Real Estate Valuation:	Approximately \$1,704,005,500.00
Tax Rate:	Residential \$9.80 Commercial and Industrial \$11.64
Taxable Properties:	\$1,178,403,873.00
Motor Vehicles Registered:	23,737
Parks:	Memorial and Francis William Bird
Schools:	Five (2 Elementary, 2 Middle, 1 Sr. High)
Form of Government:	Representative Town Meeting
Transportation:	Bus and Train service to Boston
Public Safety:	Permanent and Volunteer Fire Department with 3 stations, Police, Ambulance service to Norwood Hospital

Municipally Owned Water and Sewer System

Recreation:

Town Sponsored:

Basic Guitar	Recreation Programs
Boys and Girls Instructional Basketball	Red Cross Swimming Lessons
Boys Soccer Program	Summer Tennis Instructions
Competitive Swim Team	Winter Recreation for Adults:
Girls Summer Softball	Badminton, Basketball
Gymnastics Programs	Volleyball, Tennis
Ice Skating Instruction	Youth Basketball
Music Workshops for Mom and Tots	Youth Tennis

Privately Sponsored:

Arts Council
Baton Twirling
Drill Team
Girls Softball
Little League Baseball
Men's Softball
Pop Warner Football
Senior League Baseball
Tennis Club
Youth Hockey

TOWN BOARD MEETINGS

Selectmen

Meets every Tuesday at 7:30 in the Main Meeting Room, 126A, of the Town Hall.

Finance Committee

Meets on Mondays and Thursdays at 7:30 p.m. in the Town Hall.

School Committee

Meets on the first and third Mondays at 7:30 p.m. in Meeting Room 126A of the Town Hall.

Planning Board

First and third Thursday at 7:30 p.m. in Meeting Room 126A of the Town Hall.

Board of Health

Meets on the second and fourth Tuesdays at 7:30 p.m. at Room 112 in the Town Hall.

Sewer and Water Commission

Meets every Wednesday at 7:30 p.m. in the Town Hall in Meeting Room 112.

Board of Appeal

Meets on the first and third Wednesdays at 7:00 p.m. in the Town Hall in Meeting Room 126A.

Personnel Board

Meets on the first and third Mondays at 7:30 p.m. in the Town Hall in Conference Room 122.

Board of Assessors

Meets every Wednesday at 7:30 p.m. in the Town Hall.

Library Trustees

Meets on the third Tuesday at 7:30 p.m. in the Main Library on Common Street.

Housing Authority

Meets on the first Monday at 7:30 p.m. at the Housing for the Elderly Project, Diamond Pond Terr.

Conservation Commission

Meets on the second and fourth Wednesdays at 7:30 p.m. in the Town Hall in Meeting Room 126B.

Industrial Commission

Meets every second Tuesday at 8:00 p.m. in the Town Hall in Conference Room 208.

Council on Aging

Meets on the fourth Thursday at 3:00 p.m. in the Council on Aging Room in the Town Hall.

Recreation Committee

Meets on the second Thursday at 7:30 p.m. in the Town Hall.

Historical Commission

Meets on the fourth Thursday (except July, August) at 7:30 p.m. at Deacon Lewis House.

Sidewalk Committee

Meets at the request of the Chairman.

(Meetings Subject to Change)

Selectmen – Evelyn Spillane, Secretary, Paul Palermino, Joanne Damish, Chairperson, William Hamilton, Joseph Germano. Absent when photo was taken, John J. Hamilton

GENERAL GOVERNMENT

BOARD OF SELECTMEN

The May 1989 election added two new members to the Board of Selectmen, Paul Palermino and John Hamilton. At the Selectmen's reorganizational meeting Joanne F. Damish was elected Chairwoman and Paul Palermino was elected Clerk. The Selectmen once again extend their appreciation to their Executive Secretary, Evelyn Splaine, and Licensing Secretary, Clare Abril, for their dedicated support and expertise.

1989 has proven to be another challenging year. The battle against the MWRA siting of a sludge facility in our Town continues. The unrelenting support of the Board of Selectmen, Walpole Citizen's Advisory Committee and the Citizens of Walpole has resulted in the collection of undeniable information that a sludge facility on the MCI Walpole property in South Walpole would be an environmental mistake on the part of the MWRA and State Government. We thank the Citizens of Walpole for their support at Town Meeting which enabled us to accumulate the necessary information to fight the landfill. We will continue to fight the battle against the political giants until the battle is

won. Walpole Still Won't Budge—No Sludge. Although the Selectmen have dedicated much effort to the sludge battle, we realize there are many other important issues facing the Town and assure its citizens that we will continue to work as hard on the resolutions of those issues as well.

On a victorious note, Walpole won its battle against the siting of the Boston Edison Peak Power Plant proposed to be located on South Street. Boston Edison withdrew its proposal. We extend our gratitude to Joyce Frank, Town Counsel, and the many other officials and citizens responsible for this victory. Another success during 1989 is the agreement received from Metal Bellows to install a filtration unit to clean up the pollution of Washington Well #6.

The Board of Selectmen commends the Town Administrator, the employees of the Town of Walpole, the volunteer cable television crew, and the many citizens volunteering their time and expertise on the various Boards and Committees for their vital support to the Town of Walpole.

TOWN ADMINISTRATOR

It is once again a pleasure for me to submit my Annual Report for Calendar 1989 to the citizens of Walpole. This is my sixth report to you and the completion of my twelfth year of service to the Town of Walpole.

1989 was a particularly difficult year for this office in order to meet all of the challenges presented to our community. Firstly, the year started poorly as the Massachusetts Water Resources Authority Board of Directors voted on January 4th to select the MCI property as its choice for a Minor Residuals Landfill. Our community, along with neighboring Norfolk, held a huge rally to protest at the State House and at the MWRA's Board of Directors meeting on that very cold day. The Board of Selectmen has kept the sludge fight as its top priority, which means that much of my time was devoted to its defeat. This has required, in addition to time, much money for legal challenges, political strategies including the retention of a Lobbyist and the completion of technical studies to refute the data gathered by the MWRA, State Department of Environmental Protection and the U.S. Environmental Protection Agency. Now, after three and one half years of opposing the landfill siting, our resolve is stronger than ever.

In another major siting decision, Boston Edison Company announced in October that it had decided to withdraw its proposal for a Peaking Power Plant on South Street which our community had vehemently opposed.

May's Town Election resulted in the voters approving a \$2 million Debt Exclusion Override for the Renovation/Addition to the Boyden School and a second question approved the creation of the new position of full time Professional Appraiser, reporting to a part time elected Board of Assessors. The Boyden School Renovations were contingent upon a State Grant reimbursement of 63%, which was difficult to obtain because of limited State revenues. Upon receipt of the Grant, the construction started in the Fall and is anticipated to be completed before next September's reopening.

Two other environmental battles involving the Board of Selectmen and Town Administrators attention was the closing down of a large junkyard area known as Goldie's, which includes

Oxford Tire Recycling and Allied for several zoning, environmental and public safety violations. The second battle was with the Metal Bellows Corporation and its parent company, Parker Hannifen for polluting the Town's largest well, Washington Well #6. The year ended on an upbeat note with Metal Bellows agreeing to order a Granulated Activated Carbon Filtration Unit.

1989 was the year that the Town's first Life Care Continuum, called New Pond Village, owned by the Neponset Valley Health System and Hillhaven Corporation, broke ground which is located on Main Street at its intersection with Bullard Street.

The Town hired two very talented Department Heads for the Department of Public Works. Mr. Martin Feeney, from Norwood, became the Town's Director of Public Works and Mr. Mark Coviello from the U.S. Army Corps of Engineers became the Town Engineer. The Town also was saddened by the deaths of Bea Gustafson, who worked in the Town Administrator's Office for over fourteen years, Peter Turco, who served as Chairman of the Board of Assessors and Mae Harrington, long time devoted volunteer for many Boards and Committees.

Public Works Projects for 1989 included the completion of Phase II Sewers and the installation of almost \$2 million of twelve inch water mains throughout the Town.

Town revenues were decreased by over \$900,000 by cuts from the State in the form of Local Aid as a result of a declining economy. Most of the lost revenue was offset with reserves in 1989 but reduced services are planned in next year's budget.

Finally, I want to express my gratitude to the Board of Selectmen for the opportunity to be your Town Administrator; to thank all of the employees who work hard to provide the very best level of services that the citizens of our community can afford, and to all of the volunteers who serve on various Boards, Committees and Commissions for their unselfish dedication to the Town of Walpole.

BOARD OF APPEALS

The Zoning Board of Appeals is a permit granting authority appointed by the Board of Selectmen and has all of the powers and duties prescribed under Chapter 40A of the Massachusetts General Laws, as amended and as allocated under Section 8 of the Zoning By-Laws of the Town of Walpole. The Board of Appeals may:

1. hear and decide applications for Variances with respect to land or structures,
2. hear and decide applications for Special Permits,
3. hear and decide applications for Site Plan Approval, and
4. hear and decide appeals from decisions of administrative officials of the town made under the Zoning By-Laws.

In granting any of the above, the Zoning Board of Appeals must act within the time constraints and specifications of the General Laws and the Zoning By-Laws. The Board of Appeals may impose conditions, safeguards, and/or limitations as part of its approval of any application.

The Board holds public hearings for all applications and makes its decisions only after the public hearing is closed. The Board is responsible for providing public notice of all hearings. This is done by publishing a legal notice in the local newspaper. In addition, notice is sent by mail to the petitioners, abutters, and owners of land adjoining the land of abutters within 300 feet of the property line. A copy of the notice is also sent to various other town boards, as appropriate.

The hearings held by the Board of Appeals are open to the public. Any person, whether entitled to notice of the meeting or not, may appear in person, by agent, or by attorney to be heard. Written testimony may be submitted to the Board at any time prior to the close of the public hearing.

All decisions of the Board are in writing and are filed with the Town Clerk and with the Building Inspector. Notice of the decision is also provided to applicants, anyone who was entitled

to notice of the public hearing, town departments, and boards as appropriate, and to any other interested party who specifically requests such notice.

The Board consists of five regular members, and currently two associate members. Associate members may vote (as appointed by the Chairman for any specific case) in the absence, inability to act, or conflict of interest on the part of any regular member. Decisions of the Board require a four out of five approval. A liaison from the Engineering Department may also be in attendance at public hearings as a resource.

Board members usually attempt to view the site in question prior to a public hearing. The Board takes each case on its own merit and deliberates extensively to assure that a proper decision is finally developed.

The Board normally meets on the first and third Wednesday of the month at 7 P.M. in the Main Meeting Room at Town Hall. Applications, information, or any other assistance regarding zoning may be obtained from the Board's Administrative Assistant or from the office of the Building Inspector. Copies of the current Zoning By-Laws may be purchased at the office of the Town Clerk for a nominal fee.

The volume of Variance and Special Permit decisions in 1989 were roughly equal to the previous year. Site Plan decisions were slightly less than the 1988 volume.

The following statistics summarize the Board of Appeals activity for 1989:

VARIANCE DECISIONS	39
SPECIAL PERMIT DECISIONS	63
AMENDMENTS/APPEALS	7
SITE PLAN APPROVAL DECISIONS	23
MEETINGS HELD	35
TOTAL CASES	59

PROTECTION OF PERSONS AND PROPERTY

POLICE DEPARTMENT

The Walpole Police Department is pleased to submit this report for the year 1989.

On January 17, 1989, Shawn Ryan of Walpole and Annette Jones of Stoneham began recruit training at the Foxboro Police Academy. They graduated in April and began their duties as full time officers.

On August 1, 1989, Officer Goodwin took over as the Safety Officer. He works the 8 a.m. to 4 p.m. shift. His duties include conducting safety education programs at the various schools, issuing safety bulletins for the newspapers and cable T.V., supervising school crossing guards and conducting traffic counts and studies. He is also my liaison officer between the schools, the Department of Public Works, the Registry of Motor Vehicles and this department.

In November, Officer Jones resigned from the department for personal reasons.

To maintain pace with continually changing police practices the department has purchased certain equipment which will benefit both the community and police personnel.

In March, we purchased an IBM PC, primarily for use by the detective bureau. This purchase has enhanced our ability to track criminals and crime patterns.

The department purchased a FAX machine in June. With this we can send fingerprints to the state computer center and receive an HIT in a matter of minutes. We can send and receive paperwork, photographs and other data in minutes greatly enhancing our effectiveness.

In September, the department purchased Smith & Wesson 9mm semi-automatic handguns. Each officers was required to attend and pass a three day firearms transition course which included classroom studies and range practice. The course was taught by Officer Richard Ryan and Officer Fred Leland of this department. Both officers are certified firearms instructors with the Criminal Justice Training Council. The new weapons were received well and every officer improved his range score. Officer Ryan and Leland are to be commended on a fine job.

In this changing and complex world training is increasing in importance. It is a very important means of keeping abreast of the many new laws that are enacted, court decisions handed down and police procedures to be followed. With this in mind all officers of the department are required to attend a forty hour in-service training program conducted at the South Suburban Police Institute at Foxboro.

During the past year many officers attended or were assigned to attend various seminars and special training programs dealing with law enforcement. Several officers continued to enroll in institutions of higher learning with the objective of obtaining a degree in law enforcement.

I will take this opportunity to commend all members of the department for their performance and the spirit of cooperation during the past year.

The following is a list of statistics that will give you some indication of the various types of police activity that took place during 1989.

POLICE STATISTICS

	1989		1988	
	Number	Dollar Value	Number	Dollar Value
Ambulance Calls	824	\$ 59,562.64	755	\$ 35,273.93

ANIMAL CONTROL OFFICER

On October 23, 1989 Town Meeting changed unlicensed dog fines and placed in the Town By-Laws a late license fee. This will generate more revenue and cause less confusion as to how and when a dog is to be licensed. The town will keep all the money from fines, late license fees and dog licenses.

Lost dogs	171
Strays picked up	118

Dogs claimed	74
Dogs given to the MSPCA and others	37
Dog bites	20
Signed complaints	58
Citations issued	19
Total calls received	768
Calls made	839
Dog licenses	1,401
Kennels inspected	48

FIRE DEPARTMENT

The Walpole Fire Department is pleased to submit its annual report for the year 1989. Personnel remained essentially the same as last year. The department has four permanent Lieutenants, 12 permanent firefighters, two call Lieutenants and 24 call firefighters.

FIRE ALARM

Arthur H. Thomas	William Connolly
------------------	------------------

SECRETARY

Barbara A. Kaszanek

The town's new ambulance, purchased through the ambulance revolving account was placed in service on July 14, 1989. Emergency medical calls for ambulance service continue to increase from 793 calls in 1988 to 827 in 1989. The department supplied mutual aid ambulance to surrounding towns 36 times and received aid 51 times. Collected ambulance fees totaled \$44,929.27.

The Advanced Life Support Service operated by the Paramedics out of Norwood Hospital responded to 198 medical calls and were utilized in 124 incidents this year.

Helicopter medical evaluation service by Boston Med-Flight was used on two occasions and by Worcester Life-Flight on one occasion.

The department experienced a number of serious structure fires, several of which were caused by arson, resulting in a significant dollar loss.

The department again hosted the Annual Night Before the 4th celebration for the 32nd year, which continues to be a well attended and received event. The performance put on by the Christian Life Center Chorus was a great success. We appreciate their generosity and that of all those volunteers who devote their time and efforts in order to stage this celebration.

Fire Prevention and Fire Safety under Lieutenant Manocchio continued throughout the year, including our Annual Open House held in October. In addition, the Lieutenant with the assistance of Firefighter Smith visited all students, K-6, in all schools delivering a fire safety lecture and demonstration. Many industrial and commercial concerns were also visited and instructed in Fire Safety and in the use of fire extinguishers.

Training continued throughout the year with many members attending seminars in various aspects of Fire Science throughout the state and in New Hampshire. In addition, several members continued to attend an intensive Train the Trainer Program in Hazardous Incident Control, held in Westwood sponsored by the Norfolk County Fire Chief's Association. Federal regulations mandate 24 hours of Hazardous Material Incident Training for each member per year.

The amount of fees collected for the year were:

Ambulance	\$44,429.27
Smoke Detectors — New	860.00
Smoke Detectors — Resales	2,170.00
Tank Trucks	30.00
Flammable Storage	280.00
Blasting Permits	130.00
Underground Storage	690.00
Fire Reports	201.00
Oil Burner Permits	660.00
Master Box Fees	6,730.00
Total	\$56,680.27

There were a total of 2,510 incidents for the year, this figure does not include car lockouts.

Vehicle Fires	53
Water Problems	9

FIRE ALARM DIVISION

The division continued with alarm box testing and repair, pole line maintenance and repair, radio and intercom repair and maintenance with daily circuit testing with proper record keeping.

Pole relocations continued as always, with Boston Edison and New England Telephone replacing many poles throughout town.

Radio communication reliability continues to be an important part of this division's responsibility. We have, at this time, one base transmitter/receiver with eleven remote transmitter/receivers, 19 mobile sets, 17 portables, 41 tone pagers and 22 home alert receivers. The backup base transmitter, 37 years old has failed and cannot be repaired, replacement of the primary transmitter, 27 years old is necessary as soon as possible. Repair and maintenance of this system is paramount.

Two new master fire alarm boxes were connected to the system. They were:

5932 — Boylston Schul-Verein

7422 — Walpole Park South, Building 2

There are now 76 master boxes on the system.

The fire alarm circuit was extended for a distance of 3,000 feet overhead and 1,000 feet underground up North Street in order to tie in the Boylston Schul-Verein master box. As time and money permit, several street boxes will be installed in the North Walpole area.

BOARD OF HEALTH

1989 was an extremely busy year for the Board of Health as it continued in its efforts to promote public health, prevent disease, and protect the environment.

There were quite a few changes in the Board of Health personnel this year. Susan Fitzgerald is now serving as chairperson. Richard Giusti, Member, and Joseph Pruell, associate member resigned from the board. We thank them for all the time they devoted to the Board. Alvina Baxter-Moran is our newest board member. Other members include Mary Ciapciak (former chairperson), Donnell Murphy and Carol Michetti. The board now has three associate members, Robert Adler and our new associate members Charles Jones and Phil Ross. Collectively the members and associate members bring valuable knowledge to the Board of Health.

The Health Department has also experienced changes in personnel. Linda Shea, has been promoted from Sanitarian to Deputy Health Director. Her main responsibilities include reviewing all septic plans, notice of intents, and subdivision plans as well as witnessing perc tests and deep holes. Ms. Shea also assists the health agent in all projects and chores as needed in this department.

The Board of Health would like to welcome Gail Nixon, our new Sanitarian. Her main responsibilities include restaurant, retail, housing, and pool inspections. Ms. Nixon has also been designated the LEA for the town, which means she is responsible for the asbestos management program in the Walpole Public Schools.

Ms. Shea and Ms. Nixon continue to show their value to this department.

Robin Chapell has increased her hours as

health agent to keep up with the many responsibilities and duties of the Board of Health.

As usual, Patricia O'Connell, has done an excellent job executing the incredible amount of clerical work that is generated by this Department and the Board of Health.

Our fourth annual Household Hazardous Waste Collection Day, held on October 6, 1989, was a huge success. Residents were encouraged to dispose of their paints, solvents, car batteries, pesticides and other household hazardous materials.

The Board of Health received \$1900 in gifts to help offset the costs for the collection from the Norfolk County Conservation District, Birds, Inc., Hollingsworth & Vose, The Mall at Walpole, and Rodman Ford. Tires were collected at a minimal cost to the residents. The DPW was extremely helpful at the collection, particularly by collecting the car batteries and disposing them at State Line Batteries for a slight profit to the town. Waste Management Co. provided the dumpsters to the town at no cost. Cyn Oil and Northeast Solvents did a commendable job collecting the hazardous materials. A very special thanks goes to Nancy Farris and the League of Women Voters for promoting the collection and volunteering their help on the day of the collection. Over 400 families participated in this event.

Let it be remembered that 1989 is the year recycling reemerged in Walpole. The Walpole Board of Health organized at Walpole Recycling Committee and recycling volunteers for a monthly recycling collection day for newspapers and glass. The monthly collections started in September. The groups that have volunteered for the collections were Walpole League of

Women Voters, Junior Women's Club, Girl Scout Troop 2847, and the Walpole Board of Health. In addition, with the help of DPW and the Parks and Recreation Department, the Health Department organized a curb side and/or drop off of leaves for the composting program which was executed in the fall. A special thanks is needed for Heartland and Stop & Shop who sold the brown paper biodegradable lead composting bags to the residents. Recycling has been met with much enthusiasm and participation of the residents.

The Walpole and Norwood Health Departments jointly organized a pool seminar for managers and life guards of semi private pools in Walpole and surrounding communities with the goal of providing better safety, sanitation and pool care for the users in these communities.

Water has been well documented as a vehicle for disease transmission. Consequently, the department followed the seminar with frequent inspection of semi-public swimming pools in Walpole.

This year the Health Department sponsored a number of choking seminars for employees of restaurants to learn the heimlich maneuver to fulfill part of the food establishment's requirement of meeting their minimum standards for food establishments as stated in 105 CMR 605.

This year the Board of Health has been investigating Goldies and Oxford Tire. The Board of Health ordered Oxford Tire to cease and desist, which was challenged in court. In addition the Board continues in its fight to keep sludge out of Walpole! The Board is still continuing its efforts to contain the asbestos on South Street safely and expeditiously.

The Board of Health has been busy reviewing Notice of Intents subdivision plans, and septic plans. The Board also oversees three groundwater monitoring programs in town, the mandatory sewer hook up program, underground storage tank program and a toxic and hazardous materials program, as well as oversees all accidental spills in town.

The department makes every effort to investigate all legitimate complaints. Follow-up action varies from the issuance of orders to taking the responsibility of the court.

Inspections have been a major activity of this department. The goal of housing inspections remained constant—to insure housing that is dry, safe, warm, clean and free from disease carrying vectors such as insects and rodents.

The goal of food and retail establishment inspections are to make sure that the establishment is clean and food is prepared properly to prevent food-borne illnesses. Throughout the year a number of complaints relating to housing and food were reviewed and investigated.

The need for a good preventive health program has long been widely recognized. The Walpole Health Department contributed to the Walpole High School Health Fair. The Board, in contract with the State, provides a wide variety of biological supplies including vaccines and diagnostic test kits to Walpole physicians, the school department, pediatric clinics, and industrial medical departments. In addition, the Town contracts with the Visiting Nurses Association, Norfolk Mental Health, Project FACE, and SCNARC.

Communicable Diseases Reported

	1988	1989
Animal Bites	18	20
Chicken Pox	99	217
Hepatitis	1	0
Meningitis	1	1
Salmonella	5	1
Fifth Disease	0	3
Streptococcal Infections	17	9
Scarlet Fever	17	0
Pertussis	0	1

The first step in the control of 9 communicable diseases is its rapid identification followed by prompt notification of the local health authority by the medical profession. Reporting of these diseases is required by law and essential in order that appropriate control measures may be implemented should the situation warrant such action.

The Walpole Area Visiting Nurse Association, Inc. provides various services to the town. The Association promotes health by offering blood pressure checks, physical assessments, medication and diet teaching, blood sugar testing, Mantoux tests and immunizations. Home visits

are made to mothers and newborns. They follow up on our communicable disease outbreaks. For senior citizens they offer routine health assessments as well as presentations on various educational topics such as on Alzheimer's Disease and Blood Pressure Awareness. The Association also provides blood sugar and cholesterol screening. The VNA also runs flu clinics for the town as well as home visits.

The Norfolk Mental Health Association is a private non-profit corporation governed by a citizen Board of Directors who represent each of the twelve towns in its service area: Canton, Dedham, Foxboro, Medfield, Millis, Norfolk, Norwood, Plainville, Sharon, Walpole, Westwood and Wrentham.

The major programs of the Norfolk Mental Health Association available to Walpole residents are: *CUTLER COUNSELING CENTER* has a fully licensed staff of social workers, psychologists and psychiatrists bringing together a rich variety of skills and experience to provide a wide range of services to children, adolescents, and adults of all ages. In order to be most responsive to individual needs and community concerns, Cutler Center is organized into specialized programs offering services in the following areas: Intake and Emergency; Family and Children; Alcohol and Substance Abuse; Chronic Care; Psychiatry, Adult; Senior Care; Psychological Testing; Assertiveness Training; Separation and Divorce; and Families of Substance Abusers. In the alcohol and Substance Abuse Program, a significant affiliation has been forged with the NORCAP Center providing a most comprehensive approach to the treatment of substance abuse. Each program offers specialized groups and services, such as the *Parent-Toddler Program*, an educational and supportive experience for parents and their children from birth to age 3; and the *Gym Program*, a unique blend of counseling and physical activity for children between the ages of 5 and 15.

Other programs include the *Widowed Lifeline* offering comfort, understanding, and friendship to men and women at any stage of widowhood, *Project HIRE*, a sheltered vocational rehabilitation facility for people with emotional, developmental or physical handicaps. Programs include diagnostic evaluations, electronic skills training, work adjustment training and counseling, sheltered long-term employment, and transitional employment and job placement; *Parent-*

Aide Program, offering trained and supervised volunteer aides who provide one-to-one help to clients in the community, families and individuals in crisis, victims of domestic violence, and parents at risk of abusing and neglecting their children; *Community Education Program*: The staff of Cutler Center is available to provide talks, workshops and consultation on a wide variety of mental health related topics. These services are available to community agencies, civic organizations, business and industry, schools and the Court system. In addition, community education programs on such topics as stress management, assertiveness training and clinical issues are held periodically throughout the year.

Cutler Counseling Center currently has offices in Norwood and Wrentham with the Wrentham office providing the full range of services offered by the Norwood Office. During the Fiscal Year 1989, Cutler Counseling Center provided direct services to approximately 448 people from Walpole. The total value of these services was \$222,755 of which the Town of Walpole allocated \$9,429.

In the past year, people from Walpole who came to us for assistance were often referred by friends, neighbors, family, clergy, school, physicians, or community agencies. The most common requests for help concerned such problems as depression and anxiety, difficulties in marriage or family relations, school of behavior-related problems, drugs and alcohol, and acute or chronic mental illness.

Project FACE provides a multitude of services for the residents in Walpole. The Department of Social Services (DDS) contracts with Project FACE to provide services to children and families in Walpole who are dealing with a variety of stressful situation. The contract for services with DSS is a partnership program that requires an additional 25% of the yearly funding, which the Board of Health provides. In addition, Project FACE is available to provide individual, family, and group therapy as needed. Project FACE also acts as a referral service for the residents. In addition FACE staff are available to respond to crisis situations. FACE clinicians are trained to deal with crisis such as expression of suicidal intentions, anxiety attacks, and acute alcohol or drug intoxication. Project FACE also serves as the outpatient referral site for Walpole High School students identified at risk for drugs/

alcohol abuse, suicide and other at risk behaviors.

The South Norfolk County Association for Retarded Citizens, Inc. (SNCARC) is a dynamic, vigorous organization run by and for local citizens, dedicated to the dignity and potential of all people. Its function is to advocate for the rights of mentally retarded and developmentally disabled citizens of Walpole (and the other communities in its location) and to provide or obtain quality services to individuals and their families. SNCARC provides a comprehensive and integrated network of services, designed to address a wide range of needs and developmental levels. They are able to accomplish this by providing respite care, early intervention programs, Norfolk Industrial Services (which consists of pre-vocational, work adjustment, sheltered employment, and supported employment services, Day Habitation services, residential services, clinical services, and recreational services.

The Board in contracting with these four agencies are able to provide many very needed services to Walpole residents.

The Board of Health avails itself to the services of Dr. Goodband, DVM, the Town's Animal Inspector.

In 1989 twenty dogs and cats were examined for being under suspicion of having Rabies. None of these animals showed positive Rabies symptoms and were released after a required ten days period. Reports of these animal bites were forwarded to the Division of Animal Health, Boston, MA as were the release reports. One dog, reported to have bitten a person could not be identified and therefore was not quarantined.

The annual "Barn" inspections were performed on fifty-four permit holders. Only thirty of these have animals at present with a census as follows:

Dairy cows, calves & bulls	28
Beef cattle	39
Horses	64
Ponies	7
Goats	4
Sheep	19
Swine	1
Poultry	1020
Ducks	24
Geese	28

Rabbits	39
Pigeons	30

The barn inspection reports were forwarded to the Director of Animal Health, Boston, MA.

The annual Walpole Rabies Clinic was held April 1, 1989. Seventy-eight dogs and fifteen cats were vaccinated, a slight increase over 1988.

There were no new farm animals entering Walpole from out of state.

Professional advice was given to the Board of Health and the Animal Control Officer.

The Board of Health wishes to thank all agencies and town departments for their helpful cooperation and assistance throughout this past year.

VISITING NURSE ASSOCIATION

1989 was a year of continued growth for the Walpole Area Visiting Nurse Association. There was an overall increase in home health visits of 33% as well as an increase in number of employees to be able to provide the visits. The overall effect of this growth was to reduce overhead by 15%-20% despite necessary pay increases. Once again, the WAVNA had to adjust salary scales to remain competitive with area hospitals and home health agencies.

New programs continued to be offered for prenatal and postpartum exercises as well as a Teen Girls Day, but there was minimal response to these groups from Walpole residents.

In May, two Walpole high school students received outstanding teen awards. The awards, given for the first time, recognized Jeffrey Scott Cook and Nancy Lee for service to the community and interest in health care.

The flu clinic and cholesterol screenings continued to be well attended. The VNA continues to provide programs in health promotion to all age groups in addition to traditional home health services.

Programs offered to the citizen of Walpole include:

1. *Home Health* — Traditional skilled services including nursing, home health aide, physical therapy, occupational therapy, speech-language therapy, medical social work and nutritional consultation.

2. *Ambulatory Care* — Outpatient services including office nursing, physical therapy, occupational therapy and speech-language therapy.

3. *Health Promotion* — Preventive services including home visits, office nursing, and clinics and screenings funded by Boards of Health in the Towns of Dover, Medfield, Norfolk and Walpole.

4. *Health Education* — Classes for the general community such as childbirth education, parenting, prenatal and postpartum exercise classes.

Of these programs, the Town of Walpole funds are allocated to the Health Promotion Program. This program is the second largest offered by the VNA in terms of clients served and numbers of services; however, due to its low cost, Health Promotion represents only 5% of the VNA's total corporate budget. The four major components of the Health Promotion Program are:

1. *Health Maintenance for the Elderly* — Promotion of good health and maximum functioning for all residents over 60 years of age. Elderly residents who are homebound, and have multiple chronic illnesses/conditions, but do not qualify for skilled care in the Home Health Program are seen on a periodic basis, in-home, by a nurse to prevent further breakdown and illness. Ambulatory elderly residents are

seen at the office for physical assessment and counseling, or at the senior citizen health clinics held at the drop-in center every Monday and at Neponset View every third Friday of the month and at Diamond Pond Terrace the second Tuesday of the month.

2. *Maternal-Child Health* — Promotion of the health and stability of the family during the periods of reproductive maturation, pregnancy, childbirth, the postpartum period and the child-rearing years. Services are provided by a maternal-child health nurse specialist through home visits. Visits to newborns and families are made on a regular basis when referrals are received. Self referrals are readily accepted anytime a resident has concerns about newborn care and/or breastfeeding. Infant car seats are available for rental.

3. *Communicable Disease* — Prevention and control of communicable disease through casefinding and education, and provision of follow-up care consistent with public health practice. In addition to following up on reportable diseases through home visits or telephone consultation, the NVA provides immunizations and various screening tests during office hours.

4. *Public Health* — Promotion of "good health" awareness for the prevention of serious illness. Periodic cholesterol, hypertension and diabetes screening are held, in addition to regular testing during office visits. In 1989 the VNA conducted cholesterol screening during the Village Fair. The annual flu clinic was held in November.

The Town of Walpole Public Health Statistics for 1989 are as follows:

SERVICE	VISITS	PATIENTS
Home Visits		
Health Maintenance for Elderly	485	88
Maternal-Child Health	146	146
Communicable Disease Follow-up	5	5
Office Visits	609	103
Senior Citizen Health Clinics	601	122
Flu Clinics	647	647
Mantoux Tests	22	11

The Walpole Area Visiting Nurse Association appreciates the continued support of the Town of Walpole and looks forward to continuing the provision of quality services throughout all programs in 1990.

COUNCIL ON AGING

The Council on Aging continues to provide services and programs to an ever increasing segment of the town population. As we are a designated multipurpose Senior Center, the Council receives funding through federal and state grants and local revenues.

The Council is composed of 7 regular and 8 associate members. Each member brings to the Council an expertise in one or more areas of interest to older residents e.g., nutrition, health, education, transportation, financial and business skills.

The philosophy of the Council is to promote wellness and independent living. It is our goal to respond to the needs and wishes of those we serve. Toward this end we encourage participation and offer a variety of programs.

An active walking club, well attended line dancing class and fitness programs encourage a sense of both mental and physical well being. Whist games, day trips and receptions provide socialization opportunities. A craft class provides an outlet for creative interests. Health and flu clinics, conducted by the Walpole Area V.N.A. and open to the public, are held at the Center. A podiatrist is available on a monthly basis. Vision and hearing screening is offered by local professionals.

Transportation is a paramount concern. The senior van is the lifeline to Council on Aging and Senior Center activities. Our goal to replace the present van has been realized. A contract for the purchase of a 21 passenger mini-bus was awarded in December of this year. The Capital Budget allocation of \$20,000 was matched with a \$16,605 contribution by the Friends of The Walpole Council on Aging Inc. These funds were realized through the generous response of many individuals, businesses and organizations.

During 1989 the van travelled 14,391 miles and carried 4,621 passengers. Fortunately, the expertise of Mr. Ben Gove and the workers at the town garage managed to keep our ailing 1983 van in driving condition.

An economical automobile purchased and maintained by the Friends of Walpole Council on Aging Inc. provides transportation to medical

appointments. Rides are made possible by group of devoted volunteer drivers.

A monthly Newsletter is mailed to 1,500 homes and businesses. Sponsored by the Friends group and donations from local merchants the newsletter is a source of information and generates interest in Council on Aging activities.

The Nutrition Program through HESSCO is funded by the Older American Act. Congregate and home delivered meals in Walpole totaled 20,364 in 1989. Meals are served at the Senior Center in the rear of the town hall Monday through Friday at noon except during inclement weather.

Mrs. Conchita Geyer executes the duties of Outreach Worker in an outstanding manner. While carefully carrying out challenging tasks she has enhanced the position with her professional approach to contacting elderly individuals and community service agencies. Frail and homebound elders are in need of a wide range of services. Walpole elderly in nursing homes and hospitals are visited. An increasing number of requests for service come from families of elderly. This year Mrs. Geyer made 506 contacts to 178 different elders.

A large segment of our elderly continue to own and maintain their own homes. To facilitate this the Council has in place a unique program funded by HESSCO Inc. and coordinated by Mr. Walt Conway. Chore services, shopping and employment referrals are arranged.

Walpole is recognized as having one of the most successful Councils on Aging. Credit for this is shared by many: an active Senior Citizen Club, involved Council members and the caring attitude of full time Director Barbara Foley. Barbara's knowledge of federal, state and local regulations and her grant writing abilities bring innovative services to Walpole elderly. Council activities are carried out in an efficient and professional manner.

The success of our program is insured by the hours of service provided by a dedicated group of volunteers (7,636 hours in 1989).

To all who support the Council on Aging in many ways we extend sincere appreciation.

HANDICAPPED ACCESS COMMITTEE

The Committee is more than happy to announce that the Walpole Main Library is now accessible to the handicapped people of the town. We would like to thank all the people who were involved in this project. The final cost to modify the library was much lower than projected.

At the 1989 fall Town Meeting, funds were approved to make the South Walpole Pool 100% accessible to the handicapped. This work should be completed by the opening of the pool in 1990.

In the spring of 1990 the D.P.W. has agreed to paint all handicapped parking spaces BLUE with a WHITE logo so that the public can more readily see what these spaces are really for.

The committee again wishes to thank all people in the town for their cooperation in helping the handicapped and especially the POLICE DEPT. for doing such an excellent job in upholding the laws pertaining to the handicapped.

DEPARTMENT OF VETERANS' SERVICES

The unemployment rate has increased and more veterans and their dependents are in need of Veterans' Services assistance. The office is open on a full time basis which allows the veteran to be better served and a more thorough investigation on applications can be made.

Veterans Services has another function which is to help veterans and their dependents apply

for Federal Benefits. These services include the preparation of applications for Widow and Childrens Pensions, Burial allowances, Service Connected Compensation, Non-Service Connected Pensions, Grave Markers, Change of address, Educational Benefits, Hospitalization and annual Eligibility Verification Reports.

HERITAGE AND NATURAL RESOURCES

CONSERVATION COMMISSION

Conservation Commissions are established by cities and towns by authority granted in Massachusetts General Law for the promotion, preservation and protection of the local natural resources and watershed resources. The Conservation Commission has jurisdiction in applying and enforcing the Massachusetts Wetlands Protection Act and the Town of Walpole Wetland Bylaw.

The Walpole Conservation Commission has seven full members and one associate member. The valued members are William P. Golding, Chairman; Joseph Wiley, Vice Chairman; Virginia Fettig, Treasurer; Charles Hede, Peter Baril, Albert Goetz, Thomas McCarthy, and associate member Eileen Neilsen. The Conservation Commission encourages any citizen interested in becoming a member to contact the Conservation Commission or the Board of Selectmen. Members of the Commission are appointed by the Board of Selectmen for staggered three year terms. As a member of the Commission, one will attend hearings scheduled on the second and fourth Wednesday of each month at 7:30 p.m., in the Town Hall. Between meetings, members familiarize themselves with pending projects and conduct site visits. The Commission deals with many important environmental issues, and works actively in the preservation of open space and the protection of wetlands and water resources.

The Walpole Conservation Commission has a full-time Conservation Agent who works directly for the Commission. The agent's responsibilities include: reviewing filings submitted to the Commission, conducting site visits and evaluating wetland delineations, seeing to it that issued Order of Conditions are adhered to by the applicant, and enforcing the Massachusetts Wetlands Protection Act and Town of Walpole Wetland Bylaw.

PRESERVATION OF OPEN SPACE — The Town of Walpole has over 120 parcels of conservation land with approximately 1010 acres of land. There are also approximately 1037 acres of State Restricted Wetlands within the Town of Walpole, some of which is Conservation land. These Conservation areas provide important habitat for wildlife and protect the ecological diversity of both the flora and fauna within the Town of Walpole. The Conservation Commission controls the conservation property and it is their responsibility to regulate, manage, and promote these conservation areas. Some key acquisitions of the Conservation Commission are the Pinnacle, Cedar Swamp, Cobbs Pond, Turner Pond, Allen Dam and Elm Street conservation properties. Conservation land acquisitions are accomplished by purchases, gift land donations, tax-title transfer and placement of conservation land restrictions. Conservation land is preserved in its natural state and can be used for passive recreation such as nature trails. There are several conservation parcels throughout the Town that provide trail systems for the public. Trail maps are available at the Conservation Office and the Town Clerk's Office.

PROTECTION OF WATER RESOURCES — Under the Wetland Protection Act, M.G.L. Chapter 131, Section 40, the Conservation Commission can regulate any activity such as dredging, filling, removing or altering of a wetland. By regulating these activities, the Commission is protecting eight important interests of wetlands (protection of public and private water supply and groundwater supply, the enhancement of flood control and storm damage prevention, the prevention of pollution, protection of fisheries and shellfish and the protection of wildlife habitat). The Town of Walpole has also enacted and adopted its own Wetland Bylaws which are similar in content to the Massachusetts statute, but its intent is to allow the Com-

mission to create a more restrictive Order of Conditions if the project warrants such protection. There is one public hearing which addresses both the Town of Walpole Wetland Bylaws and the Massachusetts statute in connection with each filing.

Any person intending to do work within a wetland resource area or within 100 feet from the wetlands (referred to as the 100 foot buffer zone) should file either a Notice of Intent or a Request for Determination of Applicability with the Conservation Commission. A public hearing will be held within 21 days of receipt of the filing to discuss the project. At the close of the public hearing, the Commission will vote to approve or deny the wetland filing. If the project is approved, an Order of Conditions will be issued to the applicant to regulate the activities. The D.E.P. (formerly D.E.Q.E.) signs seen around the Town at construction sites indicate that there has been a wetland filing with the Walpole Conservation Commission and the Massachusetts Department of Environmental Protection. If a person intends to work within the 100 foot buffer zone and is uncertain whether the activities constitute a filing, they should contact the conservation secretary or the conservation agent for a determination. The Commission is empowered by the Wetland Protection Act, to issue enforcement orders and/or levy fines against individuals who violate issued Order of Conditions or to individuals who fail to file with the Conservation Commission for work near the wetlands.

In 1989, the Conservation Commission reviewed 55 new filings for various projects throughout the Town of Walpole. As larger parcels of buildable land in Walpole become scarce, there is increased pressure on buffer zone work and work within the wetlands, therefore, significantly increasing the responsibility of the Conservation Commission to see that further development is conducted in the best interest to the environment and the Town of Walpole.

In October 1989, an Open Space Residential Development Bylaw was adopted by the Town of Walpole. This bylaw should provide the Conservation Commission with an important tool in protecting the wetland areas within the Town and further conservation of open space. In 1990, the Conservation Commission hopes to acquire additional conservation land, and also to connect existing conservation land so as to create a green-belt of open space while providing travel corridors for wildlife.

The Commission has had a successful year in meeting goals outlined in the 1987 Open Space Plan. Strict enforcement of the Wetland Protection Act, preservation of open space, land acquisitions, protection of groundwater, promotion of conservation properties, and management of the land were all goals addressed this year. The Commission will continue in their efforts to protect the Town's natural resources and will look forward to meeting the goals outlined for 1990.

HISTORICAL COMMISSION

At a special Town meeting, held on April 29, 1970, the Town of Walpole voted to establish a local Historical Commission, as outlined by Section 8D, Chapter 40 of the State of Massachusetts General Laws as regarding establishing Local Historical Commissions.

The Commission consists of five (5) regular members and three (3) associate members appointed by the Walpole Board of Selectmen.

The Walpole Historical Commission is an agent of the local government. Our most important goal is the preservation of the Community's

historic places. The purpose of the Walpole Historic Commission is to work toward this goal by planning for and implementing programs for the identification, evaluation and protection of Walpole's historic resources.

The Commission also coordinates with other local groups whose interests involve historic preservation, such as The Walpole Historical Society, Walpole Public Library and The Walpole Public Schools which often have interests similar to those of the commission in fostering pride in community identity. The Commission serves as a

liaison between these groups and the Massachusetts Historical Commission on matters pertaining to historic preservation programs. Finally, it is the local commission's mandate to be the local municipal "watchdog" for State and Federal preservation agencies, alerting them to local preservation issues.

Some of the projects the Historical Commission is involved in are:

1. The rescue of storage of some of the Railroad artifacts removed from the Walpole Union Station during the MBTA Commuter Rail Signal system upgrade. This project was done in conjunction with the Walpole Historical Society.

2. Work has started on the nomination of the Timothy Mann House to the National Register of Historic Places.

3. Planning has started on the Common Street National Historic District.

Our Commission meetings are open to the public and are held on the fourth Thursday of the month (except July and August) at 7:30 pm in the Deacon Lewis House.

We urge any citizen of Walpole who has an interest in Historical preservation and wishes to join the Commission, to apply to the Walpole Board of Selectmen.

WATER CONSERVATION COMMITTEE

This committee was appointed by the Selectmen at their regular meeting June 14, 1988.

The duties of the committee were to study the Walpole water situation past, present and submit recommendations for the future. This study was performed in detail looking into files and interviewing department heads. This in depth study was accomplished in a little over one year and its final function was to educate the public via 3rd and 4th grade students as to the best ways to conserve water. The final bound report was presented to the Selectmen along with a full verbal report.

The report consisted of 17 pages and the Selectmen praised the committee for a job well done. The report was also received with enthusiasm by the public which viewed it on T.V. The

school children reflected their education of water conservation with such excitement and sincerity, that it accomplished what otherwise could not have, had it been directed to adults.

The committee then asked the Selectmen to release them from further duties as they had accomplished what they were assigned to do. However, the Selectmen chose not to release the members as they felt we could further the study by working with department heads to fulfill the many suggestions outlined in the report and that the report was not to be put aside or forgotten. The committee presently is in limbo and no further meetings have been suggested by the Selectmen or department heads as to any further action and apparently the report has been shelved and forgotten.

TOWN SERVICES

DEPARTMENT OF PUBLIC WORKS

During 1989, the Department of Public Works continued its tradition of being a service oriented unit providing the most efficient and professional assistance to the citizens of Walpole. We take pride in the accomplishments of the Department and look forward with enthusiasm to the challenges of 1990.

The Department of Public Works has been actively and directly involved in the following projects:

1. A new 8" sewer main on Elm Street.
2. Drain reconstruction on East Street at Edward Drive.
3. Improvements to the drainage system on Adams Road.
4. The installation of 12" water mains on East, West, Main, Bullard, High Plain and Pine Streets and a section of Route One.

On behalf of the Department of Public Works, gratitude is extended to the Town Administrator, the Board of Selectmen, the Finance Committee, for their guidance and support, and to all other Town Agencies who assisted and cooperated with us this past year.

IN RETIREMENT

Thomas Dalton was appointed to the Highway Division of the Department of Public Works on August 25, 1957 and served the Town of Walpole for thirty-two (32) years until his retirement on October 30, 1989.

Stephen Huntress was appointed to the Cemetery Division of the Department of Public Works on a part-time basis in 1960 and to the position of part-time Superintendent on July 1, 1976 and continued in that capacity until his retirement on June 30, 1989.

The Department of Public Works extends to each of these gentlemen our sincere appre-

ciation for their many years of dedication to the Town of Walpole and wish them many years of a healthy and happy retirement.

HIGHWAY DIVISION

The Highway Division of the Department of Public Works is responsible for the maintenance of streets, sidewalks, storm drains, traffic signs and snow and ice control operations. During 1989, North Street Circle, Smith Avenue, Joal Avenue, Lincoln Road, West Street, Ossipee Street, Shawnee Street, Pocahontas Street, Cherry Street, Hemlock Street, Beech Street, Cullinane Circle, Higgins Circle, Lincoln Road and West Street were prepared and resurfaced with liquid asphalt and stone, for a total length of 4.3 miles of road.

Other Highway work performed during 1989 is as follows:

1. Mechanical sweeping of all streets.
2. Bituminous concrete patching of potholes and utility trenches.
3. Application of approximately sixty-five (65) miles of pavement markings, which were under contract.

Storm drain maintenance work included the annual cleaning of approximately three thousand (3,000) catchbasins, under contract; repairs to eighty (80) or more catchbasins and manholes; rodding of obstructed drain lines and selected ditching work; and, approximately five hundred (500) feet of drain pipe was laid.

A total of two hundred seventy (270) traffic and street signs were made or purchased and installed.

As in the past, the Highway Division of the Department of Public Works continually strives to perform its duties with the utmost efficiency and dedication to the wishes of the residents of the Town of Walpole.

In conclusion, I would like to thank my personnel for giving 100 per cent during the course of this past year, and to Town Officials and Department Heads for their continued support and guidance.

ENGINEERING DIVISION

The Engineering Division of the Department of Public Works provides guidance and technical assistance to all of the various departments within Town Government, as well as to the citizens of Walpole and to the general public.

In 1989, construction of Phase II of the Town's Sewer Program was completed, making sewer service available to approximately two hundred thirty-five (235) additional homes and businesses, many of which lie within the sensitive water resource protection overlay district. In addition, in conjunction with the sewer project, asbestos cement water mains were removed from many of the streets involved and replaced with newer, larger, ductile iron pipe.

The Engineering Department, as part of its ongoing duties, provided reports to the Zoning Board of Appeals on thirty-one (31) new cases and to the Conservation Commission on fifty-five (55) new applications. This process involves review and analysis of submitted plans and technical reports for conformance with local laws and standard industry wide practice.

As part of its subdivision approval process, the Planning Board required the assistance of the Engineering Department in much the same manner as the Zoning Board of Appeals and Conservation Commission. Twenty-six (26) subdivisions, with a total of five hundred fifty-five (555) potential house lots were reviewed.

The Engineering Department is responsible for the on-site inspection of the installation of all utilities and road construction, both within approved subdivisions and elsewhere in town. This continual process helps ensure that the work is completed in a timely manner and in accordance with the Town Standards. During 1989, this construction inspection encompassed thirty-six (36) subdivisions in various stages of completion, as well as eighty-six (86) Street Opening Permits that were issued for various types of utility work.

The updating of Town maps and plans is extremely important to homeowners and busi-

ness people in the area, as well as to various Town departments. The Engineering Department is responsible for keeping the Town plans, as well as the Assessor's maps, current, thereby helping to chart and plot town-wide growth. The Engineering Department is also responsible for maintaining as-built plans for all road construction and all utility construction within Town ways.

During 1989, the Engineering Department took over the responsibility of managing the Town's Street Lighting System, assuring that the current inventory of street lights is accurate and cost effective. The Engineering Department, during 1989, also completed in house design/construction contracts for Elm Street Sewer Improvements, Sybil Street Water and Sewer Improvements, Drainage Improvements for Edward Drive and an East Street concrete retaining wall.

D.P.W. MAINTENANCE DIVISION

The D.P.W. Maintenance Division of the Department of Public Works is responsible for the repair work and maintenance on the Town owned vehicles and miscellaneous equipment, excluding fire engines.

Regularly scheduled maintenance was performed on fifty-one (51) motorized pieces of equipment operated by the Department of Public Works, i.e. Water and Sewer, Highway, Cemetery, Parks and Recreation and Building Maintenance Departments. This also included eleven (11) automobiles assigned to various Town Departments: ten (10) police cruisers, two (2) Town ambulances, Animal Control vehicle, Senior Citizens' van and sedan and one (1) Fire Department automobile. Also maintained were the auxiliary engines at the nine (9) Booster Stations and the Water D.P.W. equipment, including sewer rodders, centrifical and diaphragm pumps, natural gas and diesel engines, portable generators, welders, flail and rotary mowers.

Major repair work performed last year included one (1) clutch job, six (6) transmission overhauls, thirty (30) brake jobs, six (6) front-end jobs, one (1) engine job, three (3) power steering jobs, two (2) cam shaft replacements and lifters jobs, two (2) differential overhauls, two (2) ring gear replacements, one (1) trans axle and track assembly rebuilt, three (3) intake manifold jobs, eight (8) water pumps, two

(2) cutting edges on loader buckets, four (4) Trojan loader piston and cylinders were built; the high pressure pump in the sewer jet truck was rebuilt; ten (10) complete paint jobs were done, in addition to the painting and sandblasting of the snowplows and sanders units. Welding repairs were also made to sanders, snowplows and frames, sidewalk tractors, backhoes and loaders.

New equipment purchased was inspected for compliance to Town specifications and prepared for operation. Emphasis was placed on preventive and routine maintenance and has continued and proven to be cost effective.

As a result of our regularly scheduled maintenance program, there have been fewer breakdowns and less vehicle down time. Major repair expenses, both in terms of supplies, parts and labor, have been kept to a minimum.

The following equipment was purchased during the year:

1. Two (2) 35,000 GVW Sander and Chassis Units
2. One (1) 3/4 Ton Utility Pick-up Truck
3. One (1) 3 Ton Trailer
4. One (1) Kubota Tractor, Mower
5. One (1) Backhoe Loader

BUILDING MAINTENANCE DIVISION

The Building Maintenance Division is generally responsible for repair and upkeep, capital improvements, proper operations of all electrical, plumbing and heating and ventilation systems in all public buildings.

Energy conservation and vandalism prevention measures are a prime consideration and to this end, we are constantly updating our knowledge and applying same to various problems.

Vandalism:

Please note the drop in cost of vandalism from 1973 to the present. This drop is due to the vandalism prevention measures taken by the Building Maintenance Division.

1973	over \$100,000
1974	over 100,000
1975	30,000
1976	26,000
1977	approx. 20,000
1977 thru 1989	approx. 17,000

In addition to vandalism, a countless number of repairs made, such as door checks, rixons, accidental glass breakage, painting, installing shelves, all hardware, steps, shades, furniture, rekeying locks, welding frames and grilles.

A roof survey made of all buildings by architects and program continuing to replace various roofs.

Prior year's fuel consumption in Degree Days:

The degree-day figure, a measure of fuel consumption, indicates how far the days mean temperature fell below 65 degrees. I predict that the buildings will use more energy because of their increased use. The Building Maintenance Division shall continue to install new combination gas/oil burners, (and new boilers); and to install energy saving devices. The savings, however, may not be visible.

Season	Total Gallons	Cost Per Gal.	Total Cost	Degree Day	Gallons Per Degree Day	Cost Per Degree Day
72-73	505,379	0.119	\$ 60,041	6349	79.59	\$ 9.51

POLICE STATION:

Replaced broken slates on cupolo. Installed new controls to generator. Installed two new air conditioners.

BLACKBURN HALL:

Altered heating and piping system. Added more steam traps.

CENTER FIRE STATION:

Replaced section of boiler. Installed grounded outlets in existing outlets.

LANDFILL BUILDING:

Installed gas heater in main building. Installed new walk in door and new door security grille. Installed new security locking device.

MARATHON HOUSE:

Installed new boiler. Oiled gutters.

EAST FIRE STATION:

Installed new floor and walls in air tank room. Repaired gutter at west end of building. Installed guard rail at exterior air tank.

SOUTH FIRE STATION:

Installed new electrical service from steet pole. Installed new combination gas and oil forced boiler.

CENTER LIBRARY:

Repaired sub floor and new floor tile at entrance. Installed blinds in stack area.

DPW HIGHWAY:

Installed two new overhead steel doors. Repaired roof.

DPW WATER GARAGE:

Installed gas line to garage.

EAST LIBRARY:

Oiled gutters. Repaired front steps.

FISHER SCHOOL:

Added switch for stage area. Replaced portion of lexan.

OLD POST ROAD SCHOOL:

Installed two new boilers. Removed all asbestos from boiler room. Replaced a portion of lexan windows.

PLIMPTON SCHOOL:

Replaced broken slate on roof. Installed smoke detector system to fire alarm system

TOWN HALL:

Replaced broken slate on roof. Replaced gutter at front end of compex and drain pipes at side of building' Closed in opening at Town Clerk's Office.

TURNER POND CABIN:

Added on 1000 watt mercury vapor light fixture for skating.

TURCO FIELD BLEACHERS:

Replaced a portion of wood seats.

JOHNSON MIDDLE SCHOOL:

Installed carpeting in one room. Removed two fuel tanks outside of building. Installed on tank inside boiler room.

BIRD MIDDLE SCHOOL:

Installed new panels over exterior stucco panels with 2 inches of insulation.

SENIOR HIGH SCHOOL:

Installed shades in 2 rooms. Replaced portion of steam traps. Removed asbestos from various areas.

BOYDEN SCHOOL:

Is being completely remodeled. A new gymnasium is being added to the original building.

SEWER & WATER DIVISION

The Sewer & Water Division is responsible for every aspect of the Town of Walpole's Water Supply and Sanitary Sewer System.

Included in these responsibilities are billing, which effective October, 1989, became quarterly, record keeping, reporting and various other administrative tasks.

The division is also responsible for the operation and maintenance of the mechanical sections of our water system, while maintaining the goal of supplying all consumers with an ample supply of quality water as efficiently as possible.

The Town's eight (8) production wells produced approximately one billion gallons of water, remaining relatively consistent.

The routine maintenance program, which includes the repair and replacement of non-operational hydrants and gate valves, continued as well as the meter modernization program and the semi-annual flushing. Routine leak repairs seem to have subsided somewhat with 90 service leaks and eleven leaking water mains being reported.

A leak detection survey was performed by an outside consultant in March, 1989, with the results showing no significant loss of water

through leakage at the time. However, in an effort to increase account ability, the Town of Walpole is still exploring other avenues, such as meter testing.

With State and Federal regulations growing increasingly, more stringent, conservation and protection of our present water supply must remain a top priority.

The Sewer Division maintains all records, billing and reporting, relative to sewer usage, installation and sewer discharge.

While the sewer system in the Town continues to grow, so does the responsibility of the Sewer Division. Maintenance of trunk mains, ejector stations and manholes to prevent adverse health effects to the public remains a priority. Approximately 50% of the present population is served by the sanitary sewer system, with hopes of increasing this amount in the future.

As in the past, the Sewer & Water Division of the Public Works has continued to provide the best possible service to all its consumers in the most efficient manner.

In conclusion, I express my sincere appreciation to all division employees, supervisors and other Public Works' personnel, as well as Town officials for their cooperation.

RECREATION DIRECTOR

The recreation Department is now a division of Parks and Cemeteries created by Town Meeting. This new Department will better serve the citizens of Walpole with more leisure time programs for all ages. The tasks of updating existing Park and Recreation sites will be an enormous challenge and plans are now being formulated to achieve these goals. Recreation programs that are offered are Red Cross Swimming lessons, a competitive swim team, Girls Summer Softball, Gymnastics in Fall and Winter, Boys and Girls

instructional basketball, Summer tennis lessons, Village Music Workshop programs for Moms and Tots, Ice skating instruction. Recreation Booklets describing all Town sponsored programs are available at the Town Hall. Privately sponsored activities are also included. The Director would like to thank all the Recreation Employees and the Department of Public Works for their cooperation in maintaining our present facilities and providing leisure time activities for the Citizens of Walpole.

PARKS, RECREATION AND CEMETARIES

The Department of Public Works recently underwent a re-organization to create a new division, Parks, Recreation and Cemeteries. The purpose of this change was to improve inter-departmental coordination and efficiency by placing departments which work together under one management umbrella.

Due to budget cutbacks, the division is down to ten (10) full time employees who are responsible for the grounds maintenance of all town owned property, including schools. We mow over 65 acres of grass spread out over thirty-five (35) separate locations and we maintain 5 cemeteries totaling about 10 acres.

Our work includes the application of grass seed, fertilizer, lime and weed control chemicals. We maintain 13 baseball/softball fields on a regular basis and we line all of the fields for the School Departments fall sports schedule.

We pick up litter from all public ways and town properties, and we have a bi-weekly rubbish pick up for litter receptacles around town.

Other duties include putting up and taking down football and soccer goals and tennis nets; the cutting of grass and brush along all public roads; the maintenance of two (2) automatic irrigation systems; the maintenance of the ice surface at Turners Pond; the plowing and shoveling and sanding of all sidewalks at all public buildings including school and along certain designated streets.

In cemeteries, we are responsible for the regular maintenance of all five (5) town owned cemeteries. In addition to this we plant flowers for Memorial Day and we are responsible for placing flags on all veterans graves in all town cemeteries, public and private.

BUILDING INSPECTOR/ ZONING ENFORCEMENT OFFICER

Construction activity for the year followed the economic activity of the State and produced a decrease in total permits. Total permits issued for the year was 588, down 64 permits from the previous year.

The breakdown of the past year's permits issued are as follows:

Type of Construction	Permits Issued	Estimated Dollar Value
Single Family Dwellings	54	\$ 8,173,103.00
Town House/Condo's	* 17	18,794,000.00
Commercial Buildings	** 6	6,669,326.00
Commercial Condo's	1	360,000.00
Foundations		
Residential	14	13,000.00
Commercial	5	19,000.00
Permit Renewals	12	0.00
Permit Transfers	0	0.00
Demolitions	14	0.00

Additions/Alterations		
Residential	331	2,815,378.24
Commercial	58	5,197,619.00
Permits Voided	4	0.00
Stove Permits	9	7,070.00
Sign Permits	29	31,315.00
Pool Permits	34	344,020.44
Referred to ZBA	(59)	_____
TOTAL(s)	588	\$41,423,831.68

* 1 Permit was issued for New Pond Village covering 148 Condominium Units plus 51 assisted type of living condominium units at New Pond Village.

** 1 Permit was issued for a 90 bed skilled nursing facility at New Pond Village.

Ground breaking for the New Pond Village Residential Care occurred in June of this year. The construction of 148 independent units, 51 assisted units, a nursing home accompanied by a restaurant, hairdressing shop, barber shop, banks, auditoriums, etc. will be both challenging and rewarding to be involved with in the next few years.

The former Kendall Company complex, located at Station and West Sts., is continuing to be remodeled and will keep this department busy in the coming year.

New residential construction has slowed but McNeil and Associates Subdivision, located in East Walpole, continues to attract new home buyers. With these new home buyers and the new families of the past few years, the Town had to provide new grammar school space.

Boyden School in South Walpole should be ready to open for the School year of September 1990. A new gymnasium has been constructed and total reconstruction of the interior of the building has been occurring.

Annual inspections of all public assembly buildings as required under Massachusetts General Laws have been made along with the regular inspections of new construction, several persons have been referred to the Zoning Board of Appeals for relief from our local Zoning laws, and all alleged Zoning violations have been investigated, some leading to litigation in both District and Superior Courts.

At this time, I would like to thank my staff for their continued professionalism in the performance of their duties.

GAS/PLUMBING INSPECTOR

During the year 1989, 342 applications were filed for gas permits. 480 applications were filed for plumbing permits. All complaints received were investigated. At this time, I wish to thank

the Board of Health, Town Administrator Building Inspection Department, and their staff for cooperation given me in carrying out the duties of Plumbing and Gas Inspector.

WIRING INSPECTOR

531 applications were filed for wiring permits and all complaints were investigated with regard to electrical installations. The Wiring Inspection

Department is located in the Building Inspector's Office in the Town Hall.

INSPECTOR OF WEIGHTS & MEASURES

The following is a summary of the Weights & Measures Department.

Units Tested	—	229
Units Sealed	—	308
Units Not Sealed	—	4
Units Adjusted	—	53

Units tested includes scales, balances, weights, gasoline pumps, oil truck meters, and bulk storage meters.

Duties performed are handling owner and consumer complaints, checking the accuracy of pre-packed items, determining compliance with state unit pricing directives, and checking various weighing and measuring devices.

I thank the Town Hall employees, especially the inspection department, who have helped make this job easier to perform.

ANIMAL INSPECTOR

All premises where livestock are kept have been visited and inspected and comply with the regulations set forth by the Division of Animal Health. No animal from outside the state entered herds this year.

All reported dog bites have been investigated and quarantine regulations carried out.

No positive cases of Rabies were found.

ARTS LOTTERY COUNCIL

The Walpole Arts Lottery Council is a division of the Massachusetts Arts Lottery Council. Its purpose is to encourage the growth of Arts and Humanities by the distribution of funds allocated by the Mass. Council to those groups or individuals complying with the guidelines set forth by the parent council.

The local council receives applications and allocates funds twice a year. Potential applicants are notified of the availability of funds through newspapers and other means of publicizing

the event. Application forms, available at the Walpole Library, are reviewed at meetings of the local council. Recommendations for approval or rejection are reviewed by the Massachusetts Arts Lottery Council. The Walpole Arts Lottery Council is notified, and it, in turn, notifies applicants of the decisions.

In addition to regular funds, money is available to groups of students eligible for the PASS (Performing Arts Student Series) program. By submitting application forms (available at the

Walpole Library), individuals or groups of students may attend certain theatrical events at prices reduced to \$5 or less.*

Members of the Walpole Arts Lottery Council are appointed by the Board of Selectmen for a maximum of two consecutive three-year terms. Anyone wishing to serve on the Council may apply to the Board of Selectmen.

The Walpole Arts Lottery Council should not be confused with the Walpole Arts Council, which is an older organization, and which exists to encourage local interest in the Arts by its various activities. It is funded by its members and is not authorized to distribute State Lottery funds.

*Information may be obtained by calling Sylvia Agabian at 668-2258.

METROPOLITAN AREA PLANNING COUNCIL

With the support of Walpole and 100 other cities and towns in the region, the Metropolitan Area Planning Council (MAPC) was able to provide planning services, information, and advice for regional communities during 1989.

Throughout the year, MAPC concentrated on refining MetroPlan 2000, the regional growth plan adopted in principle by representatives at the 1989 annual meeting in May. The regional development framework will aid communities in designating potential growth areas based on the availability of infrastructure, and in designating areas where regional growth should be discouraged. As we enter a new decade, such a regional plan is addressing issues of affordable housing, open space, environmental protection, transportation, traffic congestion, and air pollution. With planned regional growth, the best use of limited resources will be encouraged.

The final recommendations of MetroPlan 2000 are being formulated by seven policy committees — Economic Development, Facilities Siting, Housing, Land Resources, Transportation, Waste Management, and Water Resources/Waste Treatment. In 1989, Mr. Douglas Landry, Walpole's Town Planner, participated on the Facilities Siting Policy Committee of MetroPlan 2000 as Walpole's MAPC Representative.

In addition to MetroPlan 2000 planning efforts, MAPC staff produced community population and employment forecasts, and updated the development file and vacant sites survey for each community. Some communities also took advantage of information programs, and met with MAPC planners to discuss the federal Transportation Improvement Program, trip

reduction tools, curb tools, impact fees. During the past year:

- Walpole contributed \$3,756 to MAPC for regional planning services in fiscal year 1989 (July 1, 1988 to June 30, 1989).
- MAPC received a \$19,700 grant from the Department of Environmental Protection to develop a water supply protection plan for communities in the Neponset River Basin. MAPC will inventory industrial activities and underground storage tanks, evaluate existing groundwater protection measures, and prepare groundwater protection plans for the communities. The Board of Selectmen appointed Thomas Bowen to an advisory panel working on the plan. Robert Adler was appointed the alternate.
- Mr. Landry worked with MAPC's Access Management Task Force to develop traffic management tools that regulate automobile access to new developments.
- Joanne Damish and James Dugdale continued their participation as representatives to the Three Rivers Interlocal Council, an official subregion of MAPC formed in late 1988. In recent elections, the following officers were named: Chairman — Norman Homsey, MAPC Representative from Needham; Vice Chairman — George Jenkins, Canton Planning Board member, Clerk — John Sheehan, MAPC Representative and member of the Foxborough Planning Board.

MAPC appreciates Walpole's continued support. In the coming year, we are encouraged to engage in MetroPlan 2000 planning activities, as well as to utilize the planning skills and knowledge available from MAPC staff.

PERSONNEL BOARD

The Personnel Board normally meets at 7:30 P.M. in the Town Hall on the first and third Mondays of the month. Members of the Board were Wallace Coburn, Richard Mansen, Gary Wallrapp, Steven Hemman, Vice Chairman and Donald Ridley, Chairman. Valorie Donohue is the Board Secretary.

At the Spring Town Meeting the Board proposed and the Town Meeting members approved modification of Articles 17, Sick Leave; Article 27, Longevity; and adopted a new Article 32, Maternity/Adoption Leave in the Personnel By-Laws. Modifications to and adjustments in the various pay schedules were also approved. Several position descriptions were revised attendant to a reorganization of the Highway, Parks and Recreation Departments.

Wallace Coburn resigned from the Board following the Spring Town Meeting after five years of exemplary service, including two years as Chairman. He was replaced by Terry Hogan in June.

A draft of a Personnel Handbook was completed and submitted to Town Administration for review prior to publication in 1990.

During the late autumn the annual wage and salary survey of the ten surrounding Towns was conducted in preparation for consideration of wage and salary schedule adjustments to be submitted to the Spring Town Meeting.

CABLE TELEVISION COMMITTEE

The Walpole Cable Television Advisory Committee was appointed by the Board of Selectmen to serve as watchdog for cable. The Committee is available to hear unresolved complaints of all Massachusetts Cablevision subscribers. The Committee reports to the Board of Selectmen who act as the Issuing Authority for cable.

One complaint was received during 1989. It was placed on file and will be reviewed at the time of the license renewal application by Massachusetts Cablevision Systems.

Since no formal complaints or correspondence was received regarding the rate increase of

June 1989, the Committee requested the Board of Selectmen invite the new district manager, Mr. Randy Nungester, to a meeting to discuss the reasons for this rate increase. At that meeting the Committee requested Mr. Nungester consider a discount rate for Walpole's senior citizens. It has been taken under consideration and further action is contemplated by the Committee.

In the event of a complaint against Massachusetts Cablevision, the Walpole Cable Television Advisory Committee urges subscribers to contact the Board of Selectmen for further action.

ANNUAL REPORT OF SIDEWALK COMMITTEE FOR 1986-1989

The Sidewalk Committee was revitalized in 1986, and we met with the Selectmen on several occasions to discuss sidewalk improvements.

In 1987, Mr. Hatch was elected Chairman and has been serving as such to date. Under his leadership, a program was organized to evaluate the sidewalk, pavement and curbing conditions of the whole town. The work was divided up among Committee members. We would like to mention that this program has now been computerized. In February of 1987, we met with Mr. Tony Celli and discussed various ways of improving the town of Walpole's walkways and byways. The following South Walpole locations were re-built and new curbs put in: Irving Drive, Maude Terrace, Clinton Avenue, and Harold Road. The amount of \$64,000 was appropriated and spent on this work. The Committee during the year toured and surveyed the conditions of various sidewalks and curbs that were of concern. Some of these were based on inquiries by members of the community for improvements in their areas.

For the year 1988, we met at various times. We accepted the resignation of Mr. Roderick Bruce, with regret. Mr. Bruce was a long time member and former Chairman of the Committee. The Spring Town Meeting appropriated some \$30,000 for improvements. Repairs to the following locations were made: Common Street, Old Post Road, East Street, Pleasant Street, Wolcott Avenue, and Spring Street. Mr. Francis Curran was appointed in 1988 as a new member to the Committee.

The last two years, 1988-89, funds were restricted and as a result, we were not actively meeting. We have been looking for P.E.G. money. We are still awaiting funds from various sources to improve the Central Business District Project, and as soon as funds are available we will move on this, as well. In January of 1989 Donna F. Gannon was appointed to the Committee.

The Sidewalk Committee has completed and has on record in the DPW Department the list of Priority areas that should be improved and repaired.

We wish to thank Mr. James Merriam, Town Administrator, and all the members of the Department of Public Works, as well as the townspeople for their cooperation.

Sincerely yours,

SIDEWALK COMMITTEE MEMBERS

Sidney F. Hatch, Chairman
Donald G. Irving, Clerk
Rose Richard
Donna F. Gannon
Francis Curran

EDUCATION

SCHOOL COMMITTEE

What comes most readily to mind as one continues to assess the schools in Walpole is that the system is highlighted by a general theme of excellence in the services offered. It is our hope this this standard will perservere and that we will be able to continue to be able to provide the programs, staff and support necessary. Even in recognition of the fiscal problems of the Commonwealth we are optimistic that sufficient continued funding will occur to sustain our current high-level delivery of educational services.

The school population continues to grow overall with an increase of 3-4% annually in the next several years. The School Committee continues to work closely with the Permanent Building Committee to anticipate and advise the obvious space needs in the next five years. The opening of the Boyden School has obviously helped address this issue but, of course, more facilities will be needed.

The School Committee decided upon a plan to reorganize the system to 4-4-4 system. Commencing in September of '90 the fourth grades will be housed in the three elementary schools and the middle schools will become grades five through eight. There will be no changes at the high school.

The recently established Educational Development Center continues to be a productive educational approach as an avenue for better delivery of services.

The year 1989 saw the addressing of some of the few problems as noted by an otherwise

strongly favorable report of Walpole High School by the New England Association of Schools and Colleges last year.

The Committee continues to be open to the possibility of opening both pre-school and after-school centers which would offer additional care for our young people, especially in view of the work and lifestyles of so many young parents.

The Walpole School Committee commends all those who make our system what it is today—the aides, the teachers, the cafeteria personnel, the secretaries, the custodians, the administration. Special and separate thanks is extended to the literally hundreds of volunteers, particularly in times of fiscal constraints, for their unflagging giving of time, effort, patience and skills.

RETIRED PERSONNEL — 1989

Jay Abernethy	— Grade 4, Johnson Middle
Carolyn Manson	— Business Ed., High School
Marion O'Neil	— Art, Bird Middle
Anne Owings	— Grade 6, Johnson Middle
Richard Schnorbus	— English, High School
Mary Sheridan	— Reading Chairperson/ Chapter I Coord.
Amy Jane Winchell	— Library/Medica Specialist, High School

DECEASED — 1989

Beverly Beltramini	— Cafeteria Manager High School
Armand Munoz-Bennett	— METCO Coordinator

SUPERINTENDENT OF SCHOOLS

The year 1989 continued to bring major changes in the administrative personnel of the Walpole Public Schools. In 1988 there occurred the retirements of the Assistant Superintendent

of Schools, and the principals of Johnson and Bird Middle Schools. In 1989 the School Committee elected Susan Evans as principal to the soon-to-be-reopened Boyden School.

In 1989 the principals of Fisher and Old Post Road Schools, Harold LeBlanc and Harold Varney, announced their retirements effective at the close of the school year 1989-90. They have each given over a quarter century of outstanding educational direction and leadership to our community. The effects of their extraordinary talents and work will be felt for years to come. I know that I echo the sentiments of the entire Town of Walpole in acknowledgment of their careers typified by commitment and beneficence. We wish them the best.

Our enrollment continues to grow by approximately 4% per year overall. The increase in school population is occurring at the grades below the high school. The population at the high school will remain stable for the next few years. The opening of the Boyden School will ease some of the space problems at the K-4 level that we have experienced in recent years.

As ever, the Walpole Public Schools continue to exhibit educational excellence through the efforts of an exceptional staff. The support of the entire community of our town helps to make the work of the staff even easier.

We expect this manifold commitment to continue and we know that the young people of our community will receive sound development of mind and body because of this support. Examples of the above stated can be found in the reports which follow.

FISHER SCHOOL — 1989

Fisher school had a very exciting and busy year. 1989 brought a variety of learning experiences for students, and professional growth for staff. Typical among the activities generated from the IRC was the "Great Yarn Ball" project. As a reading incentive, students were given a strip of yarn for each book read in school or at home. They attached the strip to a growing yarn ball which ultimately weighed over 5 lbs. and wrapped around the auditorium 26 times. We also celebrated Book Week in November, and in lieu of Christmas gifts for teachers, parents gave a donation for a book in their teachers name. In addition, much interest in research was created with the "Super Sleuth" program initiated by Jane Hawes. Clues were posted in the IRC on a daily basis describing a person, place or thing and each week students who were successful detectives were identified on the PA system.

The Fisher School again had a very active and supportive PAC. They hosted the open house and ran a very successful craft fair raising \$2800.00 for enrichment programs, such as "The Birdman" assembly, "Dances by Isadora", "Opera to Go", and a "Poet in Residence." The successful winter carnival brought the whole Fisher family together doing activities such as face painting, cake walks and eating ice cream sundaes, and the appreciation tea for all staff, bus drivers, crossing guards and other friends of Fisher School was elegantly done with a gourmet spread of the most delightful desserts.

The "What's it Like" program offered an opportunity for students to find out what is like to be handicapped. This program continued throughout the year under the able leadership of Ellen McDavitt, a Walpole parent. Giving students an opportunity to experience a variety of handicaps and to meet the people who must live with these challenges was a sensitizing activity for all.

Another parent implemented program highly regarded in the system is the Docent Activity in which parents come into the schools and do an art appreciation lesson around an artist of the month. This year again saw artists such as Matisse, Degas and Renoir featured.

The staff of Fisher School was very busy. Curtis Smith took an administrative course at SMU and Mary Rockwood and Mary Fitzgerald were busy with an NCTA course on whole language. Kathy MacIvor and Chris Peters represented Fisher on a system wide staff development committee and Marge Lynch began piloting a science curriculum on water through the cooperation of the New England Aquarium. The whole language concept was promoted brilliantly by Lisa Young, Wendy Campbell, Mary O'Neil Cindy Shea and Suzanne Galvin in a workshop for teachers. Some of our staff became involved in the Caspar Curriculum. Sponsored by the Southwood Hospital Consortium for Prevention of Substance Abuse, the following staff spent many hours in training: Wendy Campbell, Suzanne Galvin, Marcia Sloane, Fred Laire and Mary O'Neil. A new K Screening vehicle was identified for use this fall called "The Early Prevention of School Failure." This test was administered after extensive training for all K, Grade 1 and Special Ed. teachers.

Meanwhile, Grade 1 was actively piloting a new math system called Open Court, attending workshops and engaging in demonstrations and discussions. Grade 1 also began the development of a nature trail through the use of Horace Mann Funds. Together with staff, Doug Grant, the head of the Science Department, and parents, the wood behind the Fisher School evolved into a wonderful learning environment. Geography week was celebrated with the assistance of our Social Studies Coordinator, Tom Morris in November, and Cindy Shea used a baseball unit to integrate a variety of learning experiences in the spring.

Grade 2 held a successful International Week in March. Each classroom was transformed into another country which could be visited only with a "Passport." Miss O'Neil's class became Mexico, Mrs. McAweeney's room became France, Mrs. MacIvor's room became Ireland, Miss Young Germany, Miss Barbarick Norway and Sweden and Miss Bloomfield's room became Holland. So successful was this program that in March of 1990 all of Fisher School will become an international environment.

Fisher School welcomed two new staff members: Bill Wallace to Grade 1 and Ellen Abelson to Special Education. We also welcomed back to Fisher from Bird Middle School, Kathy Sipala to Chair Reading and Chapter I.

The Health Department at Fisher School took care of the usual scrapes, bruises and medications. Mrs. Haberlin, our school nurse made sure that all children had their vision and hearing checked in October. Fisher School continued to provide programs on bus safety, fire safety, ice safety, and with Officer Ryan, a program on "Talking to Strangers."

K snack continued as a resource for study of good nutrition. In addition, we featured our cafeteria by celebrating "Love Your Lunch" week. Students invited family members to join them in sampling a school lunch and we were again delighted with the overwhelming response.

Parents also had the opportunity to see and hear their children in performance. Our music department successfully demonstrated the skills learned in music classes during evening concerts for each grade under the leadership of Mr. Collins (grades 1-3) and Mr. Davis (K). In addition, the annual holiday sing-a-long founded by Mr.

Collins brought hundreds of families together to join in singing songs of the season.

Field trips to the Berklee Performance Center, the New England Aquarium, the Museum of Fine Arts and Moosehill Sanctuary were a few of the places the Fisher School students visited during the year.

We are always proud of the accomplishments of our students. In particular, Jason Raynor from Miss Taber's room won the Conservation Essay Contest. Jason received a gift of \$100 and was presented with the check by the Board of Selectmen.

The generosity of Fisher School students and their families resulted in some worthwhile school giving projects. The "Thanksgiving In-gathering" netted 1600 cans and non perishable items for the Walpole Food Pantry, the American Red Cross Youth Drive received \$150. Globe Santa received \$150 and the "Spoons" for Project Bread generated \$6820.00 by an anonymous donor. Gifts were also sent by the kindergarten to International Adoptions and students have collected sales slips from Stop and Shop and Bradlees, so that Fisher School may win an Apple computer.

And finally, in the area of pride comes a special honor to Fisher School. Hal LeBlanc and some of our parents, had the pleasure of representing Fisher with the State Department of Education for demonstrated superiority in implementing the school improvement council process. Chosen as 1 out of 50 in an 1800 pool of schools in the Commonwealth we were delighted for the recognition.

OLD POST ROAD SCHOOL – 1989

This year, Old Post Road School is celebrating 25 years of quality education! The building opened in 1964, with a fourth grade student cutting the "official" ribbon. Since that time, there have been many improvements, including a renovation which yielded 5 small rooms used for guidance and small group instruction.

The year started with a New England Tidepool Review, an assembly with follow-up sessions featuring live tidepool animals. Also, at the beginning of the year, after-school Drama Clubs got underway for both second and third graders.

An active PAC began the calendar year with an *Old Post Road Papa Gino Night*, which proved to be a financial and social success.

The school family was saddened in January by the sudden death of Karen, a Kindergarten youngster, who had been a friendly and vibrant student. It was difficult to accept such an untimely death of one so young and full of life.

Separate evening music programs for grades 1, 2, and 3 were presented for parents to enjoy. They were planned and directed by Mr. Davis, Vocal Music Teacher.

A second Annual International Week was planned by the school staff. The children studied other countries and then visited (with passports, of course) each classroom representing a different country. Counting the office, there were 13 countries studied and visited. Children and staff members dressed according to the country they were representing. In conjunction with this week was an assembly program on Japan presented by the Enchanted Circle Theatre, a talk on France by High School Teacher Anne Coombs, a talk on Africa by Andy Gardener, who lived there for many years, and a talk on Russia by Dick Jensen, who has made an extensive study of the Soviet Union.

An after-school Computer Club for grade one students was very popular and successful. The "What's It Like" program regarding the handicapped was held for the *eight*h year in third grade classes.

We had a student teacher from Boston College working in our kindergarten classes. It is important to help in the training of prospective teachers and they in turn provide an enrichment to the students and assistance for the teacher.

In the spring, a Book Fair was held with many interesting books for children on display. The fair was held in conjunction with a Reading Incentive Program, "Go Bananas Over Books", planned for Reading Specialist Lorraine Schilling. The program culminated with banana splits for those who read at least 5 books!

Grandparents Day was once again a success. About 80 grandparents joined their grandchildren for lunch and afternoon classes, including art, physical education, and music.

Educational Field Trips were taken to the Science Museum, Museum of Fine Arts, and other educational places.

The traditional Field Day was planned by Physical Education Teacher Ginny Gay with the help of staff and parents. Emphasis was on good sportsmanship and enjoying the individual and team contests. Several members of the Music Department, directed by Rich Reynolds, provided music during the lunchtime period.

The school year began smoothly with the usual opening assemblies and stringed instrument demonstration by Mr. Falker. Sixty percent of the third grade students signed up for violin lessons!

At the end of September, the Annual Family Open House was held with a huge turnout of Old Post Road families. Sundaes were served by the PAC after classroom visits. They were popular with *all* ages!

A demonstration by Walpole Fire Department during Fire Prevention Week in October was again a highlight of the year. The firemen's truck and equipment were explained along with a safety talk by Lt. Manocchio about safety in the home and at school.

The Kindergarten and first graders joined in a special parade on Halloween with all kinds of ghosts and goblins. Superman appeared and visited all the classrooms. Some thought he looked like the principal, Mr. Varney!

The Kindergarten observed Thanksgiving with a sharing feast. The classes were "dressed up" as Native Americans (Indians) and Pilgrims. Mrs. Garrigus was a Native American and Mrs. Davey was a Pilgrim. The two groups shared good food and fellowship as our ancestors did many years ago.

The PAC Sixth Annual Gingerbread Bazaar, held in December, was great success. The Cafetorium was transformed into an exciting array of tables with many interesting things to see and purchase. Proceeds from the Bazaar are used to purchase items for the school that cannot otherwise be purchased due to budget constraints.

A Family Sing-a-Long was held just before the Christmas vacation. A large crowd of parents,

grandparents, and children attended the evening affair directed by Music Teacher, Mr. Davis, with Mr. Varney at the piano.

The PAC and staff are planning special events to celebrate the 25th year that the school has been open. One of the ideas is to bury a time capsule to be opened 25 years from now. Who knows what the twenty-five years will bring.

BIRD MIDDLE SCHOOL — 1989

The National Middle School Association believes that the middle school is the appropriate educational response to the needs and characteristics of youngsters during transescence as it deals with the full range of intellectual and developmental needs. In 1989 as Bird Middle School ended its eighth year as a middle school, the essential elements of a middle school of excellence were well in place. The staff was knowledgeable about and committed to transescents, and offered a curriculum based on their needs. A variety of instructional strategies were utilized as well as a full exploratory program because we believe that one's self-concept, learning interests, skills, values, and the determinants of one's behavior as an adult are largely formed in this period of life.

Mrs. Suzanne Hopkins Gillam, Principal, and Mr. Timothy F. Collins, Assistant Principal, completed their first full year of administration supported by approximately fifty full and part-time faculty and staff. The four hundred eighty-seven pre-adolescents that attended Bird Middle School in 1989 were housed in twenty home-rooms consisting of grades four through eight. Their academic growth was affirmed by above average scores on the Comprehensive Test of Basic Skills and through high achievement on several state mandated tests. Their development as productive young citizens was illustrated by their hard working nature, exceptional school spirit, and increased community involvement and awareness.

Quality instruction was provided for all students as Bird Middle School faculty members continued to work together to implement the outstanding curriculum of the Walpole Public Schools. Each grade level team offered an interdisciplinary unit at some point during the school year. Lisette Walter was responsible for securing a Governor's Alliance Grant which brought quality drug education and intervention pro-

grams to all students. The grant also included teacher training packages which facilitated the adoption of the Quest Program, the implementation of the Caspar unit, additional training for peer leaders, and a drug education course for faculty. Chapter 188 Funds enhanced staff development with a variety of workshops and conferences being attended by faculty, and provided much needed calculators for math classes adhering to the new guidelines espoused by the National Council of Teachers of Mathematics. A data projection panel and new software added a whole new dimension to Bird's computer lab capabilities. Mrs. Katherine Sipala led many staff, parents, and students in the annual spring musical, *Oliver*, before accepting the position of Reading/Chapter One Chairperson.

Student accomplishments were highlighted by the participation of Karen Tarbell and Attilio DiMascio at state level competitions in the National Spelling and Geography Bees, respectively. Six memorial awards were presented to graduating eighth graders in June 1989, Brian Prasse was awarded the Leonard Downs Memorial Award for the highest academic average after four years at Bird Middle School; and Shaw Hubbard received the Laura M. Warcup, Kati Griffith the Suzanne Grimes, Carrie Wiley and James Rosenthal the Jan Ostrum, and Michael Wholey the Swenson.

Marion O'Neil retired after thirty-nine years of service to the Town of Walpole. She will long be remembered as an art teacher of excellence by all who knew her. Her many students have benefited from her caring attention and helpful encouragement. In addition to Ms. O'Neil, five other Bird Middle School teachers were honored for twenty-five plus years of service to Walpole: Marilyn Boulais, Joseph Kelleher, Janet O'Connell, Dorothy Saulnier, and Lisette Walter.

The Parent Advisory Council under the second year leadership of President Dorothy Embree and the Parent Volunteer Program guided by Barbara Swartz both continued to enrich and support the overall school environment. Their many contributions included providing quality enrichment programs, financial assistance, and valuable support services consisting of clerical and instructional aide hours.

1989 brought those of us at Bird Middle School closer to achieving our goal of educating every child to his/her maximum potential. We

look forward to embarking into the nineties as we accept the never ending challenge to continue to meet the individual needs, interests, aptitudes and abilities of each child in this age of fiscal frenzy.

JOHNSON MIDDLE SCHOOL — 1989

As the Johnson Middle School charts its course for the 1990's, it is poised to react to the changes taking place within education. Curriculum assessment in 1989-1990 was a constant feature of our program and we have responded to the changing needs of our student body. Reading skills at the 7th and 8th grade level have become an integrated area of instruction within all curricula areas, social studies has focused on specific areas of study in geography/history and computer technology have had an added emphasis and is a daily feature of classroom instruction and application. At Johnson, the strengthening of our entire curriculum is a constant focus.

We have also been keenly interested in the process of learning and, as a staff, continue to seek better ways to instruct, expand our knowledge base about our transescent student population and respond to the diverse learning styles of the middle school learner. We are committed to being responsive to the student, the community, and the nation so that we may better prepare all of our students to be life-long learners and contributing members of society. Our goal is to maximize the potential of each child and better prepare the individual for the 21st century.

Organizationally, we will be changing. Our grade structure will be shifting from a grade four through eight model, to a five through eight sequence. Despite losing one entire grade, our (school) student body will still be around five hundred. We have spent the past year preparing for this change and will miss the spirit and vitality the fourth grade brought to the middle school.

The past year has also been a time of individual and collective achievement for our school. Students and staff have been singled out for their accomplishments and we are proud of the recognition. Specifically, we have had a number of students cited for excellence in writing, art, creativity, music and science. Ms. Susan Yesley, a fourth grade teacher, was also honored as a Sallie Mae Award winner as one of the top one hundred first-year teachers in the nation. Mr.

Thomas Monaghan, a sixth grade teacher, was awarded one of the five Horace Mann Grants available this year and he continued his excellent work with students in drama. While many of our awards have been individual, they have been the result of a collective and cooperative effort of the entire school community.

Our staff has changed somewhat over the past year. There have been some retirements, leaves of absence and a relocation, but our additions have kept the instructional excellence of Johnson a reality. Many staff continue to pursue higher degrees and as a faculty the past year has been marked by a continual quest for self-improvement.

As a school community, we have been cited by the state and federal government as one of the seven schools in Massachusetts for having a Drug Free School Program. We appreciate all of the community support we continue to receive on this most vital health topic and we will persevere in our efforts in this area.

We have tried to respond to all of the needs of our students. Over the past year parents have been most supportive. Our Parent Advisory Council under the co-leadership of Mrs. Ann LaSalle and Mrs. Linda Swenson has constantly given support and encouragement to all of our endeavors. It will remain the goal of the Johnson Middle School to cooperatively work as a school community towards excellence and to keep the overall welfare and development of the student as our guide.

WALPOLE HIGH SCHOOL — 1989

Walpole High School graduated 257 seniors in June, 1989. Eighty and two tenths percent (80.2) of the graduating class continued on to post-secondary education.

Douglas MacBride and John O'Neill were named National Merit semi-finalists, placing them in the top 50,000 students nationally. For the fifth consecutive year, the Academic Decathlon team qualified for the State Finals finishing fourth in the large school division. Nine medals were awarded to the team. Winners were John Hogan: silver — Economics, bronze — Literature; Doug MacBride and Christine McGroarty: gold — Economics. John O'Neill was the big winner for the team with five medals: gold — Economics, gold — Literature, silver — Social

Science, bronze — Science, and bronze — Fine Arts. O'Neill also won a trophy for being the top scorer in his category. Shuchi Gupta was the recipient of the Coach's medal awarded by Coach Charles Hardy.

The school received its ten-year accreditation extension in March, 1989.

Three faculty members retired concluding sixty years of dedicated service to the Walpole Public Schools: Barbara Hinds (23), Carolyn Manson (21), and Amy Jane Winchell (16).

Fourteen art students received awards at the Boston Globe Scholastic Art Show — ten Gold Keys and four Honorable Mentions. Three students were chosen for Art All-State, a 2-day seminar for 150 select and talented high school juniors. One student was awarded Honorable Mention in the Congressional Art Competition. Four students were awarded scholarships from the Walpole Arts Lottery Council to attend the Museum School High School Honors Program. Nine students were chosen to participate in Saturday morning art classes at Boston University. Of the 75 students who exhibited art work at the Codex Corporation gallery, 22 received 1st, 2nd, 3rd, and Honorable Mention ribbons.

The High School Drama Club was very active with members participating in several theater trips sponsored by the Walpole Arts Council. The club produced *Curious Savage*, as its fall production, while club members produced two student-directed one-act plays on June 9, 1989 as a culminating activity. The department combined with Music and Art to present *Hello Dolly* in front of large crowds. Preparation is underway for *West Side Story* in February.

Eleven Latin students were initiated into the National Junior Classical League Latin Honor Society as a result of maintaining an A average for three terms. Scores received in the National Latin Exam were Gold Medal — 1, Silver Medals

— 10, Magna Cum Laude — 10, Cum Laude — 7. Karen Collins was the recipient of the Walpole Junior Classical League Scholarship.

Three band students qualified for the Southeastern Jazz Band, Southeastern Concert Band and Junior SEMSBA Concert Band. The Pop/Rock Music Business course students presented two assemblies for the student body in which students in the class displayed their musical talents.

Rebel athletic teams continue to excel in the Bay State League and state-wide with seven teams qualifying for state tournament action, and five teams capturing league titles: Baseball — Division II South Sectional Runner-up; Boys' basketball — Division II South Sectional Runner-up; Girls' Basketball — Bay State League Championship, Division II South Sectional Championship and Eastern Mass. Division II Championship; Cross-Country — Bay State League Championship; Field Hockey — Bay State League Championship, Division II South Sectional Runner-up; Girls' Tennis — Bay State League Championship. Thirty-two individual athletes received Bay State League All-Star recognition.

73.9 percent of Walpole High School's parents attended the November, 1988 Parent-Teacher Conferences, the second highest total since 1979, while 72.2 percent attended the 1989 fall Parent-Teacher Conferences, the fourth highest total since 1979.

One hundred and eighty seven students received Classroom Performance Awards. These were presented to students in grades 9 through 11. Award criteria are students' understanding and acceptance of course responsibilities inside and outside of class, achievement as determined by grade, enthusiasm, effort, and consideration of others.

Eighteen students received perfect attendance awards.

FALES , LEACH & ROGERS SCHOLARSHIP AWARDS

The Fales, Leach, and Rogers Scholarship Committee has awarded forty-two scholarships

Nancy Agabian — Wellesley College
Mary Jo Carchedi — Bentley College
Christi Collins — Elms College
Karen Collins — Princeton University
Harland Cook, Jr. — University of Rhode Island
Jeffrey Cook — University of Rhode Island
Jennifer Crowell — Union College
Shawn DeRosa — Boston College
Cristin Foley — Boston College
Lisa Golden — St. Anselm College
Ann Leary — Assumption College
Nancy Lee — Stonehill College
Christine Macone — Colby College
Sheila Malloy — Clark University
Paula McColgan — University of Lowell
Gerard McElhinney — Columbia University
Kara McElhinney — American University
Kelley O’Gorman — Westfield State College
Jill Palleiko — Rhode Island School of Design
Katherine Ryan — Boston College
Amy Spicer — Wheaton College
Kristin Trudeau — Union College
Melissa Walsh — Wellesley College
Bridget Wood — Lesley College

with a total sum of \$33,817. Those receiving Fales Scholarships are:

Those receiving Rogers Scholarships are:

Colleen Cassidy — St. Anselm College
Dennis Meehan — Dartmouth College
Tracy Ryan — Fairfield University

Those receiving Leach Scholarships are:

Steve Benson — Brown University
AnnMarie Boragine — Pennsylvania State University
Nancy Cibotti — Dartmouth Medical School
LeeAnne Demers — Worcester Polytechnic Institute
Edward Dionne — Wesleyan University
Lynne Fasanello — Wellesley College
John Friedholm — Cornell University
Kristin Friedholm — Columbia University
SueAnn MacBride — Wellesley College
Kristen MacDonald — Amherst College
James Raker — Northwestern University
Ellen Rooney — Hampshire College
James Ryan — McGill University Medical School
Jennifer Sabatini — Tufts University
Michelle Weber — University of Massachusetts —
Amherst

STATISTICS FOR THE CLASS OF 1989

Walpole High School will graduate 215 students in June of 1989. Considering the total class of 258 students, 188 have made application through the guidance office for further study. The table below illustrates the placement of the class with a comparison of the placement of classes for the past five years.

	1984	1985	1986	1987	1988	1989
Four Year Private Colleges	38.3%	37.5%	38.6%	38.2%	41.8%	35.2%
Four Year State Colleges	25.6%	23.8%	24.8%	19.7%	23.4%	17.8%
Two Year Private Colleges	10.2%	7.2%	11.4%	10.8%	7.0%	6.2%
Two Year State Colleges	6.0%	5.4%	9.8%	8.1%	7.8%	17.6%
One Year Programs	1.8%	7.2%	2.0%	3.9%	1.6%	2.7%
Nursing School	1.1%	—	—	.4%	—	—
Preparatory Schools	.3%	—	—	—	.8%	.7%

This is a total of 80.2% of this year's students. For these students and for past graduates, the Guidance Department processed 1301 applications.

	1984	1985	1986	1987	1988	1989
Full Time Employment	12.8%	15.3%	11.0%	14.3%	14.3%	16.7%
Armed Services	1.5%	1.1%	1.6%	4.2%	.8%	2.4%
Undecided	2.0%	2.3%	.4%	—	2.0%	—
Travel	—	—	.4%	.4%	.4%	.7%
				18.9%	17.5%	19.8%

The following is a list of schools from which our students have received **acceptances**. The number in parenthesis represents the number of students accepted at that school. It does not mean students matriculated to that school.

TRI-COUNTY REGIONAL VOCATIONAL TECHNICAL SCHOOL DISTRICT

In July 1989 the School Committee reorganized and elected the following officers: Charles Mucciarone (Franklin) Chairman, Ernest Sandland (North Attleboro) Vice-Chairman, Omer Leclerc (Seekonk) Secretary.

The School Committee conducts its regularly scheduled meetings on the first and third Wednesdays of each month at 8:00 P.M. in the Committee Meeting Room at the school. From the beginning of November until the end of January, the Budget Sub-Committee meets on the second and fourth Wednesdays specifically for the purpose of budget development. Other sub-committee meetings are scheduled as needed.

Graduation

On June 4, 1989, 158 students were graduated in an impressive afternoon ceremony. Vice-Chairman Charles Mucciarone delivered the Address of Welcome to more than one thousand guests. Music was provided by the Southeastern Massachusetts Community Concert Band.

Mary Fleming, Director of Pupil Personnel Services, presented scholarships and awards totaling more than \$20,000 to deserving senior students. Two students received Commonwealth Scholarships for outstanding achievement: Wendy Smith of Medfield and Lisa Scannell of Medway. Walpole residents who were recipients of awards and scholarships were Kerry Webber, Dawn Gidney, Austin Morrissey, Michele Goode, Darryll Paquette and Brian Yakimowsky.

Pupil Personnel Services

In September 1989, Tri-County welcomed approximately 700 students to the new school year. Of that number seventy-one were Walpole residents.

The ninth graders embarked on their exploration of eight vocational and technical career areas. This program which truly is the best vocational evaluation known also requires students to explore areas which are nontraditional by gender. It is hoped that more students will select nontraditional areas in that any stigma which may exist for those who do will be lessened by this experience. This year women in

nontraditional positions in the work force presented a program on career options for the future.

Because we believe that career decision making is a continuous process, we administered and evaluated with each student the results of the: SRA Achievement Test — Grades 9 through 12, PSAT's — Grades 10 and 11, Armed Services Aptitude Battery Test — Grade 10, and the SAT's — Grades 11 and 12. In October, Tri-County counselors and students and their parents joined with other area towns for a Higher Education Evening with over 200 college representatives. Juniors and seniors continue to use Passport, a commercial computer-operated career guidance system located in the Guidance Office.

The Pupil Personnel Department played host to many groups in the community. Counselors from sending towns attended an evening dinner meeting regarding ASVAB testing and careers. Evening meetings were held for parents regarding the academic curriculum, alcoholism and substance abuse, college financial aid, and the special needs program. On November 28, 1989, Tri-County held an Open House for parents of Grade 8 students. Parents toured the shop areas with students guides. Hundred of parents took the opportunity to tour their vocational technical high school.

In November 1989, Tri-County sponsored two Career Days for its nine member towns. This year Grade 8 students from the sending towns had the opportunity to see and to hear career options centered on eighteen vocational and technical areas and to view the vocational technical component of Walpole's school system housed at Tri-County.

Academic Programs

The academic programs at Tri-County continue to offer multifaceted options to meet the needs of the students enrolled in the school. In fulfillment of our goal of keeping opportunities opened to students, we offer a college preparatory curriculum to students who may choose to pursue formal postsecondary education. Our other academic courses are fashioned to articu-

late with the vocational and technical programs. Recent amendments to the Federal Vocational Education Act will mandate this type of applied academic program and Tri-County is well equipped to fulfill the mandate of this law.

During the 1989-90 school year we began the implementation of an academic computer lab as one more teaching tool. One goal in using this lab is the orientation of all students to the operation of computers, conventional peripherals, and laser printers. The impact of computers on almost all of our vocational and technical programs is truly astounding and it is necessary for us to prepare our students for the future of business and industry. This is one more step that we have taken toward that end. We also view the computer lab as a teaching tool with specific applications in both remedial and compensatory education as well as advanced subjects including creative writing, physics, geometry and trigonometry.

Our Science Department this year embarked upon a unique experience for a select group of Tri-County science students—a one-week field trip to the Florida Keys to work with dolphins at Marathon Shores, Florida. This unique experience allowed students to learn about the dolphins' sea environment as well as the care and training of dolphins. Students who were selected for this trip were Heather MacIntyre of Walpole, Jennifer Traghella of North Attleboro, Chris Stevens and Jon Way of Medway, and Jill Belcher, Brandy Kingston and Karen Smutek of Seekonk.

Tri-County in its effort to serve its adult constituency continues to offer programs in conjunction with Massachusetts Bay Community College as well as the University of Massachusetts and Fitchburg State College. These colleges offer evening classes at Tri-County. These credit-granting courses are offered two nights a week and permit adults to pursue an associate or bachelors degree program or to simply partake in enrichment offerings.

This year and in the years to come, Tri-County will continue to offer its students the best and most relevant preparation for work or college.

Vocational Programs

This year as well as in past years, Tri-County provided numerous services to both individual

members of the Tri-County School District as well as the member communities which comprise the Tri-County School District. In addition to service delivery, Tri-County strives to upgrade its curriculum and equipment in an effort to stay abreast of technological advances in the machine, automotive and building trades.

The Auto Body Shop will witness this new advancement with the addition of its new down-draft spray booth. This new piece of equipment should be operative by February 1990. The new booth will provide state of the art training for Tri-County Auto Body students.

Industrial Technology embarked on a joint training venture with Texas Instruments of Attleboro. Tri-County has developed an holistic, technically-oriented curriculum to serve the needs of students who wish to provide Texas Instruments and other areas manufacturers with state-of-the-art skills to operate and service highly sophisticated manufacturing equipment. Texas Instruments has provided the direction and source of finance while Tri-County has provided the facilities and know-how.

The Plumbing Shop this year has devoted much of its time to the Medway Fire Department project. Old piping and the heating system were removed and a completely new domestic plumbing system, including sanitary drainage, was installed in the renovated Medway Fire Station. Additionally, a new heating system was also installed and put in operation throughout the newly renovated fire station.

Our Electrical Program saw its solid state and motor control curriculum be fully implemented this year and become an important part of our upperclass curriculum. Our Electrical Shop this year completed their work at the renovated Medway Fire Station as well. A complete new wiring and alarm system including fixtures and an auxiliary generator system and a new service installation were completed.

Our Masonry Department provided Medway's renovated fire station with a completely new block and brick structure. Additionally, all interior masonry work was completed by Tri-County's Masonry Department.

Students in Carpentry & Cabinetmaking guttered nearly all of the interior of the Medway Fire Station, provided new compartment and

room partitions and installed new doors and windows as well as an entire new roof.

Technical Programs

The Culinary Arts Shop has provided holiday buffets for area residents throughout the year. The dining room and bake shop continue to attract many local patrons. The Culinary Arts Department has this year accommodated two students teachers from Johnson & Wales.

Commercial Art now has multiple desktop publishing computer stations and students are learning updated methods of design on state-of-the-art equipment.

The Child Care Program continues to attract large numbers of toddlers and preschool children into their program to service the developmental needs of younger members of the Tri-County district.

Cosmetology continues to be a popular program for area students. The clinic is open to the public during the school year. Services offered include hair care, facials and manicures.

Distributive Education (Retailing & Banking) has expanded their program to include legal and medical secretarial skills. These curriculum additions offer expanded avenues of advancement to Tri-County students.

The Electronics Shop has added specialized training and consumer product service to their program of studies. This addition to the curriculum will provide additional jobs for those students interested in this field. Laser technology and computer programming are courses offered to those students going on to two and four year colleges.

Graphic Arts has provided their printing services to town halls, police and fire stations, as well as many nonprofit organizations throughout the Tri-County School District.

Evening School

Approximately 600 adults are enrolled in our evening school program. Desktop publishing, machine shop and advanced welding have been added to the program due to the increase in interest by area residents. The mandatory code review courses for licensed electricians will be held in 1990 for those licensed electricians required to update their skills. Area adults may

obtain the necessary skills and hours to become eligible for a Massachusetts license in cosmetology, manicuring and esthetics in the evening program.

Athletics

A full range of athletic opportunities are available to Tri-County students. This year sports being offered for the Fall and Winter months are football, volleyball, cross country, soccer, boys and girls basketball, and wrestling. During the Spring baseball, softball, and track will be offered.

During the 1989-90 school year, Tri-County's athletic teams continue to demonstrate an improved presence in the Mayflower League Small School Divisions. Tri-County's football team set a school record for most victories in a season. The volleyball team qualified for post season play in the state tournament and the soccer team looked increasingly competitive during their season. All sports have shown a high level of student participation and an increased awareness of the many benefits of being a student athlete at Tri-County. Along with the larger number of students involved in sports, we have seen increased numbers of parents working in the Boosters Club helping to support and promote athletics at Tri-County.

We saw the completion of the construction of our new baseball field after many years of planning and look forward to many victories in the years ahead. It is the goal of the athletic program to continue to upgrade and recruit and provide the best programs possible for our student athletes.

Student Activities

Tri-County offers many activities for students who participate either during or after school. Two ongoing vocational student organizations are V.I.C.A. and D.E.C.A. The Vocational Industrial Clubs of America sponsors contests in over forty vocational skill areas nationwide, while the Distributive Education Clubs of America sponsor contests in all aspects of retail marketing.

Tri-County's Student Council has been very active this year both in attending meetings at the Central Regional Office of the State Department of Education as well as attending Tri-County School Committee meetings and advis-

ing both on the issues and concerns of the student body.

Of great success and of note this year was the Spring of 1989 trip by Tri-County students to Phoenix, Arizona to participate in an exchange program with Eskimo students and American Indian students. This year also witnessed Tri-County students visiting the Soviet Union. The four students who participated in that program were Michelle Gupton of Medway, Alyssa D'Innocenzo also of Medway, David Wallace of Millis, and Brian Yakamosky of Walpole. These students spent ten days in the Soviet Union speaking with Soviet students and visiting various cities within the Soviet Union to learn more of the culture of that nation. This trip represented the first in what may be a series of trips and exchanges by Soviet and American students. Tri-County will be sending representatives in the Spring of 1990 to the Soviet Union to develop a permanent working relationship

with our counterparts in that country and to develop guidelines for future exchange programs. TriCounty was the first vocational school in the nation to undertake such an exchange program.

Our student exchange and leadership programs as well as our V.I.C.A. and D.E.C.A. organizations offer Tri-County students many opportunities to participate in programs that promote vocational and academic excellence as well as training and leadership essential to their future success.

Summary

As we move into 1990 and continue to provide the best in educational needs to our students, we wish to thank the District residents for their support and cooperation. We intend to maintain in the future the high educational standards that have earned Tri-County that support in the past.

PUBLIC LIBRARY

STAFF:

Director, Jerry Romelczyk
Administrative Assistant, Dorothy Wronski
Technical Services Librarian, Michael Wofsey
Reference Librarian, Norma Jean Cauldwell
Children's Librarian, Ruth Mahan
Assistant Children's Librarian, Leslie Loomis

Closed Saturday during July and August

Services:

Children's books, records, videos, cassettes — Children's room Apple computer — Programming and story hours — Fiction & non-fiction — Newspapers & magazines — Books-on-tape — Videos — Records, cassettes and compact discs — Large-print books — Literacy referrals — Home-bound deliveries — Reference services in person or by phone — Job-hunting information — School & college planning information — Medical information — Consumer information — General research information — Business information — Investing information — Best-sellers — Copying machines — Back issues of newspapers and magazines — Computerized data-bases — Public access microcomputers — Public typewriter — Microfilm reader-printer — Common meeting room — Tax forms — Young adult services — Local history collection — Art displays —

Educational displays and programs of interest
— and more.

1989 has been another year of explosive growth in the use of the library (14%) and growth in the range of services that we offer. Highlights included:

- Doubling of children's programming to 4 story hours per week.
- Establishment of a YA department with funding provided through a LSCA Title III grant and the state Board of Library Commissioners.
- Receipt of a state competitive reference grant which provided funds to bolster our reference services. This grant also was administered through the state Board of Library Commissioners.
- Beginning of cooperative program with the Walpole Times to index the local newspaper.
- Expansion of the library's computer based services.
- Opening of handicapped accessible entrance and restroom.

Special thanks to:

Volunteers: Mary Locke, Tom Doran, Carol Kingsbury, Friends of the Library.

and the many other people of the community who contributed their time, effort and good will to the library.

TOWN PLANNING

PLANNING BOARD

The Planning Board meets on the first and third Thursday of each month, in addition to special meetings as required. Twenty-five meetings were held this year, with over 135 appointments for business.

Even though a general slowdown in the housing construction industry was evident in 1989, the Planning Board still had an active year reviewing subdivision plans. The following table illustrates the number and type of subdivision plans the Planning Board acted upon over the past year:

Type of Plans	# of Plans Submitted	# of Lots Proposed	# of Plans Approved	# of Lots Approved
Preliminary	20	498	20	498
Definitive	11	123	5*	57

*One (1) plan was disapproved in 1989. Five (5) plans are pending approval as of December 31, 1989.

Filing fees for these subdivision totalled \$29,570. The Board also reviewed and acted on 33 Form A (Approval not Required) plans, collecting \$575 in fees for their review.

Several changes to the Zoning By-Law and map were proposed and/or reviewed by the Planning Board in 1989. At the Spring Town Meeting, the former "Bird Estate" in East Walpole was re-zoned from Limited Manufacturing to Residence A. At the Fall Town Meeting, an Open Space Residential Development by-law was adopted. Under its provisions, minimum lot sizes on eligible tracts of land in Rural and Residence A zoning districts will be allowed to be reduced, in exchange for the permanent protection of the resulting open space. The number of lots allowed in such developments cannot

exceed the number that can be reasonably expected under their conventional development. Following through on recommendations contained in the Master Plan Update of 1985, other changes to the by-law included the elimination of "80% Lots", the elimination of "use variances", and the establishment of Special Permit criteria for common driveways. Changes to the Subdivision Rules and Regulations included the imposition of review fees for preliminary and Form A plans and the refinement of design criteria for retention and detention basins, and the strengthening of language pertaining to performance guarantees.

The Board directed Mr. Douglas Landry, Town Planner, to complete the background research necessary for the by-law and regulation changes. Mr. Landry also completed several other planning related projects for the Board.

In May, Mr. Thomas Driscoll and Mr. Gavin Viano were elected as the newest members of the Planning Board. Subsequently, an organizational meeting was held to elect the following officers:

James Dugdale, Chairman
David Kearney, Vice Chairman
Gavin Viano, Clerk

Mrs. Elizabeth R. Nashawaty is the fifth member of the Planning Board.

A busy 1990 is ahead of the Planning Board. In order to hear vital public input, and to provide opportunities for citizens to gain a better understanding of planning, the Board encourages residents to attend each meeting. All Planning Board meetings are open to the public.

BOARD OF SEWER AND WATER COMMISSIONERS

The Board of Sewer & Water Commissioners was established in 1973. This Commission consists of five members elected to staggered terms of three years.

In May, William Abbott was reelected Chairman of the Board, and Francis Farinacci was reelected clerk. The remaining members of the Board were Robert Barrett, Patrick Fasanello, and Edward Delaney (until May) and Thomas Bowen (since May). In the May elections, Thomas Bowen was elected to a three term position.

The problem of low levels of volatile organic contamination in the Washington Street Wells continued. As the year ended the State DEP finally ordered the Metal Bellows Corporation of Sharon to start the clean up of the contamination. Toward this end, the necessary plumbing changes were made, a concrete pad to accept a granulated activated charcoal (GAC) unit, and the GAC unit was ordered. The GAC unit should be in service in early 1990.

Once again a limited outside water ban was imposed to protect against possible shortages. The Town continued to make progress towards correcting this problem. The Town Meeting appropriated \$608,000 to design and construct a new well to be known as Neponset Well Number 1. As the year ended the contract to design the well had been awarded and the bid process to install the well had started. In addition a prolonged pump test was very successful, showing that it will produce 1 million gallons of

water per day. We expect that a well will be installed at this site in the coming year.

The construction of the Phase 2 Sewer Project was completed. Future sewer projects, specifically Phase 3 (Eldor Drive area) have been delayed due to the State's fiscal crisis—this sewer project is predicated on a 50% state grant.

The proposed Septage Waste Receiving Facility off Robbins Road was also delayed by the State's fiscal problems. It is hoped that this project will finally get underway in 1990 as the old facility off Elm Street has been closed. The Town's septage waste haulers are using the Medway facility under a temporary agreement.

The Board voted to leave the water rates at \$15.50 per 1000 cubic feet and voted to increase the sewer rate and to have a split rate. The new sewer rates are \$16.00 per 1000 cubic feet for non-industrial users and \$25.30 per 1000 cubic feet for industrial users (usage is determined based on 80% of water consumption). As the Town's finances tighten and the MWRA sewer assessment skyrockets, it has become evident that the water and especially the sewer rates are going to increase dramatically in the coming years.

The Board would like to express its appreciation to the Assistant Town Administrator, the DPW Director, the Water & Sewer Superintendent, and our Board Secretary for their assistance during the past year.

HOUSING AUTHORITY

The Walpole Housing Authority offices are located at 8 Diamond Pond Terrace and are open Monday - Friday 9:00 a.m. to 5:00 p.m. The Board of Commissioners meet regularly in the Community Room at Diamond Pond Terrace at 7:30 p.m. on the first Monday of each month.

The following is offered by way of explanation of the various housing programs available

to the townspeople through the Walpole Housing Authority. The Authority administers three state-aided programs and one federally-aided program as follows:

1. Chapter 667 — Elderly Conventional Housing: 118 units located at Neponset View Terrace and Diamond Pond Terrace. These apartments are owned by the Authority and leased to eligible tenants

for an affordable 25% of their adjusted gross income. All utilities are included in the rent as well as all maintenance. All apartments have one bedroom.

2. Chapter 705 — Family Conventional Housing: A small program of 12 units of 2 and 3 bedroom size. These units are also owned by the Authority and are leased at the rate of 17% of gross adjusted income. The tenants pay for all utilities and are encouraged to do minor maintenance, yard care and snow shoveling.
3. Chapter 707 — Rental Assistance Program: 40 Certificates. This program allows eligible applicants, who are at the top of the waiting list when a certificate becomes available, to find an apartment in the town of Walpole which meets the standards of the program. The method of calculating the tenant's share of the contract rent is based on 25% of the tenant's adjusted gross income less an allowance for any utilities paid by the tenant. The Authority subsidizes the difference between the contract rent and the tenant's share and pays it directly to the landlord. The State has recently changed the Tenant Selection Regulation for this program to allow priorities to be granted to the homeless, provided all priority applications are accompanied by complete third-party documentation and that the homelessness is through no fault of the applicant.
4. Section 8 — Rental Assistance Program: 66 Certificates. This program is very similar to the 707 program but is funded by the Federal Government. Because of this, the regulations differ and the tenant's share of the contract rent is based on 30% of the gross adjusted rent less a utility allowance where applicable. Other differences include the method of calculating rents, eligibility requirements, particularly the maximum amount of income an applicant may receive. The Federal Program is geared to very low income people and thus the maximum income allowed is less than that on the state program.

The procedures for all programs is similar. A person obtains an application from the Housing Authority office, completes it and files it. Those

who meet the eligibility requirements are placed on a waiting list. When an applicant's name reaches the top of the list, either a unit in our conventional housing programs or a certificate, entitling them to look for an appropriate apartment, is offered to them depending on the program for which they had applied.

In July of 1989 the Board Members welcomed Mrs. Ann Bruce as the newly appointed State member to the board. Ann is enthusiastic about her new appointment and the board is looking forward to working with her.

Also in July of 1989, the Executive Office of Communities & Development, the Office of the Comptroller and the State Treasurer determined the disposition of funds deposited by the Walpole Housing Authority in the Bond Sinking Fund. These monies were acquired through the sale of the Authority's Chapter 200 Veteran's housing many years ago. The Town of Walpole received \$482,303. Although the Town was encouraged to use these funds for local housing efforts, the short-fall in local aid necessitated the use of this money by the town in other areas.

The grant which the Housing Authority had received in 1988 to construct congregate elderly housing and additional family housing units was recalled during 1989 because of the unavailability of funding at the State level. Many authorities, who had received grants during the 1988 funding round were allowed to proceed. The main reason that Walpole funds were recalled was the inability of the Authority to secure an appropriate affordable site. The Authority is presently attempting to find a piece of town-owned land and hopes that it will be ready to present a request at a future Town Meeting to transfer the land to the Housing Authority. Should the Authority be successful in obtaining a site, when funds become available again, they would be able to re-apply and have a much better chance of succeeding in obtaining a grant with a site already in their possession.

The Board would, once again, like to extend their appreciation to the staff, who do such an excellent job of running the Authority, and to the many town boards and departments, particularly the Fire and Police Departments, the Council on Aging and the Walpole Visiting Nurse Association, and to all who assist the Housing Authority in so many ways during the course of the year.

FINANCES

FINANCE DEPARTMENT

I am pleased to submit my first annual report as Finance Director. This past year was the first year the three individual departments of Treasurer, Collector, and Accountant were consolidated into one Finance Department. The consolidation of these three offices has improved the efficiency and productivity of the Town's collections, cash flow management, and internal controls.

Revenues increased substantially from last fiscal year: the collection of Motor Vehicle Excise was up 23%, the collections of interest and penalties on delinquent taxes increased 43%, 98% of outstanding Real Estate Tax was collected, and an increase of 73% in earnings on invested cash. A combination of these increases accounted for a substantial portion of this years free cash figure. The improved cash management kept the Town from borrowing in anticipation of tax revenues.

I would like to express my thanks to the citizens of the Town of Walpole for their continued support, and to all of my staff for the tremendous job they do throughout the year.

TOWN ACCOUNTANT

I am pleased to submit the following audited financial report (on the next two pages) for the Town of Walpole's fiscal year ending June 30, 1989. This report would include all Fund types including Special Funds. Anyone who wishes to review a more detailed report on Special Funds may do so at the office of the Accountant.

The report also includes action taken to date for fiscal year 1990. It should be noted that audited financials do not recognize short term borrowing therefore it appears that a deficit exists in the Capital Fund Balance. The short term borrowing ending balance F.Y. 89 was: \$2,499,856.

Changes in General Obligation Bonds Payable

The following is a summary of bond transactions of the Town for the year ended June 30, 1989, (in thousand of dollars):

Long-term debt July 1, 1988	\$ 3,950
New Bond issues	2,183
Bonds retired	(770)
Long-term debt, June 30, 1989	<u>\$5363</u>

The following is a summary of long-term debt at June 30, 1989 (in thousands):

	Original Amount	Interest Rate	Date of Issue	Date of Maturity	Total Long-Term Debt

FINANCE COMMITTEE

The Finance Committee is comprised of fifteen members. The members are appointed to their positions by the Town Moderator. Members of the Finance Committee serve for three year terms, with five members being appointed or reappointed every year.

The Finance Committee reviews all articles on the Town Warrant and makes it's recommendations to Town Meeting. In addition, the Committee reviews all of the Town's budgets for the Spring Annual Town Meeting. The Finance Committee meets at Town Hall at 7:30 p.m. on most Monday and Thursday nights in the Spring. A Public Hearing is held before the Spring

Annual Town Meeting on the budgets. It should be noted, however, that all meetings of the Finance Committee are open to the public. Rarely, does the finance Committee meet in executive session.

The charges of the Finance Committee are broad based and provides members with a very good working knowledge of government and municipal finance in particular.

If a Citizen is interested in getting a broad based education in local local government, membership on the Finance Committee is a great place to start.

BOARD OF ASSESSORS

We herewith submit our annual report for the year 1989. The statistics for the Fiscal Year 1990.

Parcel Type	Number Parcels	Assessment
Residential Parcels	6,934	1,333,330,300
Open Space Parcels	52	1,182,100
Commercial Parcels	331	152,273,700
Industrial Parcels	247	95,158,100
Personal Property		
Accounts	315	28,557,800
Exempt Parcels	406	122,072,400
	8,285	\$1,732,574,400

* * * * *

Total Tax Levy	\$16,290,740.45
Other Revenue Sources	\$13,577,405.65
Total Receipts	\$29,868,146.10

The assessing office is one of complex and diversified duties. The main priority of the assessing office is to produce tax revenue for the Town's operating expenses.

There are three main sources of tax revenue, real estate, personal property and motor vehicle taxes.

This year we successfully completed a town wide revaluation for the fiscal period 1990. The dual tax rate was voted by the Board of Selectment for the first time. Residential rate \$9.80 per thousand. Commercial/Industrial rate \$11.64 per thousand.

The Town of Walpole lost two devoted employees in 1989. Robert A. Cobb, retired after serving as an assessor from 1957 to 1989 and as chairman of that elected office from 1974 to 1984. Our sincere thanks to Bob for all he has done for the Town of Walpole.

Peter L. Turco, Chairman of the Board for the past five years died on April 13, 1989. We will all miss Peter, he was a valuable asset to the Town. Our deepest sympathy to his widow Mary and his family.

The Board consist of three members who are elected in May. The Board meets every Wednesday evening at 7:30 P.M. Please call in advance for appointments.

GROSS SALARIES, TOWN EMPLOYEES

Printed below are the gross salaries of town employees for 1988. The information was obtained from the treasurer's computer run and should be accurate. We would like to stress that these are not necessarily straight time earnings and may include overtime, stipends for extra duties, and in some cases income from more than one department.

TOWN MEETING ABSTRACTS

SPECIAL TOWN MEETING WARRANT

TOWN OF WALPOLE

COMMONWEALTH OF MASSACHUSETTS

BOARD OF SELECTMEN

S/ Joanne F. Damish

S/ Paul A. Palermino

S/ William T. Hamilton

S/ Joseph P. Germano, Jr.

S/ John J. Hamilton

Norfolk, ss:

To any Constable in the Town of Walpole:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of the Town of Walpole, qualified to vote in the elections and town affairs, to meet in the Auditorium of the Eleanor H. Johnson Middle School Building in said Walpole on the

Last Monday in February, 1989, it being the twenty seventh day of said month, at 7:30 p.m.

in accordance with the Charter of the Town, then and thereto to see if the Town will vote to amend the By-Laws and Zoning By-Laws of said Town and to act on the following articles:

ARTICLE 1. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to defend the Town of Walpole's position in opposition to the Massachusetts Water Resources Authority Residuals Management selection of the South Walpole site or do or act anything in relation thereto.

(Petition of Board of Selectmen)

ARTICLE 2. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to retain an architect to conduct a Space Needs Study for additional classrooms for the School Department or do or act anything in relation thereto.

(Petition of the Permanent Building Committee)

ARTICLE 3. To see if the Town will vote to appropriate, borrow and/or transfer a supplemental sum of money for the FY89 Town Counsel operating budget no. 3 or do or act anything in relation thereto.

(Petition of Board of Selectmen)

And you are hereby directed to serve this warrant by posting attested copies thereof in at least two public places in each precinct in said town not less than fourteen days before the day appointed for said meeting.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk before the day set for said meeting.

Given under our hands and the seal of the Town this seventh day of February, in the year one thousand nine hundred and eighty-nine.

A true copy:

Attest: Armando J. Betro

Constable of Walpole

By virtue of the within warrant, I have notified the inhabitants of the Town of Walpole qualified to vote in elections and town affairs, to meet at the time and place for the purpose mentioned in said warrant by posting attested copies thereof in at least two public places in each precinct of said town not less than fourteen days before the day appointed for said meeting.

Armando Betro

Constable of Walpole

There being no further business to come before this Special Town Meeting, it was moved, seconded and voted that this meeting be dissolved, the Moderator so declared at 10:50 P.M.

Louis E. Hoegler
Town Clerk

ANNUAL TOWN MEETING WARRANT

Spring Session

TOWN OF WALPOLE

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To any Constable in the Town of Walpole:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of the Town of Walpole, qualified to vote in elections and town affairs, to meet in the Auditorium of the Eleanor N. Johnson Middle School Building in said Walpole on the

**First Monday in April, 1989, it being the
third day of said month, at 7:30 p.m.**

in accordance with the Charter of the Town, then and there to see if the Town will vote to amend by By-Laws and Zoning By-Laws of said Town and to act on the following articles:

ARTICLE 1. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow in anticipation of the revenue for the twelve-month period beginning July 1, 1989 in accordance with General Laws, Chapter 44, Section 4, and acts and amendments and to renew any note or notes as may be given for a period of less than one year in accordance

with General Laws, Chapter 44, Section 17.
(Petition of the Board of Selectmen)

ARTICLE 2. To hear and act on the report of any committee or to choose any committee the Town may think proper and transact any other business that may legally come before the Town.
(Petition of the Board of Selectmen)

ARTICLE 3. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to defend the Town of Walpole's position in opposition to the Massachusetts Water Resources Authority Residuals Management selection of the South Walpole site or do or act anything in relation thereto.
(Petition of Board of Selectmen)

ARTICLE 4. To see if the Town will vote to appropriate a sum of money to engage a Certified Public Accountant or firm of accountants to audit all the accounts of the Town in accordance with Article VI, Section 10-B of the Walpole Home Rule Charter, or do or act anything in relation thereto.
(Petition of Board of Selectmen)

ARTICLE 5. To see if the Town will vote to approve the amendments to the Personnel By-Laws.
(Petition of the Personnel Board)

ARTICLE 6. To see if the Town will approve the new pay schedule as recommended by the Personnel Board.
(Petition of the Personnel Board)

ARTICLE 7. To see if the Town will vote to appropriate a sum of money to defray certain salary expenses as recommended by the Personnel Board in the new salary schedule.
(Petition of the Personnel Board)

ARTICLE 8. To see if the Town will vote to fix the salary and compensation for elected officials of the Town as provided for by the General Laws, Chapter 41, Section 108, for their services for the fiscal year commencing July 1, 1989 and to see what sum of money the Town will appropriate or transfer from available funds to defray departmental and incidental expenses of the Town for the fiscal year commencing July 1, 1989, not otherwise provided for.
(Petition of the Board of Selectmen)

ARTICLE 9. To see if the Town will vote to appropriate a sum of money for Veterans' pensions under Chapter 32, Section 59A of the Massachusetts General Laws.
(Petition of the Board of Selectmen)

ARTICLE 10. To see if the Town will vote to appropriate a sum of money to print the 1988 Town Report.
(Petition of the Board of Selectmen)

ARTICLE 11. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to engage an appraisal firm to update all real and personal property for Fiscal Year 1991, in accordance with Chapter 419 of the acts of 1982, or do or act anything in relation thereto.
(Petition of the Board of Assessors)

ARTICLE 12. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money for a salary increase for the Chairman of the Board of Assessors.
(Petition of the Board of Assessors)

ARTICLE 13. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to supplement the FY89 insurance and employer benefits budget for group health insurance or do or act anything in relation thereto.
(Petition of the Board of Selectmen)

ARTICLE 14. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to make capital improvements to certain municipal buildings, or do or act anything in relation thereto.
(Petition of the Board of Selectmen)

ARTICLE 15. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to resurface and reconstruct certain streets, and sidewalks, or do or act anything in relation thereto.
(Petition of the Board of Selectmen)

ARTICLE 16. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to purchase equipment for the Department of Public Works, or do or act anything in relation thereto.
(Petition of the Board of Selectmen)

ARTICLE 17. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to purchase and/or refurbish equipment for the Fire Department, or do or act anything in relation thereto.
(Petition of the Board of Selectmen)

ARTICLE 18. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to purchase classroom furniture and/or other equipment for the School Department, or do or act anything in relation thereto.
(Petition of the School Committee)

ARTICLE 19. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to purchase vehicles and equipment for the police department, or do or act anything in relation thereto.
(Petition of the Board of Selectmen)

ARTICLE 20. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to construct and/or reconstruct certain sidewalks, or do

or act anything in relation thereto.

(Petition of the Sidewalk Commission)

ARTICLE 21. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to construct storm drains and appurtenances, or do or act anything in relation thereto.

(Petition of the Board of Selectmen)

ARTICLE 22. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money for renovations and additions to the Boyden School or do or act anything in relation thereto.

(Petition of the Permanent Building Committee)

ARTICLE 23. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to replace the Eleanor Road Sewer Pump Station or do or act anything in relation thereto.

(Petition of Sewer and Water Commissioners)

ARTICLE 24. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to construct Mine Brook Well No. 4 and connect said well to the Willis Treatment Plant or do or act anything in relation thereto.

(Petition of Sewer and Water Commissioners)

ARTICLE 25. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to construct Neponset Well No. 1 and connect said well to the distribution system or do or act anything in relation thereto.

(Petition of Sewer and Water Commissioners)

ARTICLE 26. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to locate and establish a D.E.Q.E. approved well site in the Mine Brook Area, to be known as Mine Brook Well No. 6 or do or act anything in relation thereto.

(Petition of Sewer and Water Commissioners)

ARTICLE 27. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to replace and/or clean and line a water main and appurtenances on Common Street or do or act anything in relation thereto.

(Petition of Sewer and Water Commissioners)

ARTICLE 28. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to repaint the South Walpole water tank or do or act anything in relation thereto.

(Petition of Sewer and Water Commissioners)

ARTICLE 29. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to upgrade the Willis Treatment Plant, including the construction of a clean well or do or act anything in relation thereto.

(Petition of Sewer and Water Commissioners)

ARTICLE 30. To see if the Town will vote to propose the following amendment to the Town Charter, said proposed amendment to be submitted to the voters for approval in accordance with Massachusetts General Laws C43B:

1. Section 3-10 Board of Sewer & Water Commissioners: Amend the last sentence of the last paragraph from "The Board of Sewer and Water Commissioners shall assign all work and maintenance projects to the Town Administrator for performance" to "The Board of Sewer and Water Commissioners shall assign all work and maintenance projects to the Superintendent of Sewer and Water."

2. Section 4-3 Powers and Duties: Amend Paragraph (J) from "He shall negotiate and award contracts subject to the approval of the Board of Selectmen involving any subject within his jurisdiction, including all contracts relative to Sewer and Water Projects" to "He shall negotiate and award contracts subject to the approval of the Board of Selectmen involving any subject within his jurisdiction, except all contracts relative to Sewer and Water Projects."

3. Section 4-3 Powers and Duties: Deletion Paragraph (O) in its entirety.

(Petition of the Board of Sewer and Water Commissioners)

ARTICLE 31. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to enable an engineering firm to design a water treatment plant for the School Meadow Brook and Neponset Aquifers, or do or act anything in relation thereto.

(Petition of Sewer and Water Commissioners)

ARTICLE 32. To see if the Town will vote to appropriate the sum of \$10,000 for improvements to the Memorial Park Area.

(Petition of the Recreation Committee)

ARTICLE 33. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to design and construct multi-purpose playing fields at the Boyden School, or do or act anything in relation thereto.

(Petition of the Recreation Committee)

ARTICLE 34. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to make repairs to the Johnson Middle School tennis courts or do or act anything in relation thereto.

(Petition of Recreation Committee)

ARTICLE 35. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to purchase a new elderly van for the Council on Aging or do or act anything in relation thereto.

(Petition of Council on Aging)

ARTICLE 36. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to make handicap renovations to a municipal pool and

playground or do or act anything in relation thereto.
(Petition of Board of Selectmen)

ARTICLE 37. To see if the Town will vote to authorize the Boards of Selectmen to release the encumbrance on LCC no. 38940 listed as no. 53 in the Order of Taking dated January 27, 1988, and filed for registration as Document no. 539318 in the Registered Land Section of the Land Court, replace the citation in the Order with LCC no. 72074, Book 253, Page 90 and to release the encumbrance on LCC no. 38940 listed as no. 81 in the Order of Taking dated January 27, 1988 and filed for registration as document no. 539318 in the Registered Land section of the Land Court, replace the citation in the order with LCC no. 111342, Book 557, Page 142 and record a release or declaration to this effect, for not less than \$1.00 in the land records.
(Petition of Board of Selectmen)

ARTICLE 38. To see if the Town will vote to appropriate, borrow, and/or transfer a sum of money to cover the costs of funding the agreement between the Town of Walpole Permanent Fire Fighters Association for the period of July 1, 1988 to June 30, 1990 or do or act anything in relation thereto.
(Petition of Board of Selectmen)

ARTICLE 39. To see if the Town will vote to accept the provisions of Massachusetts General Laws, Chapter 41, Section 108L, providing for a career incentive pay program for regular full time police officers, or do or act anything in relation thereto.
(Petition of Board of Selectmen)

ARTICLE 40. To see if the Town will vote to codify all by-laws, special acts and general laws adopted by the Town to be known as the Municipal Code of the Town of Walpole, and to hereby adopt such code, or take any action relevant thereto.
(Petition of Board of Selectmen)

ARTICLE 41. To see if the Town will vote to amend its by-laws, Article VI, Finance Committee, Section 7, by deleting the words "the Town Accountant", and substituting with the words "the Finance Director" as it relates to serving as a member ex-officio of the Finance Committee or do or act anything in relation thereto.
(Petition of the Finance Committee)

ARTICLE 42. To see what disposition the Town will make of the unexpended balances in certain specified accounts.
(Petition of the Finance Committee)

ARTICLE 43. To see if the Town will vote to appropriate a sum of money for the Stabilization Fund.
(Petition of the Finance Committee)

ARTICLE 44. To see if the Town will vote to amend its Zoning by-law by adding the following section:

Section 11 – Open Space Residential Development

An "Open Space Residential Development" shall mean a single family residential development in which the houses are clustered together into one or more groups on the lot and each group separated from one another and adjacent properties by permanently protected open space.

Open Space Residential Developments shall be permitted in the Rural and Residence A Districts only upon issuance of a Special Permit by the Planning Board, with subsequent Subdivision Approval from the Planning Board, as specified in M.G.L. Chapter 40A, Section 9. Open Space Residential Developers shall not be permitted in Areas 1 and 2 of the Water Resource Protection Overlay District.

A. PURPOSE AND INTENT

The purpose of Open Space Residential Development is to permit greater flexibility and creativity in the design of residential subdivisions, provided that the overall density of the development is no greater than what is normally allowed in the district, ultimately resulting in:

1. more economical and efficient use of residential land than may be accomplished through conventional subdivision development;
2. the permanent preservation of open space for the protection of the Town of Walpole's existing character of the landscape, groundwater supply, floodwater storage capacity, woodlands, wetlands, agricultural lands, wildlife habitat, conservation and recreational opportunities; and
3. the maintenance of the traditional New England rural character and land use pattern in which small villages contrast with open space and farm lands.

B. APPLICABILITY AND REQUIREMENTS

Any provision of Section 4 of this by-law to the contrary notwithstanding, the following standards shall be used as additional requirements in the Special Permit process for all Open Space Residential Developments:

1. The development shall include single family dwellings only.
2. The minimum land required for Open Space Residential Development shall be ten (10) contiguous acres held in single ownership or control at the time of application.
3. Each lot shall have adequate access on a public or private way.

Conservation Commission. Such boards and departments shall, within 35 days from date of receipt of the application materials, file their written recommendations on the proposal with the Planning Board. If no such recommendations are filed within 35 days by any such board or department, the Planning Board shall deem such board or department to have no recommendations on the application.

3. The Planning Board shall hold a public hearing and shall render a decision on an application in accordance with the provisions of M.G.L. Chapter 40A, Section 9 and Section 11. Approval of the Special Permit to allow the construction of an Open Space Residential Development shall be granted by the Planning Board only upon determination that the plan is in harmony with the general purpose and intent of this section of the Zoning By-law and that it is designed in such a manner as to make it sufficiently advantageous for the Town of Walpole to depart from the requirements of this By-law otherwise applicable to the residential districts in which the Open Space Residential Development is to be located.

4. The Planning Board approval of a Special Permit under this section of the Zoning By-law shall not substitute for compliance with the Subdivision Control Act nor oblige the Planning Board to approve a related Definitive Plan for subdivision, not reduce any time periods for Planning Board consideration under that law. A Definitive Plan designed under an approved Special Permit for Open Space Residential Development, shall be in substantial conformity with all plans under which such approval was based.

(Petition of the Planning Board)

ARTICLE 45. To see if the Town will vote to amend its Zoning By-law by deleting the current Section 7 in its entirety and substitute with a new Section 7 as follows:

SECTION 7 Site Plan Review

7-A: Purpose

In all districts no building shall be constructed or externally enlarged and no use shall be expanded in ground area or established in an existing building which use is more intensive than the existing use, except in conformity with a site plan hearing and endorsement of approval by the Zoning Board of Appeals. The site plan will consider:

1. the purpose and intent of these regulations.

2. coordination with and improvement of systems of vehicular and pedestrian access, drainage, water supply, sewage disposal, lighting, landscaping, wetlands, water courses, buildings and other features that support the neighborhood; and

3. protection of the public health, safety, welfare,

property values and the environment.

7-B: Applicability

A proposed use shall be deemed more intensive than the existing use if the proposed use:

1. will have more pedestrian or vehicular traffic than the existing use; or

2. will have more employees than the existing use; or

3. will need more parking spaces as required by Section 5 of these by-laws; or

4. will make use of a greater percentage of the lot area than the existing use; or

5. is a use which is permitted as a matter of right in a district which is lower in the order of restrictiveness (Section 2-A) than the existing use is permitted as a matter of right; or

6. would require a special permit in the district in which the existing use is permitted as a matter of right,

so as to substantially effect the immediate neighborhood.

Site plan approval shall not be required for single family, two-family, or three-family homes, including additions or enlargements, if they are permitted in the district in which the property is located as a matter of right.

7-C: Procedure

Any person desiring approval of a site plan under this Section shall submit four (4) copies of said plan with application for approval thereof, including a Town of Walpole Development Impact Statement, directly to the Zoning Board of Appeals. The Board shall, within ten (10) days after the receipt thereof, transmit one (1) copy to the Conservation Commission, one (1) copy to the Planning Board and one (1) copy to the Engineering Department. Said agencies shall, in their discretion, investigate the case and report in writing, their recommendations to the Zoning Board of Appeals.

The Zoning Board of Appeals shall not take final action on such plan until it has received reports thereon from said agencies or until said agencies have allowed thirty-five (35) days elapse after receipt of such plan without submission of a report thereon.

In exercising its jurisdiction under this section, the Board of Appeals shall confirm to all requirements of procedure applicable to a Board of Appeals when deciding requests for special permits under Massachusetts General Laws, as amended (including the requirements thereof for public notice and hearing).

7-D: Drawing Requirements

Plans subject to Site Plan Review shall:

- be prepared by a Registered Architect, Landscape Architect, Professional Engineer, or Registered Land Surveyor, if required by the Board of Appeals; and
- be prepared at a scale of no greater than 1"=40'; and
- show all existing and proposed buildings;
- show all existing and proposed contour elevations; and
- show all existing and proposed structures, parking spaces, driveway openings and driveways within a 200 foot radius of the development, service areas; and
- show all surface water drainage (with attached surface water drainage calculations if required), wetlands, surface water, areas subject to the 100 year flood; and
- show all rights of way, easements, and other legal restrictions; and
- show all District Zoning Boundary Lines and show all Districts Lines; and
- show all existing and proposed dimensional regulations; and,
- show all existing and proposed landscape features such as trees, shrubs, fences, walls, planting areas, walks and lighting; and
- shall conform to the rules and regulations of the Architectural Access Board; and
- show other information or data necessary for proper review.

The site plan shall also show the relation of the above features to adjacent ways and properties, and contain a locus map at a scale of not greater than 1"=2,000'. The site plan shall also show all contiguous land owned by the applicant and/or by the owner of the property.

7-E: Access and Circulation

Provisions shall be made for vehicular access to the lot and circulation upon the lot in such a manner as to safeguard against hazards to pedestrian and vehicular traffic in the street and to provide safe and convenient circulation in the street and upon the lot. Access and circulation shall also conform to the following:

1. Where reasonable alternate access is available, the vehicular access to the lot shall be arranged to avoid

traffic use of local residential streets situated in or bordered by residential districts.

2. Where a lot has frontage on two (2) or more streets, the Board of Appeals may require that the access to the street where there is lesser potential for traffic congestion and for hazards to traffic and pedestrians.

3. Where necessary to safeguard against hazards to traffic and pedestrians and/or to avoid traffic congestion, provision shall be made for turning lanes, traffic directional islands, driveways and traffic controls within the streets.

4. Access driveways shall be of a design and have sufficient capacity to avoid queuing of entering vehicles on any street.

5. Driveways into the lot shall have proper grade and alignment as well as transition grades and sight distances for safe, convenient and efficient access, and shall meet the street right-of-way line and travel way of the street in such a manner as to conform to the standard cross section for the street as determined by the Director of the Department of Public Works and the Board of Appeals.

6. Where topographic and other conditions are reasonably useable, provision shall be made for circulation driveway connections to adjoining lots of similar existing or potential use: 1) when such driveway connection will facilitate fire protection services and/ or 2) when such driveway will enable the public to travel between two existing or potential uses, open to the public generally, without need to travel on a street, all of the above being subject to the approval of the adjoining lot owner.

7. There shall be no more than one (1) driveway connection from any lot to any street, except that: 1) separate entrance and exit driveways may be provided where necessary to safeguard against hazards and to avoid congestion and 2) additional driveway connections may be provided, particularly for, but not limited to large tracts and uses of extensive scope, if traffic flow in the street will be facilitated by the additional connect. Driveways shall not exceed 24 feet in width at the street line, or such lesser width as shall be sufficient to accommodate the traffic to be generated unless a greater width is required by Town By-law or the Commonwealth of Massachusetts.

7-F: Existing Streets

Where the lot has frontage on an existing street proper provision shall be made for grading and improvement of shoulders and sidewalk areas within the right-of-way of the street and for provision of curbs and sidewalks.

7-G: Street and Sideline Plantings

1. **PURPOSE.** The purpose of this by-law shall be to ensure a minimum quantity of landscaping within designated sections of Walpole and to prevent overcrowding of land, to facilitate the adequate provision of open space, to conserve the value of land, and to lessen the visual impact of development.

2. **APPLICABILITY.** The following requirements shall apply to all premises zoned B, CBD, GR, LM, and I whenever subject to the requirements of Site Plan Review unless precluded by placement of structures not restricted by setback requirements.

3. **LOCATION.** A row of trees shall be required within twenty (20) feet of all property lines abutting streets, continuous, except at driveways. A row of trees shall also be required within ten (10) feet of all sideline property lines, continuous except at access drives to abutting lots. The required rows of trees need not be linear. Exact locations shall be at the discretion of the Board of Appeals. Sideline trees shall extend from the street line to the deepest point on the premises having building or parking. No trees shall be planted so as to create a safety hazard.

4. **TYPE.** Trees for street and sideline planting shall have at least two (2) inch diameter, measured three (3) feet above the ground and shall be of size, species and spacing that the tree drop lines approximately meet at maturity. Species shall be ones common to the region which reach an ultimate height of not less than thirty (30) feet and shall be planted in an area at least six (6) feet across.

5. The same trees may fulfill the tree planting requirements of this section and the requirements of section 5-A: 8.

7-H: General Conditions for Approval

In considering a site plan under this section, the Board of Appeals shall assure, to a degree consistent with a reasonable use of the site for the purposes permitted or permissible by the regulations of the district in which located:

1. protection of adjoining premises against seriously detrimental uses on the site; and

2. convenience and safety of vehicular and pedestrian movement within the site, and in relation to adjacent streets, property or improvements; and

3. adequacy of the methods of disposal of sewage, refuse, and other wastes resulting from the uses on the site, and the methods of drainage for surface water from its parking spaces and driveways; and

4. provision for off-street loading and unloading of vehicles incidental to the normal operation of the establishment.

7-I: Accessory Uses

Uses, whether or not on the same parcel as activities permitted as a matter of right, accessory to activities permitted as a matter of right, which activities are necessary in connection with scientific research or scientific development or related production, may be permitted upon the issuance of a special permit provided the Board of Appeals finds that the proposed accessory use does not substantially derogate from the public good.

7-J: Application Relative to Other By-laws

Section 7 is to be considered supplementary to other existing Zoning By-laws affecting the access, circulation, design and landscaping of parking areas. Where the application of Section 7 imposes a greater restriction than is imposed by other Zoning By-laws the application of Section 7 shall control.

7-K: Authority of Board

The Board of Appeals shall have the power to modify or amend its approval of a site plan on application of the person owning or leasing the premises, or upon its own motion in the event of changes in physical conditions sufficient to justify such action within the intent of this section. All of the provisions of this section applicable to approval shall, where apt, be applicable to such modification or amendment.

(Petition of Planning Board)

ARTICLE 46. To see if the Town will vote to amend Section 4-C-5-b of its Zoning By-law as follows:

1. in paragraph (i), add the phrase "as defined in Section 4-B, notwithstanding the provisions of Section 4-c-3-a" after the words "required lot area and frontage".

2. in paragraph (ii), add the phrase "as defined in Section 4-B, notwithstanding the provisions of Section 4-C-3-a" after the phrase "having not less than eighty (80) percent of the required area and frontage", or do or act anything in relation thereto.

(Petition of the Planning Board)

ARTICLE 47. To see if the Town will vote to accept the provisions of Chapter 245 of the Acts of 1988, or do or act anything in relation thereto.

(Petition of the Planning Board)

ARTICLE 48. To see if the Town will vote to authorize the expenditure of default funds received under a tripartite agreement between Anson Development Corporation, Norwood Cooperative Bank, and the Town of Walpole in order to complete the construction of roads and installation of services as specified for the "Cobbleknoll Estates II" subdivision, or do or act anything in relation thereto.

(Petition of the Planning Board)

ARTICLE 49. To see if the Town will vote to amend

its Zoning By-laws as they pertain to the following Sections:

1. **Section 1-C: "Definition"** by adding:

"PARK — A tract of land kept in its natural state, characterized by gardens, woods, pastures, lakes, walks, drives, playgrounds and benches set aside for public and recreational use or maintained for the protection of wildlife."

2. **Section 2-A: "Establishment of Districts, Types of Districts and Order of Restriction"** by adding:

"P — PARK" to "Type 1 Special Purpose Districts."

or do or act anything in relation thereto.

(Petition of Thomas Driscoll, et al.)

ARTICLE 50. To see if the Town will vote to amend its zoning By-laws as they pertain to "Section 4-B: Schedule of Dimensional Regulations" by changing the "Required Lot Area" of a Rural District from "40,000" square feet to "60,000" square feet; or do or act anything relation thereto.

(Petition of Thomas Driscoll, et al.)

ARTICLE 51. To see if the Town will vote to amend its Zoning By-law and Map to the extent of changing the Zoning District Designation of the following described parcels of land from RA — Residence A District and LM — Limited Manufacturing District to RA — Residence A District as shown on the Town of Walpole Zoning Map:

Parcel 1

Those portions of Assessor's Parcels D221-2, D222, D207-1, and D223 in LM Zone (Known as Endean West)

Beginning where the most westerly line of Assessor's Parcel D208-3 meets the Neponset River thence running southwesterly by the Neponset River 620 +/- feet to existing district boundary zoning line, turning and running northwesterly along said line approximately 1,420 +/- feet to land formerly of N.Y.N.H. and H.R.R.; north-easterly by land formerly of the N.Y.N.H. and H.R.R. 260.00 +/- feet; southerly by the said land of the afore-said 27.-- +/- feet; northeasterly by said land of the aforesaid 1120.00 +/- feet; easterly by Mylod Street 188.4 +/- feet; southerly by Assessor's Parcel D208-2, 789.00 +/- feet; easterly by said Assessor's Parcel D208-2, 261.5 +/- feet; southerly by Assessor's Parcel D208-3, 658.8 +/- feet; southwesterly by said Assessor's Parcel D208-3, 211.8 +/- feet; southeasterly by said Assessor's Parcel D208-3, 159.00 +/- feet; southwesterly by said Assessor's Parcel D208-3, 244.00 +/- feet; southeasterly by said Assessor's Parcel D208-3, 284.00 +/- feet.

Parcel 2

Assessor's Parcel D208-2. (Known as Main Line

Construction/DiMascio parcel)

Beginning where the most westerly line of Parcel D208-2 meets Mylod Street, thence southeasterly along the southerly side of Mylod Street about 260 feet to Parcel D208-1; thence southwesterly by said Assessor's Parcel D208-1 about 180 feet; thence southeasterly by said Assessor's Parcel D208-1 about 120 feet; thence northeasterly by said Assessor's Parcel D208-1 about 190 feet to the southerly side line of Mylod Street; thence easterly in three courses along the southerly line of Mylod Street about 280 feet to the point where Parcels D208-2, D209 and Mylod Street meet; thence southerly by Parcel D209 about 700 feet to the point where Parcels D208-2, D208-3 and D209 meet; thence westerly along Parcel D208-2 about 740 feet, thence northerly by Parcel D208-2 about 790 feet to the south-erly side of Mylod Street and the point of beginning.

With the exception that the Zoning lines shall be set back one foot from the property lines where said parcel abuts Assessor's Parcels D208-1 and D209.

For more particular description see a plan entitled "Proposed Zoning Changes in Walpole, Mass." by Limball Chase/Coler & Colantonio, Inc. submitted here-with, or do or anything in relation thereto.

(Petition of James Tal Beatty, et al.)

ARTICLE 52. To see if the Town will vote to amend its Zoning By-law and Map to the extent of changing the Zoning District Designation of the following described parcels of land from LM — Limited Manufacturing to RA — Residence B District:

Assessor's Parcels A404-1, A404-4 and A404-4-4-A. (Known as Endean East)

Beginning at a point in a southerly line of Mylod Street where said Parcels intersect with said Mylod Street and Assessor's Parcel D209 and running northeast-erly along Mylod Street in four courses of 100.13 feet, 98.87 feet, 495.34 feet and 114.53 feet; thence running northeasterly along the boundary between Norwood and Walpole in three courses 209.29 feet, 1,233.78 feet and 311.57 feet; thence turning and running southwesterly 22.50 feet; thence turning and running southeasterly 273.27 feet, 348.36 feet, 106.53 feet and 112.04 feet along Assessor's Parcels A403-1B, A403-1, A403-3A, A403-2A, A403-1A, A402 and A401; thence turning at the Town line corner bound and running southeasterly 116.90 feet, 119.71 feet, 41.47 feet, 46.63 feet, 153.96 feet, 134.90 feet along Assessor's Parcels A410, A405-31, A405-31-A-1, A405-30, A405-29, A405-28 and A406-B; thence turning and running southwesterly 200 feet more or less; thence turning and running southeasterly 10.62 feet; thence southwesterly 107.00 feet, thence turning and running northwesterly 10.9 feet, thence turning and running southwesterly 184.98 feet, 117.30 feet, 180.90 feet, 426.99 feet, 27.12 feet, 270.88 feet all along Assessor's Parcels A407A, A408, A409, D101-1, D101-2,

D101-3, D102, D103-5, D103-4-1, and D104-3, D104-2, D104-1, D105-2, D105-1; thence turning and running southeasterly 154.86 feet along Assessor's Parcel D105-1; thence turning and running southwesterly 4.02 feet and 63.99 feet along Assessor's Parcel A404-3; thence turning and running southeasterly 42.53 feet to Washington Street along said Assessor's Parcel A404-3; thence turning and running southwesterly along Washington Street 15.0 feet; thence running northwesterly along Parcel A-404-2 80 +/- feet; thence running southwesterly along said Parcel 180 +/- feet; thence running westerly along Assessor's Parcels D106-2 and D106, 550 +/- feet thence running northeasterly along Assessor's Parcel D106-3, 63.08 feet; thence running northwesterly along said Assessor's Parcel D106-3, 76.69 feet; thence running southwesterly along said Assessor's Parcel D106-3, 8.0 feet; thence running westerly along Bird Pond (the Neponset River) 378.00 +/- feet; thence turning and running northwesterly in three courses along Assessor's Parcel D209, 212.03 feet, 1,465.80 feet and 2.85 feet to the point of beginning.

With the exception that the Zoning lines shall be set back one foot from property lines where said parcel abuts Assessor's Parcels D209, D106-3, D106, D106-2, A404-3, A404-2, D105-1, D105-2, D104-1, D104-3, D103-4-1, D103-5, D102, D101-3, D101-2, D101-1, A409, A408, A407A, A406B, A405-28, A405-29, A405-30, A405-31, A405-31-A-1, A410, A401, A402, A403-1A, A403-2A, A403-3A, 403-1 and 403-1B.

For more particular description see a plan entitled "Proposed Zoning Changes in Walpole, Mass." by Kimball Chase/Coler & Colantonio, Inc. submitted herewith.

(Petition of James Tal Beatty, et al.)

ARTICLE 53. To see if the Town will vote to amend its by-laws Article XVII Dog Regulations, Section 7 by deleting the words "late licensing fee of three dollars" and substituting the words "late licensing fee of twenty-five dollars"..., "If a dog remains unlicensed as required by law on May 1st in any year, the owner/keeper shall be subject to said late fee to be collected by the Town Clerk." Section 11, Fines and Penalties, is hereby amended by deleting (a) failure to license dogs Penalties, is hereby amended by deleting (a) failure to license dogs \$15.00 and substitute to: (a) failure to license dogs \$25.00 or do or act anything in relation thereto.

(Petition of Board of Selectmen)

1/10/89

And you are hereby directed to serve this warrant by posting attested copies thereof in at least two public places in each precinct in said town not less than seven days before the day appointed for said meeting.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk before the day set for said meeting.

Given under our hands and the seal of the Town this 10th day of January, in the year one thousand nine hundred and eighty-nine.

COMMONWEALTH OF MASSACHUSETTS

TOWN OF WALPOLE

APRIL 3, 1989

MEETING OF PRECINCT 4 RTM MEMBERS FOR THE PURPOSE OF FILLING A VACANCY

At a meeting held on April 3, 1989 in the Eleanor N. Johnson Middle School for the purpose of filling a vacancy in the RTM Membership in Precinct 4, in accordance with Section 2-7 (B) 1 of the Walpole Home Rule Charter, the following action was taken:

John Hamilton, 325 Winter Street was appointed to fill the vacancy created by the resignation of Stephen A. Sprague.

Louis E. Hoegler
Town Clerk

COMMONWEALTH OF MASSACHUSETTS

TOWN OF WALPOLE

ANNUAL TOWN MEETING

SPRING SESSION

APRIL 3, 1989

Pursuant to the Warrant of April 3, 1989, the Annual Town Meeting (Spring Session) was called to order at 7:30 P.M. in the Eleanor N. Johnson Middle School by Moderator Bernard J. Duffy, Jr. All rules and regulations concerning the call of an Annual Town Meeting were fulfilled and a quorum was present.

The Assembly pledged allegiance to the Flag.

A RESOLUTION

On Motion of the Town Meeting, it was Moved, Seconded and
VOTED:

WHEREAS: George Lynch was a long time resident of the Town of Walpole; and

WHEREAS: George Lynch was a Special Police Officer for the Town of Walpole for ten years; and

WHEREAS: George Lynch was a Town Meeting Member from 1972 to 1980 and from 1984 to 1987; and

WHEREAS: George Lynch was a loyal and true friend;

NOW, THEREFORE: We, the Walpole Town Meeting Representatives, on behalf of the Town, do hereby honor the memory of George Lynch for his dedicated and unselfish service to the Town of Walpole and do express to his family and friends our sincere appreciation for his contribution to the Town.

A RESOLUTION

On Motion of the School Committee, it was Moved, Seconded and
VOTED:

WHEREAS: Laura M. Warcup was a long-time resident of the Town of Walpole;

WHEREAS: Laura M. Warcup served as a Town Meeting Member from 1973 - 1988;

WHEREAS: Laura M. Warcup served as a member of the Town Report Committee from 1974 - 1985;

WHEREAS: Laura M. Warcup served as an Assistant-Member of the Board of Appeals;

WHEREAS: Laura M. Warcup served for 20 years, from 1968 - 1988, as an outstanding teacher in the Walpole Public Schools and was so recognized in 1988 by the Daughters of the American Revolution;

NOW, THEREFORE: We, the Walpole School Committee, on behalf of the Town, do hereby honor the memory of Laura M. Warcup for her dedicated service to the Town of Walpole and express to her family and friends our sincere appreciation for her contributions to the Town.

Town Clerk, Louis E. Hoegler, attested to proper return of the Warrant.

It was Moved, Seconded and
VOTED:

To waive the reading of the Warrant.

It was Moved, Seconded and
VOTED:

That all Motions of the Finance Committee be the Main Motion.

TELLERS: Janice Young, James K. Conroy,
E. John Ferrara and James Fitzgerald.

AMENDMENTS TO "RULES APPLYING TO THE
CONDUCT OF REPRESENTATIVE TOWN MEETING,
WALPOLE, MASSACHUSETTS."

On Motion of the Rules Committee, it was Moved and Seconded:

4b. The Moderator's call of a voice vote may be challenged immediately by no less than seven (7) Representatives, and such a challenge will result in a standing count by tellers appointed and sworn by the Moderator. AT THE COMPLETION OF A STAND UP VOTE, EACH TELLER/COUNTER SHALL PUBLICLY (VIA THE MICROPHONE) ANNOUNCE THEIR SECTION COUNT TO THE MODERATOR. (add the last sentence.)

On 2/3 Vote Required, it was:

SO VOTED: UNANIMOUS

On Motion of the Rules Committee, it was Moved and Seconded:

7(c) A Town Meeting shall be considered cancelled on any day on which school, at the location of Town Meeting, has been cancelled and shall reconvene on the next nearest Monday or Wednesday evening.

7(c) Revised to read:

A Town Meeting and any associated meetings of Representative Town Meeting Members shall be considered postponed on any day on which school, at the location of Town Meeting, has been cancelled and shall reconvene on the next nearest Monday or Wednesday evening.

On 2/3 Vote Required, it was:

SO VOTED: UNANIMOUS

On Motion of the Rules Committee, it was Moved and Seconded:

12. Any written information distributed to Town Meeting Representatives must be identifiable as to THE ARTICLE NUMBER and the responsible individual or in the case of a responsible committee or citizen group, by the Chairman or authorized representative of said group. DISTRIBUTION TO BE APPROVED BY THE TOWN MODERATOR PRIOR TO TOWN MEETING.

On 2/3 Vote Required, it was:

DEFEATED

On Motion of the Rules Committee, it was Moved and Seconded:

13. NEW — Substitute motions handed to the Moderator without the presenter being first recognized shall not be considered.

On 2/3 Vote Required, it was:

DEFEATED

On Motion of the Rules Committee, it was Moved and Seconded:

14. NEW — A one page summary of information should be in the hands of the R.T.M. before the start of a meeting, especially if it has been used in consideration by the Finance Committee, after its public hearing or it is a substantive change to what is printed in the warrant or it is a complex analysis which requires perusal to allow a meaningful vote.

On 2/3 Vote Required, it was:

DEFEATED

A RESOLUTION

On Motion of the Rules Committee, it was Moved, Seconded and
SO VOTED:

Be it Resolved that the Town Moderator be instructed that Representative Town Meeting Members require a Police Officer be on duty during the hours 7:00 P.M. to 8:00 P.M. and 10:00 P.M. to 11:00 P.M. to control flow of traffic and assist in pedestrian crossing.

Instruct the Town Administrator to generate a request for additional lighting on Robbins Road from John Middle School to Elm Street.

A RESOLUTION

On Motion of the Rules Committee, it was Moved, Seconded and
SO VOTED:

Be it Resolved that the Finance Committee Book summarize the meaning (intent) of each article and location by familiar street addresses or well known landmark when an article related to a site or new street acceptance.

On Motion by Elizabeth Lee, Chairman of the School Committee, it was Moved and Seconded:

To take ARTICLE 22 out of sequence and make it the first order of business at 7:30 P.M. at the Wednesday, April 5, 1989, Town Meeting.

MOTION WAS: SO VOTED

On Motion of Moderator Bernard J. Duffy, Jr., it was Moved and Seconded:

That Articles 51 and 52 be taken up after Article 22 on Wednesday, April 5, 1989.

SO VOTED

ARTICLE 1. On Motion of the Finance Committee, it was Moved and Seconded:

That the Town authorize the Treasurer, with the approval of the Selectmen, to borrow in anticipation of the revenue for the twelve-month period beginning July 1, 1989 in accordance with General Laws, Chapter 44, Section 4, and acts and amendments and to renew any note or notes as may be given for a period of less than one year in accordance with General Laws, Chapter, Section 17.

SO VOTED

ARTICLE 3. On Motion of the Finance Committee, it was Moved and Seconded:

That the Town take **NO ACTION**.

SO VOTED

ARTICLE 4. On Motion of the Finance Committee, it was Moved and Seconded:

That the Town raise and appropriate from taxation the sum of \$25,000 to engage a Certified Public Accountant or firm of accountants to audit all the accounts of the Town in accordance with Article VI, Section 10-E of the Walpole Home Rule Charter.

SO VOTED

ARTICLE 2. The Moderator declared a recess for the purpose of caucus of the precincts to elect members to the Rules Committee.

The Moderator reconvened the meeting and announced the following duly elected slate:

Precinct 1 — John Desmond
Precinct 2 — Rose Richard
Precinct 3 — Clement Boragine
Precinct 4 — Joanne L. Sprague
Precinct 5 — Ronald A. Fucile
Precinct 6 — Clifford E. Barnes, Jr.
Precinct 7 — Stephen Stone

ARTICLE 5. On Motion of the Finance Committee, it was Moved and Seconded:

That the Town approve the following amendments to the Personnel By-Laws by deleting and substituting the following articles:

DELETE — Article 17 — Personnel Illness — Sick Leave

SICK DAYS: Full time employees will accrue sick leave at the rate of 1.25 days for each month of service, not to exceed 15 days per year. Sick leave not used in the year in which it accrues, together with any accumulated sick leave not used in the current year may accrue

to a maximum of 140 days.

SUBSTITUTE — Article 17 Personnel Illness — Sick Leave

SICK DAYS: Full time employees will accrue sick leave at the rate of 1.25 days for each month of service, not to exceed 15 days per year. Sick leave not used in the year in which it accrues, together with any accumulated sick leave not used in the current year may accrue to a maximum of 155 days.

DELETE — Article 27 — Longevity Pay

Effective July 1, 1975, the following longevity policy shall be in effect: After five (5) years service, \$100.00; after ten (10) years service, \$200.00; after fifteen (15) years service, \$300.00; after twenty-five (25) years service, \$400.00.

SUBSTITUTE — Article 27 — Longevity Pay

Effective July 1, 1989, the following longevity policy shall be in effect: After five (5) years service, \$150.00; after ten (10) years service \$250.00; after fifteen (15) years service, \$350.00; after twenty (20) years service \$450.00

ARTICLE 33. Maternity/Adoption Leave (New By-law)

Maternity and qualified adoption (subject to state law) leave shall be granted for a period not to exceed twelve (12) weeks. Maternity/adoption leave shall be unpaid. However, employees may use accumulated sick leave during this period. Upon returning to work, the employee will be restored to the position held at the time of said leave.

SO VOTED

ARTICLE 6. On Motion of the Finance Committee, it was Moved and Seconded:

That the Town approve the new pay schedule as recommended by the Personnel Board:

Town Clerk

COMMONWEALTH OF MASSACHUSETTS
TOWN OF WALPOLE
ADJOURNED ANNUAL TOWN MEETING

Spring Session
APRIL 10, 1989

Pursuant to the foregoing adjournment of April 5, 1989, the meeting was called to order at 7:35 P.M. All rules and regulations concerning the call of an adjourned Town Meeting were fulfilled and a quorum was present.

The Assembly pledged allegiance to the Flag.

The following tellers were appointed: Janice A. Young, E. John Ferrara, James Fitzgerald and Ronald Fucile.

ARTICLE 51. On Motion of the Finance Committee, it was Moved and Seconded:

That the Town amend its Zoning By-Laws and Map to the extent of changing the Zoning District Designation of the following described parcels of land from RA-Residence A District and LM-Limited Manufacturing District to RA-Residence A District as shown on the Town of Walpole Zoning Map:

Parcel 1

Those portions of Assessor's Parcels D221-2, D222, D207-1, and D223 in LM Zone.
(Known as Endean West)

Beginning where the most westerly line of Assessors Parcel D208-3 meets the Neponset River thence running southwesterly by the Neponset River 620 ± feet to existing district boundary zoning line, turning and running northwesterly along said line approximately 1,420 = feet to land formerly of N.Y.N.H. & H.R.R.; northeasterly by land formerly of the N.Y.N.H. & H.R.R. 260.00 ± feet; southerly by the said land of the aforesaid 27.00 ± feet; northeasterly by said land of the aforesaid 1,120.00 ± feet; easterly by Mylod Street 188.4 ± feet; southerly by Assessor's Parcel D208-2, 789.00 ± feet; easterly by said Assessor's Parcel D208-2, 261.5 ± feet; southerly by Assessor's Parcel D208-3, 658.8 ± feet; southwesterly by said Assessor's Parcel D208-3, 211.8 ± feet; southeasterly by said Assessor's Parcel D208-3, 159.00 ± feet; southwesterly by said Assessor's Parcel D208-3, 244.00 ± feet; southeasterly by said Assessor's Parcel D208-3, 284.00 ± feet.

Parcel 2

Assessor's Parcel D208-2
(Known as Main Line Construction/DiMascio parcel)

Beginning where the most westerly line of Parcel

D208-2 meets Mylod Street, thence southeasterly along the southerly side of Mylod Street about 260 feet to Parcel D208-1; thence southwesterly by said Assessor's Parcel D208-1 about 180 feet; thence southeasterly by said Assessor's Parcel D208-1 about 120 feet; thence northeasterly by said Assessor's Parcel D208-1 about 190 feet to the southerly side line of Mylod Street; thence easterly in three courses along the southerly line of Mylod Street about 280 feet to the point where Parcels D208-2, D209 and Mylod Street meet; thence southerly by Parcel D209 about 700 feet to the point where Parcels D208-2, D208-3 and D209 meet; thence westerly along Parcel D208-2 about 740 feet, thence northerly by Parcel D208-2 about 790 feet to the southerly side of Mylod Street and the point of beginning.

With the exception that the Zoning lines shall be set back one foot from the property line where said parcel abuts assessor's parcel D208-1 and D209.

OMEGA ASSOCIATES

RESOLUTION

That the Town of Walpole in consideration for rezoning the land on the southerly side of Mylod Street from LM to RA expects that Omega Associates and its successors will:

1. Abide by the present subdivision phasing provisions of Section 9-I of the Zoning By-Law.
2. Not challenge the validity of the aforesaid provision of Section 9-I of the Zoning By-Law.
3. Not divide the aforesaid property into more than 161 buildable lots so long as it is zoned Residence A under the Walpole Zoning By-Laws with a minimum lot size requirement of at least 30,000 square feet subject to applicable statutes and regulations now in effect or hereafter enacted limiting such restriction.
4. Comply with all statutory and regulatory requirements in the developing of the aforesaid property and notify all appropriate elected and appointed officials including Town Meeting members of any public hearings with regard to requests for permits or special permits.

We support the Resolution concerning Endean East and West — the land referred to in Articles 51 and 52 on the Spring 1989 Town Meeting Warrant.

DECLARATION OF RESTRICTIVE COVENANTS

THIS INDENTURE, made this tenth day of April, 1989, by Omega Associates, a Rhode Island limited partnership with offices at 23 Lexington Avenue, Cambridge, Massachusetts, with respect to those parcels of land located in the Town of Walpole, Massachusetts ("Walpole") more particularly bounded and described in Exhibit "A" attached hereto and made a part hereof (the "Property"),

WITNESSETH:

WHEREAS, Omega Associates or its successors intends to subdivide, develop and improve the Property for residential purposes;

NOW, THEREFORE, Omega Associates does here-

by declare that:

1. So long as the Property is zoned, RA or its equivalent under the Walpole Zoning By-Law with minimum lot size requirements of at least 30,000 square feet, that said Property shall not be divided into more than 161 buildable lots, subject to applicable statutes and regulations now in effect or hereafter enacted limiting such restriction.
2. The Property is subject to the present provisions of Section 9-I of the Walpole Zoning By-Law, so long as they are in effect and the legality of said provisions will not be challenged by the owner of the Property.

IN WITNESS WHEREOF, Omega Associates has caused this instrument to be executed this tenth day of April, 1989.

Omega Associates
By its General Partner,

Town Clerk

COMMONWEALTH OF MASSACHUSETTS

TOWN OF WALPOLE

ADJOURNED ANNUAL TOWN MEETING

Spring Session

APRIL 12, 1989

Pursuant to foregoing adjournment of the April 10, 1989, the meeting was called to order at 7:30 P.M. All rules and regulations concerning the call of an adjourned Town Meeting were fulfilled and a quorum was present.

The Assembly pledged allegiance to the Flag.

ARTICLE 2. Mr. Moderator, the following resolution is introduced under Article 2.

A RESOLUTION

Whereas, the Administration of the Commonwealth of Massachusetts, under the jurisdiction of its Governor, Michael Dukakis and specifically the Agency under the direction of Paul Levy, the MWRA have chosen an illogical site in the Town of Walpole for the disposal of waste and other residue in all forms, commonly known as sludge, said sludge emanating from the Nut Island

Sewage Treatment Plant, the substance of which may be sent in altered form due to processing, or at the discretion of the MWRA Director, may be sent as raw sludge and whereas this material is known to be toxic of content, thus poses a threat to human life and to the human environment at the correctional institutions MCI at Cedar Junction and MCI at Norfolk, the threat to human life being a danger because of the location near the aquifers holding a precious water supply, the threat to the human environment by the gasses emanating from the dumping of the sludge in varied forms.

Therefore, let it be resolved that a resolution be adopted at this Town Meeting, by its members that the Governor of the Commonwealth and those Agencies under his leadership responsible, be instructed to safeguard the welfare of both the staff and inmate population of the aforementioned institution, by removing this proposed site from any considered use and for some to be guided by the Constitutions of both the Federal and State Constitutions which specifically call for the protection of the health and general welfare of all inhabitants and be guided equally as well by the General Laws of the Commonwealth which dictate precluding any such site from being placed at or near correctional institutions and medical facilities.

Signed By: Robert I. Stewart
RTM Member, Precinct Seven

Endorsed by: Union Local President Gary Cameron,
Local 464
We, the People, a Humanitarian
Organization based at Boston, MA.
Local Clergy

and be it further directed that a copy of this resolution be forwarded to the Agency aforementioned; to the General Court Representatives of Norfolk and Walpole and to Congressman Barney Frank and Congressman Brian Donnelly, Governor Dukakis, DEQE, EPA, Department of Corrections, U.S. Department of Environmental Affairs and the U.S. Army Corps of Engineers.

MOTION WAS: **DEFEATED**

There being no further business to come before this Annual Town Meeting (Spring Session), it was Moved by Bruce A. Young and Seconded that this meeting be dissolved.

SO VOTED: UNANIMOUS

The Moderator so declared at 11:00 P.M.

Louis E. Hoegler
Town Clerk

COMMONWEALTH OF MASSACHUSETTS
TOWN OF WALPOLE
ANNUAL ELECTION WARRANT

Norfolk, ss.

To any Constable in the Town of Walpole,

Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of the Town of Walpole in their respective precincts as follows: the qualified voters of Precinct 1 to meet in St. Mary's Parish Hall; the qualified voters of Precinct 2 to meet in the Old Post Road School; the qualified voters of Precinct 3 to meet in the Senior Center in Town Hall; the qualified voters of Precinct 4 to meet in the Boyden School; the qualified voters of Precinct 5 to meet in the Senior Center in Town Hall; the qualified voters of Precinct 6 to meet in the new Fisher School; and the qualified voters of Precinct 7 to meet in the new Fisher School on:

Saturday, the sixth day of May, 1989

to bring their votes for the following officers, to wit:

One Town Moderator for one year; two Selectmen for three years; one Selectmen for two year unexpired term; one Assessor of Taxes for three years; two Trustees of Public Library for three years; three School Committee Members for three years; one School Committee Member for two year unexpired term; two Planning Board Members for three years; one Sewer & Water Commissioner for three years; and one Housing Authority Member for five years,

And the following Town Meeting Representatives:

IN PRECINCT 1 — Seven Town Meeting Representatives for three years;

IN PRECINCT 2 — Eight Town Meeting Representatives for three years; and One Town Meeting Representative for two year unexpired term;

IN PRECINCT 3 — Seven Town Meeting Representatives for three years; and One Town Meeting Representative for two year unexpired term;

IN PRECINCT 4 — Seven Town Meeting Representatives for three years; and One Town Meeting Representative for one year unexpired term;

IN PRECINCT 5 — Seven Town Meeting Representatives for three years;

IN PRECINCT 6 — Seven Town Meeting Representatives for three years; and One Town Meeting Representative for one year unexpired term;

IN PRECINCT 7 — Seven Town Meeting Representatives for three years.

And vote on the following ballot questions:

Question 1.

Yes No

Shall the Town of Walpole approve the charter amendment proposed by the Annual Town Meeting in April, 1988 to create the position of full-time Appraiser who would be appointed by and under the supervision of the Board of Assessors; the office of the Chairman of the Board of Assessors shall, six months after approval of the amendment, become a part-time position?

Question 2.

Yes No

Shall the Town of Walpole be allowed to exempt from the provisions of proposition two and one half, so called, the amounts required to pay for the bond issued in order to construct, originally equip, and furnish additions and to remodel, reconstruct or make extraordinary repairs to the Boyden School:

The polls shall open at 8:00 o'clock in the forenoon and close at 8:00 p.m.

And you are hereby directed to serve this warrant by posting attested copies thereof in at least two public places in each precinct in said Town not less than seven days before the day appointed for said election.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk before the day set for said election.

Given under our hands and seal of the Town this 18th day of April in the year one thousand nine hundred and eighty-nine.

BOARD OF SELECTMEN

S/ Joanne F. Damish

S/ Joseph P. Germano, Jr.

S/ Paul A. Palermino

S/ John J. Hamilton

S/ William T. Hamilton

A true copy:

Attest: Louis E. Hoegler
Town Clerk

A true copy:

Attest: Armando Betro
Constable of Walpole

By virtue of the within warrant I have notified the inhabitants of the Town of Walpole qualified to vote in elections and town affairs, to meet at the time and place for the purpose mentioned in said warrant by posting attested copies thereof in at least two public places in each precinct of said town not less than seven days before the day appointed for said meeting.

Armando Betro
Constable of Walpole

**SPECIAL TOWN MEETING WARRANT
TOWN OF WALPOLE
COMMONWEALTH OF MASSACHUSETTS**

Norfolk, ss.

To any Constable in the Town of Walpole:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify the inhabitants of the Town of Walpole, qualified to vote in the elections and town affairs, to meet in the Auditorium of the Eleanor N. Johnson Middle School Building in said Walpole on the:

**Third Monday in June, 1989, it being the
nineteenth day of said month, at 7:30 p.m.**

in accordance with the Charter of the Town, then and thereto to see if the Town will vote to amend the By-Laws and Zoning By-Laws of said Town and to act on the following articles:

ARTICLE 1. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to accept as a gift, purchase or take by eminent domain permanent and temporary utility easements on parcels of land, designated by Assessor's Parcel Numbers: F516-F516-C-12, F525, F525-3, F528, F525-2, F526, F526-1, F525-4, F610, F609-A, F1202-2-A-2 for water main construction or do or act anything in relation thereto.

(Petition of Sewer and Water Commissioners)

ARTICLE 2. To see if the Town will vote to appropriate, borrow and or transfer a sum of money to accept as a gift, purchase, or take by eminent domain parcels of land and/or permanent and temporary utility easements on parcels of land, designated by Assessor's Parcel Numbers: G1000-41-A, G1000-11, G1000-12, G1000-13, G931-10 and G1000-36 for construction relative to the Phase III sewer construction project or do or act anything in relation thereto.

(Petition of the Sewer and Water Commissioners)

ARTICLE 3. To see if the Town will vote to amend its By-Laws, Article XIII, Police Regulations by adding a new Section 24 as follows: No person shall utilize the water resources of the Town in violation of any rule, regulation or policy restricting the use of water issued by the Board of Sewer and Water Commissioners. In addition to criminal prosecution, this By-Law may be enforced pursuant to the noncriminal disposition procedure provided in G.L. c. 40, Sec. 21D by any police officer of the Town or by any employee or employees of the Water Department who are authorized by vote of the Board of Sewer and Water Commissioners to be enforcement agents. Each day on which a violation exists shall constitute a separate offense. The penalty for each violation disposed of by noncriminal disposition

shall be \$50.00 per offense. The penalty for each violation for which a criminal complaint is filed in the district court, shall be \$100.00 per offense, or do or act anything in relation thereto.

(Petition of the Sewer and Water Commissioners)

ARTICLE 4. To see if the Town will vote to convert the following described parcels of land from Town common land to State Highway layout: On Route 1-A, Main Street, beginning at Station 176 + 04, 25 feet left; thence North 28 -40'-15" West 12.55 feet; thence North 37 -52' -00", East 131.64 feet thence South 25 -57' -25" East 15.00 feet; thence South 36 -11' -40" West 25.53 feet; thence South 37 -51' -00" West 104.47 feet to the place of beginning, containing 1,662 square feet more or less or do or act anything in relation thereto.

(Petition of Board of Selectmen)

ARTICLE 5. To see if the Town will vote to approve in accordance with Article V of the Walpole Home Rule Charter, a Board of Selectmen approved administrative reorganization of the Department of Public Works by combining the Parks, Recreation, and Cemetery functions into a new division and to amend the Personnel Pay Schedule as recommended by the Personnel Board or do or act anything in relation thereto.

(Petition of Board of Selectmen)

ARTICLE 6. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to cover the costs of funding an agreement between the Town of Walpole and the Walpole Permanent Fire Fighters' Association (Fire) for the period of July 1, 1988 to June 30, 1990 or do or act anything in relation thereto.

(Petition of Board of Selectmen)

ARTICLE 7. To see if the Town will vote to appropriate, borrow, and or transfer a sum of money to remove the existing boiler and asbestos in the Boiler Room at the Old Post Road School and design and install a new boiler(s) or do or act anything in relation thereto.

(Petition of Board of Selectmen)

ARTICLE 8. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to reimburse certain land developer applicants to the Conservation Commission who filed and paid fees under the Local Wetlands By-Law, or do or act anything in relation thereto.

(Petition of Conservation Commission)

ARTICLE 9. To see if the Town will vote to appropriate, borrow and/or transfer a sum of money to make street and utility improvements to Sybil Street, a private way, in accordance with Article XX of the Town of Walpole by-laws and to authorize the Board of Selectmen to assess betterments upon the property owners who derive particular benefits or do or act anything in relation thereto.

(Petition of Board of Selectmen)

And you are hereby directed to serve this warrant by posting attested copies thereof in at least two public places in each precinct in said town not less than fourteen days before the day appointed for said meeting.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk before the day set for said meeting.

Given under our hands and the seal of the Town this Sixteenth day of May, in the year one thousand nine hundred and eighty-nine.

Constable of Walpole

Date posted:
May 26, 1989

COMMONWEALTH OF MASSACHUSETTS
TOWN OF WALPOLE
SPECIAL TOWN MEETING
JUNE 19, 1989

Pursuant to the Warrant of June 19, 1989, the Special Town Meeting was called to order at 7:40 P.M. in the Eleanor N. Johnson Middle School by Moderator Bernard J. Duffy, Jr. All rules and regulations concerning the call of a Special Town Meeting were fulfilled and a quorum was present.

The Assembly pledged allegiance to the Flag.

Town Clerk, Louis E. Hoegler, attested to proper return of the Warrant.

It was Moved, Seconded and VOTED:

That all Motions of the Finance Committee be the Main Motion.

TELLERS: Clement Boragine, John Campbell, James Fitzgerald and E. John Ferrara.

A RESOLUTION

Be it resolved that this official Town Meeting at Walpole on the 19th day of June, 1989 vote in the affirmative and unanimously to condemn the recent bloody massacre of thousands of Chinese students as they conducted a continuing rally in their plea to be given if only a piece of the democracy which we in the United States enjoy each 365 days of the year. Other Nations including the Politburo of the Soviet Union have uttered their condemnation, but let it be heard from this hamlet of Walpole that we too offer our condolences to those people in the Republic of China, so affected, but also the hope in the years to come that those young men and women will not have died in vain, that their yearning for liberty will one day become a fact in the memory of those who stood up even against overwhelming odds. . . .

/s Robert I. Stewart

and that copies of resolution be forwarded to the Secretary of State, Commonwealth of Massachusetts and to the Secretary of State, United States of America, Washington, D.C.

Thank you Mr. Moderator:

Let this message in the form of a resolution be words to be heard round the world, as even in our earliest strife for liberty in these United States. This resolution is offered via the purest, simplest, yet broadest form of democracy that exists in the world. . . .

RESOLUTION WAS: SO VOTED

ARTICLE 1. On Motion of the Finance Committee, it was Moved and Seconded:

That the Town raise and appropriate by transfer from the Water Surplus Account the sum of \$11.00 to accept as a gift, purchase, or take by eminent domain permanent and temporary utility easements on parcels of land, designated by Assessor's Parcel Numbers: F516-C-12, F525, F525-3, F528, F525-2, F526, F526-1, F525-4, F610, F609-A, F1202-2-A-2 for water main construction.

On 2/3 Vote Required, Motion was:

SO VOTED: UNANIMOUS

ARTICLE 2. On Motion of the Finance Committee, it was Moved and Seconded:

That the Town raise and appropriate by transfer from the Sewer Surplus Account the sum of \$6.00 to accept as a gift, purchase, or take by eminent domain parcels of land and/or permanent and temporary utility easements on parcels of land, designated by Assessor's Parcel Numbers: G100-11, G1000-12, G-1000-13, G931-10 and G1000-36 for construction relative to the Phase III Sewer Construction Project.

On Substitute Motion of William T. Hamilton, it was Moved and Seconded:

To divide ARTICLE 2 into two (2) parts.

That the Town raise and appropriate by transfer from the Sewer Surplus Account the sum of \$5.00 to accept as a gift, purchase, or take by eminent domain parcels of land and/or permanent and temporary utility easements on parcels of land, designated by Assessor's Parcel Numbers: G1000-11, G1000-12, G1000-13, and G931-10 for construction relative to the Phase III Sewer Construction Project.

That the Town raise and appropriate by transfer from the Sewer Surplus Account the sum of \$1.00 to accept as a gift, purchase, or take by eminent domain parcels of land and/or permanent and temporary utility easements on parcels of land, designated by Assessor's Parcel Numbers: G1000-36 for construction relative to the Phase III Sewer Construction Project.

MOTION WAS: DEFEATED

On 2/3 Vote Required, Main Motion was then,

SO VOTED: UNANIMOUS

ARTICLE 3. On Motion of the Finance Committee, it was Moved and Seconded:

That the Town amend its By-Laws, Article XIII, Police

Regulations by adding a new Section 24 as follows:

No person shall utilize the water resources of the Town in violation of any rule, regulation or policy restricting the use of water issued by the Board of Sewer and Water Commissioners. In addition to criminal prosecution, this By-Law may be enforced pursuant to the noncriminal disposition procedure provided in G.L. Chapter 40, Section 210 by any police officer of the Town or by any employee or employees of the Water Department who are authorized by vote of the Board of Sewer and Water Commissioners to be enforcement agents. Each day on which a violation exists shall constitute a separate offense. The penalty for each violation disposed of by noncriminal disposition shall be \$50.00 per offense. The penalty for each violation for which a criminal complaint is filed in the district court shall be \$100.00 per offense.

It was Moved and Seconded:

TO MOVE THE QUESTION

SO VOTED

Motion was then:

SO VOTED: STANDING VOTE YES: 66 NO: 33

ARTICLE 4. On Motion of the Finance Committee, it was Moved and Seconded:

That the Town convert the following described parcel of land from Town common land to State Highway Layout; on Route 1-A, Main Street, beginning at Station 176 + 04, 25 feet left; thence North 28° -40' -15" West 12.55 feet; thence North 37° -52-00", East 131.64 feet; thence South 25° - 57' - 25" East 15.00 feet; thence South 36° - 11' - 40" West 25.53 feet; thence South 37° - 52' - 00" West 104.47 feet to the place of beginning containing 1,662 square feet more or less and to petition the General Court for special legislation authorizing said transfer.

On 2/3 Vote Required, Motion was:

SO VOTED: YES: 78 NO: 18

ARTICLE 5. On Motion of the Finance Committee, it was Moved and Seconded:

That the Town approve in accordance with Article V of the Walpole Home Rule Charter, a Board of Selectmen approved administrative reorganization of the Department of Public Works by combining the Parks, Recreation and Cemetery functions into a new division and to amend the Personnel Pay Schedule as recommended by the Personnel Board.

SO VOTED

ARTICLE 6. On Motion of the Finance Committee, it was Moved and Seconded:

That the Town raise and appropriate the sum of \$131,017 by transferring \$106,525 from Free Cash and transferring \$24,492 from the FY89 insurance Budget. No. 47 — Expenses to cover the costs of funding an agreement between the Town of Walpole and the Walpole Permanent Fire Fighters Association (Fire) for the period of July 1, 1988 to June 30, 1990.

SO VOTED: UNANIMOUS

ARTICLE 7. On Motion of the Finance Committee, it was Moved and Seconded:

That the Town raise and appropriate the sum of \$120,500 by transferring \$37,508 from the FY89 Insurance Budget, No. 47, transferring \$65,087 from FY89 Debt Budget, No. 48 and transferring \$17,905 from FY89 Engineering Budget-Salaries, No. 33 to remove the existing boiler and asbestos in the Boiler Room at the Old Post Road School and design and install a new boiler(s).

SO VOTED: UNANIMOUS

ARTICLE 8. On Motion of the Finance Committee, it was Moved and Seconded:

That the Town raise and appropriate by transfer the sum of \$25,828 from the FY 89 Engineering Department Budget — Salaries, No. 33 to reimburse certain land developer applicants to the Conservation Commission who filed and paid fees under the Local Wetlands By-Laws.

SO VOTED

ARTICLE 9. On Motion of the Finance Committee, it was Moved and Seconded:

That the Town raise and appropriate the sum of \$105,363 for resurfacing Sybil Street, a private way, pursuant to the provision of Article XX of the Town's By-Laws, and for laying and relaying water mains of at least six inches in diameter in that street, and for construction of surface drains and sewer: that to meet this appropriation, the Treasurer, with the approval of the Selectmen is authorized to borrow \$105,363 under General Laws, Chapter 44, Section 7 and Section 8; and the Selectmen are authorized to assess betterments under Chapter 80 of the General Laws or any other applicable Law against those property owners who derive particular benefits from these improvements.

On 2/3 Vote Required, Motion was:

SO VOTED: YES: 79 NO: 11

There being no further business to come before this

Special Town Meeting, it was Moved by Janet Wellock and Seconded that this meeting be dissolved.

SO VOTED — UNANIMOUS

The Moderator so declared at 10:40 P.M.

ANNUAL FALL TOWN MEETING WARRANT TOWN OF WALPOLE COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To any Constable in the Town of Walpole:

In the name of the Commonwealth of Massachusetts,
you are hereby directed to notify the inhabitants of the
Town of Walpole, qualified to vote in elections and town
affairs, to meet in the Auditorium of the Eleanor N.
Johnson Middle School Building in said Walpole on the

**third Monday in October 1989, it being
the 16th day of said month, at 7:30 p.m.**

in accordance with the Charter of the Town, then and
thereto to see if the Town will vote to amend the By-
laws and Zoning By-laws of said Town and to act on
the following articles:

ARTICLE 1. To see if the Town will vote to amend
its Zoning By-Law by adding the following section:

Section 11 – Open Space Residential Development

An "Open Space Residential Development" shall
mean a detached single-family residential development
in which the house lots are clustered together into one
or more groups, and each group separated from one
another and adjacent properties by permanently pro-
tected open space.

Open Space Residential Developments shall be
permitted in the Rural and Residence A Districts only
upon issuance of a Special Permit by the Planning Board,
with subsequent Subdivision Approval from the Planning
Board, as specified in M.G.L. Chapter 40A, Section 9.
Open Space Residential Developments shall not be
permitted in Areas 1 and 2 of the Water Resource
Protection Overlay District.

A. PURPOSE AND INTENT

The purpose of Open Space Residential Develop-
ment is to permit greater flexibility and creativity in
the design of residential subdivisions, provided that
the overall density of the development is no greater than
what is normally allowed in the district in which it may
be located, ultimately resulting in:

1. the permanent preservation of open space for the protection of the Town of Walpole's existing character of the landscape, scenic views, groundwater supply, floodwater storage capacity, woodlands, wetlands, agricultural lands, wildlife habitat, conservation and recreational opportunities;

2. more economical, efficient, and environmentally-sensitive use of residential land than may be accomplished through conventional subdivision development; and

3. the maintenance of the traditional New England rural character and land use pattern in which small villages contrast with open space and agricultural lands.

B. APPLICABILITY AND REQUIREMENTS

Any provision of the Walpole Zoning By-Law to the contrary notwithstanding, the following standards shall be used as additional requirements in the Special Permit process for all Open Space Residential Developments:

1. The development shall include detached single-family dwellings only.

2. The minimum land required for Open Space Residential Development shall be twenty (20) contiguous acres held in single ownership or control at the time of application.

3. Each lot shall have adequate access on a public or private way.

4. There shall be an adequate, safe, and convenient arrangement of pedestrian circulation facilities, roadways, driveways, and parking.

5. On-site septic systems shall not be permitted in the development. All lots shall be serviced by common sewer.

6. Each lot shall contain a building site which will be in harmony with the natural terrain and other features of the land.

7. The site design shall preserve and, where possible, enhance the natural features of the property, including scenic views, by adapting the location and placement of structures and ways to the existing topography in order to minimize the amount of soil removal, tree cutting, and general disturbance to the landscape and surrounding properties.

8. The plan shall identify the location and extent of all wetlands on the site as determined by the Conservation Commission under M.G.L. Chapter 131, Section 40, and the Town of Walpole Wetland Protection By-Law.

C. DIMENSIONAL AND DENSITY REQUIREMENTS

Any provision of Section 4 of the Walpole Zoning By-Law to the contrary notwithstanding, the following standards shall be used as additional requirements in the Special Permit process for all Open Space Resi-

dential Developments:

1. A detached single-family dwelling, or lawful accessory building, may be constructed on a lot within an Open Space Residential Development although such lot has less area and frontage than normally required, as herein specified.

2. The maximum number of dwelling units permitted in an Open Space Residential Development shall not exceed the number of dwelling units that can be reasonably expected under conventional development of the same parcel(s). To substantiate the number of dwelling units contemplated in the development, the applicant shall submit a plan designed under conventional development, conforming to all dimensional requirements of the Zoning By-Law and Subdivision Rules and Regulations of the Town of Walpole.

3. Minimum lot size shall be 20,000 square feet in the Rural District, and 15,000 square feet in the Residence A. District, with the following minimum requirements: frontage of 80 feet at the street line, setback of 30 feet, side yard of 15 feet, and rear yard of 30 feet. Each lot shall have an area in which a circle may be located, the diameter of which is 80 feet, tangent to the street line from which the frontage and setback are derived and within all other lot lines. The following maximum requirements shall also apply: building height of 35 feet, lot coverage by structures of 25%, and lot coverage by structures and other impervious surfaces of 40%.

4. All residential structures and accessory uses within the development shall be set back from the boundaries of the development, including existing roadways, by a buffer strip of at least 50 feet in width which shall include trees and shall be kept in a naturally landscaped condition.

D. OPEN SPACE REQUIREMENTS

1. All land not devoted to dwellings, accessory uses, roadways, or other development shall be set aside in perpetuity as common land for recreation, conservation, or agricultural uses which preserve the land in essentially its natural condition. Such land shall be maintained and improved in accordance with sound conservation standards, practices, and procedures.

2. The total area of common open space shall equal or exceed the area by which all detached single-family dwelling lots are reduced below the minimum lot area normally required for zoning compliance in the zoning district in which they are located, but in no instance shall the amount of land to be set aside as open space be less than 40% of the total land area included in the development, excluding land area of roadways.

3. The total area of common open space shall not be comprised of more than 50% wetlands as defined under M.G.L. Chapter 131, Section 40, and the Town of Walpole Wetland Protection By-Law.

4. Each lot shall provide a building site which will be in harmony with the natural terrain and other features of the land.

5. There shall be an adequate, safe, and convenient arrangement of pedestrian circulation facilities, roadways, driveways, and parking.

6. The plan shall identify the location and extent of all wetlands on the site as determined by the Conservation Commission under M.G.L. Chapter 131, Section 40.

C. DIMENSIONAL AND DENSITY REQUIREMENTS

1. A single family dwelling, or lawful accessory building, may be constructed on a lot within an Open Space Residential Development although such lot has less area and frontage than normally required, as herein specified.

2. The maximum number of dwelling units permitted in an Open Space Residential Development shall not exceed the number of dwelling units that can be reasonably expected under conventional development of the same parcel(s). To substantiate the number of dwelling units contemplated in the development, the applicant shall submit a plan designed under conventional development, conforming to all dimensional requirements of the Zoning By-law and Subdivision Rules and Regulations of the Town of Walpole.

3. Minimum lot size shall be 20,000 square feet in Rural Districts and 15,000 square feet in Residence A Districts, with the following minimum requirements: frontage of 80 feet, width of 80 feet, front yard of 30 feet, side yard of 12 feet, and rear yard of 30 feet.

4. All residential structures and accessory uses within the development shall be set back from the boundaries of the development by a buffer strip of at least 50 feet in width which shall include trees and shall be kept in a natural landscaped condition.

D. OPEN SPACE REQUIREMENTS

1. All land not devoted to dwellings, accessory uses, roadways, or other development shall be set aside as common land for recreation, conservation, or agricultural uses which preserve the land in essentially its natural condition.

2. The total area of common open space shall equal or exceed the area by which all single family dwelling lots are reduced below the minimum lot area normally required for zoning compliance in the zoning district in which they are located. However, in no instance shall the amount of land to be set aside as open space be less than 40% of the total land area included in the development, excluding land area of roadways.

3. Open space parcels shall have a minimum width

of 50 feet. Parcels of lesser width may be permitted at roadway or lot corners at the discretion of the Planning Board.

4. Further subdivision of common open space or its use for other than recreation, conservation, or agriculture, except for easements for underground utilities and septic systems, shall be prohibited, and a notation to this effect shall be shown upon the subdivision plan recorded with the Registry of Deeds. Structures of buildings accessory to recreation, conservation, or agricultural uses may be erected, but shall not exceed 5% coverage of such common open space.

E. OPEN SPACE OWNERSHIP

All common open space shall either be:

1. conveyed to a non-profit, incorporated community association owned, or to be owned by the owners of lots within the development. If such a community association is utilized, ownership thereof shall pass with conveyances of the lots in perpetuity;

2. conveyed to a non-profit organization, the principal purpose of which is the conservation of preservation of open space; or

3. conveyed to the Town of Walpole, at no cost, and be accepted by it for park or open space use, subject to the approval of the Board of Selectmen.

In any case where such land is not conveyed to the Town, a restriction enforceable by the Town shall be recorded to ensure that such land shall be kept in an open or natural state and not be built for residential use or developed for accessory uses such as parking or roadways. Such restriction shall be in a form approved by the Conservation Commission, Planning Board, and Board of Selectmen. The applicant shall provide satisfactory assurance that such restriction following approvals, has been properly recorded in the Registry of Deeds, and the interest in land thereby created is not subject to any mortgage, security, interest, lien, or other monetary encumbrance of any kind other than the aforesaid restriction.

F. PROCEDURES AND APPLICATION REVIEW

1. To promote better communication and to avoid misunderstanding, applicants are encouraged to submit preliminary proposals for informal review by various Town agencies prior to formal application.

2. The applicant shall file a copy of the Open Space Residential Development Special Permit application with all accompanying plans, including a plan of the proposed subdivision designed under this section of the Zoning By-law and a conventionally designed plan as required under Subsection C-2, with the Planning Board, the Board of Health, the Sewer and Water Commission, the Engineering Department, and the

4. Open space parcels shall be planned as large, continuous units wherever possible. Strips of common open space having a minimum width of 50 feet shall be permitted only when necessary for access or as vegetated buffers along the site's perimeter. Parcels of lesser width may be permitted at roadway or lot corners at the discretion of the Planning Board. Common open space may be comprised of more than one parcel provided that the size, shape, and location of such parcels are suitable for their designated uses in the opinion of the Planning Board.

5. Further subdivision of common open space or its use for other than recreation, conservation, or agriculture, except for easements for underground utilities, shall be prohibited, and a notation to this effect shall be shown upon the subdivision plans recorded with the Registry of Deeds. Structures or buildings accessory to recreation, conservation, or agricultural uses may be erected, but shall not exceed 5% coverage of such open space.

E. OPEN SPACE OWNERSHIP

All common open space shall either be:

1. Conveyed to a non-profit, incorporated community association owned, or to be owned, by the owners of lots within the development. If such a community association is utilized, ownership thereof shall pass with conveyances of the lots in perpetuity;

2. Conveyed to a non-profit organization, the principal purpose of which is the conservation or preservation of open space; or

3. Conveyed to the Town of Walpole, at no cost, and be accepted by it for park or open space use, subject to the approval of the Board of Selectmen.

In any case where such land is not conveyed to the Town, a restriction in perpetuity as defined under M.G.L. Chapter 184, enforceable by the Town, shall be recorded to ensure that such land shall be kept in an open or natural state and not be built upon for residential use or developed for accessory uses such as parking or roadways. Said perpetual restriction shall be in a form approved by the Conservation Commission, Planning Board, and Board of Selectmen. The applicant shall provide satisfactory assurance that such perpetual restriction, following approvals, has been properly recorded in the Registry of Deeds, and the interest in land thereby created is not subject to any mortgage, security, interest, lien, or other monetary encumbrance of any kind other than the aforesaid perpetual restriction.

F. PROCEDURES AND APPLICATION REVIEW

1. To promote better communication and to avoid misunderstandings, applicants are strongly encouraged to submit preliminary proposals for informal review by

the Town Planner, Town Engineer, Conservation Agent, Health Agent, Building Inspector, and the Superintendent of Sewer and Water prior to formal application.

2. The applicant shall file a copy of the Open Space Residential Development Special Permit application with all accompanying plans, including a plan of the proposed subdivision designed under this section of the Zoning By-Law and a conventionally-designed plan as required under Subsection C, with the Planning Board. Said plans shall also be filed with the Board of Health, the Sewer and Water Commission, the Engineering Department, and the Conservation Commission. Said boards and departments shall, within 35 days from the date of receipt of the application materials, file their written recommendations on the proposal with the Planning Board. If no such recommendations are filed within 35 days by any such board or department, the Planning Board shall deem such board or department to have no recommendations on the plans.

3. The Planning Board shall hold a public hearing and shall render a decision on an application in accordance with the provisions of M.G.L. Chapter 40A, Section 9 and Section 11. Approval of and Open Space Residential Development Special Permit shall be granted by the Planning Board only upon determination that the plan is in harmony with the general purpose of this section of the Zoning By-Law and that it is designed in such a manner as to make it sufficiently advantageous for the Town of Walpole to depart from the requirements of this By-Law otherwise applicable to the residential districts in which the Open Space Residential Development is to be located.

4. The approval by the Planning Board of a Special Permit under this section of the Zoning By-Law shall not substitute for compliance with M.G.L. Chapter 41 nor oblige the Planning Board to approve a related Definitive Plan for subdivision, nor reduce any time periods for Planning Board consideration under that law. A Definitive Plan designed under an approved Special Permit for Open Space Residential Development shall be in substantial conformity with all plans under which such approval was based.

5. The Planning Board shall, insofar as practical under law, adopt regulations establishing the precoded for the submission and approval of an Open Space Residential Development Special Permit application.

or do or act anything in relation thereto.

(Petition of the Planning Board)

ARTICLE 2. To hear and act on the report of any committee or to choose any committee the Town may think proper and transact any other business that may legally come before the Town.

(Petition of the Board of Selectmen)

ARTICLE 3. To see if the Town will vote to amend

its Zoning By-Law by adding the following section:

(Petition of the Planning Board)

SECTION 3-I – COMMON DRIVEWAYS

In all residential districts, common driveways serving detached single-family dwellings shall be permitted only by a Special Permit issued by the Planning Board. The following requirements shall apply to all common driveways:

1. No more than four (4) lots intended for detached single-family dwellings shall be serviced by a single common driveway.

2. No common driveway shall be in excess of four hundred (400) feet in length at its furthest point from the roadway from which it originates.

3. The common driveway must access over approved frontage to a way as specified in M.G.L. Chapter 41, Section 81-L.

4. Common driveways shall not be used to satisfy zoning frontage requirements.

5. Common driveways shall be a minimum of 16 feet wide, and paved in successive layers conforming with the following standards:

- one eight inch (8") course of crushed gravel
- a one inch (1") course of processed gravel
- a one and one-half (1½") course of bituminous concrete binder
- a one and one-half (1½") course of compacted bituminous concrete top coat

6. The construction of the common driveway shall conform to all requirements of the Town of Walpole's curb cut policy.

or do or act anything in relation thereto.

(Petition of the Planning Board)

ARTICLE 4. To see if the Town will vote to amend its Zoning By-Law as it pertains to "Section 4-B: Schedule of Dimensional Regulations" by changing the "Required Lot Area" of a Rural District from "40,000" square feet to "60,000" square feet, or do or act anything in relation thereto.

(Petition of the Planning Board)

ARTICLE 5. To see if the Town will vote to amend its Zoning By-Law by deleting the words "sixty percent (60%)", and replacing with the words "one hundred percent (100%)", in Section 4-C-3-b, or do or act anything in relation thereto.

(Petition of the Planning Board)

ARTICLE 6. To see if the Town will vote to amend its Zoning By-Law by deleting Section 4-C-5-b in its entirety, or do or act anything in relation thereto.

ARTICLE 7. To see if the Town will vote to amend its Zoning By-Law by deleting the words "(including use variances)" in Section 8-C, or do or act anything in relation thereto.

(Petition of the Planning Board)

ARTICLE 8. To see if the Town will vote to amend its Zoning By-Law by deleting the words "forty (40)", and replacing with the words "eighty (80)", in Section 4-D-1, or do or act anything in relation thereto.

(Petition of the Planning Board)

ARTICLE 9. To see if the Town will vote to amend its Zoning By-Law by adding the following subsection to Section 7-C:

"5 reasonable hours of operation of the establishment, including the times of delivery, when a proposed business, industrial, or limited manufacturing use of the site abuts property in a residential zoning district."

or do or act anything in relation thereto.

(Petition of the Planning Board)

ARTICLE 10. To see if the Town will vote to amend its Zoning By-Law by deleting the words "seventy-five (75)", and replacing with the words "one hundred (100)", in Section 8-D, or do or act anything in relation thereto.

(Petition of the Planning Board)

ARTICLE 11. To see if the Town will vote to amend its Zoning By-Law by deleting Section 4-C-5-a-ii in its entirety, or do or act anything in relation thereto.

(Petition of the Planning Board)

ARTICLE 12. To see if the Town will vote to amend its Zoning By-Law by deleting the word "ten", and replacing with the word "eleven", in the first paragraph of Section 2-A, or do or act anything in relation thereto.

(Petition of the Planning Board)

ARTICLE 13. To see if the Town will vote to amend its Zoning By-Law by changing "SP4" to "SP1" in Section 3-B-3-d, or do or act anything in relation thereto.

(Petition of the Planning Board)

ARTICLE 14. To see if the Town will vote to amend its Zoning By-Law by deleting the words "Section 4-D-13-b", and replacing with the words "Section 3-E", in Section 3-B-3-r, or do or act anything in relation thereto.

(Petition of the Planning Board)

ARTICLE 15. To see if the Town will vote to approve the new pay schedule as recommended by the Personnel Board.

(Petition of Personnel Board)

ARTICLE 16. To see if the Town will vote to borrow and/or transfer a sum of money to defray certain salary expenses as recommended by the Personnel Board in the new salary schedule.

(Petition of Personnel Board)

ARTICLE 17. To see if the Town will vote to borrow and/or transfer a sum of money to hire a full-time appraiser reporting to the Board of Assessors or take any action in relation thereto.

(Petition of Board of Selectmen)

ARTICLE 18. To see if the Town will vote to borrow and/or transfer a sum of money to design and construct a new sewer pumping station at Alice Avenue and to rescind action taken at the 1988 Fall Annual Town Meeting Article 33 or take any action in relation thereto.

(Petition of Sewer and Water Commissioners)

ARTICLE 19. To see if the Town will vote to borrow and/or transfer a sum of money to make a pro tanto payment for the taking of a common sewer on Norton Avenue or take any action in relation thereto.

(Petition of Sewer and Water Commissioners)

ARTICLE 20. To see if the Town will vote to borrow and/or transfer a sum of money to refund a sewer betterment assessment paid by Mr. Rasnid Khan or take any action in relation thereto.

(Petition of Sewer and Water Commissioners)

ARTICLE 21. To see if the Town will vote to borrow and/or transfer a sum of money to implement a cross connection program for the Water Department or take any action in relation thereto.

(Petition of Sewer and Water Commissioners)

ARTICLE 22. To see if the Town will vote to accept an equal education opportunity grant for fiscal year 1990 in the amount of \$105,248, under the provisions of General Laws Chapter 70A, Section 5 as inserted by Chapter 188 of the Acts of 1985. Said grant shall be expended by the Tri-County Regional School District Committee for direct service expenditures.

(Petition of Tri-County Regional School Committee)

ARTICLE 23. To see if the Town will vote to accept the provisions of Massachusetts General Laws Chapter 41, Section 41B entitled Payment of Public Employees by Direct Bank Credits or take any action in relation thereto.

(Petition of Board of Selectmen)

ARTICLE 24. To see if the Town will vote to borrow and/or transfer a sum of money to pay for FY89 prior year bills or take any action in relation thereto.

(Petition of Board of Selectmen)

ARTICLE 25. To see if the Town will vote to borrow and/or transfer a sum of money to construct

storm drains and appurtenances or take any action in relation thereto.

(Petition of Board of Selectmen)

ARTICLE 26. To see if the Town will vote to borrow and/or transfer a sum of money to purchase equipment for the Department of Public Works, or take any action in relation thereto.

(Petition of Board of Selectmen)

ARTICLE 27. To see if the Town will vote to appropriate a sum of money for the Stabilization Fund.

(Petition of Finance Committee)

ARTICLE 28. To see if the Town will vote to rescind all or a portion thereof, action taken at the 1989 Spring Annual Town Meeting, Article 8 or do or act anything in relation thereto.

(Petition of Finance Committee)

ARTICLE 29. To see if the Town will vote to borrow and/or transfer a sum of money to defend the Town of Walpole's position in opposition to the Massachusetts Water Resources Authority Residuals Management selection of the Walpole site.

(Petition of Board of Selectmen)

ARTICLE 30. To see if the Town will vote to amend its By-Laws by adding the following section to Article X (Health By-Laws):

Section 2. No trade or employment which may result in a nuisance or be harmful to the inhabitants, injurious to their estates, dangerous to the public health, or may be attended by noisome and injurious odors shall be established in Walpole except in such a location as may be assigned by the Board of Health after a public hearing has been held thereon, subject to the provisions of Massachusetts General Laws Chapter 40A and the Zoning By-Law of the Town of Walpole, and said Board may condition or prohibit the exercise thereof within the limits of the Town of Walpole, in any event. Such assignments shall be entered in the records of the Town of Walpole, and may be revoked when the Board shall think proper. All assignments of the Board shall be subject to provisions of Massachusetts General Laws Chapter 111, Section 143.

(Petition of Board of Health)

ARTICLE 31. To see if the Town will vote to amend its By-Laws, Article XVII Dog Regulation, Section 7 by deleting the words "late licensing fee of three dollars" and substituting the words "late licensing fee of twenty-five dollars: ...," "If a dog who is six months old or older is unlicensed on May 1st in any year, the owner/keeper shall be subject to said late fee to be collected by the Town Clerk."

Section II Fines and Penalties, is hereby amended by deleting (a) failure to license dogs \$15.00 and substitute to: (a) failure to license dogs \$25.00 or do or

act anything in relation thereto.

(Petition of Animal Control Officer)

ARTICLE 32. To see if the Town will vote to accept Patty Ann Place from its beginning at Station 0+00 to its terminus at Station 2+65±.

(Petition of Planning Board)

ARTICLE 33. To see if the Town will vote to accept Jesse Way from its beginning at Station 0+00 to its terminus at Station 1+50±.

(Petition of Planning Board)

ARTICLE 34. To see if the Town will vote to accept Courtney Road from its beginning at Station 0+00 to 9+20±.

(Petition of Planning Board)

ARTICLE 35. To see if the Town will vote to accept Andrew Way from its beginning at Station 0+00 to 2+48±.

(Petition of Planning Board)

ARTICLE 41. To see if the Town will vote to accept as a gift of land a parcel of land described as Assessors Parcel number E802 donated by Alexander McNeil to the Walpole Conservation Commission or take any action in relation thereto.

(Petition of Board of Selectmen)

ARTICLE 42. To see if the Town will vote to amend its Zoning By-Law and map to the extent of changing the Zoning District designation of the following described parcel of land from B-Business to RB-Residence B District: That portion of Assessors Parcel G-851 which lies within the B District and being more particularly

described as follows: Beginning at the intersection of the centerlines of Summer Street and Neponset Street; thence running northwesterly along the centerline of Neponset Street which is also the District Zoning boundary line 254 feet; thence turning and running southwesterly along a line which is parallel to and 250 feet northerly of the centerline of Summer Street, said line being the District Zoning boundary line, a distance of 326 feet±; thence turning and running southeasterly along the District Zoning boundary line a distance of 15 feet ±; thence running southeasterly along parcel G-853, 115.15 feet; thence turning and running northeasterly along parcel G-852, 100.00 feet; thence turning and running southeasterly along parcel G-852 94.41 feet; thence running southeasterly 25 feet± to the centerline of Summer Street; thence running along the centerline of Summer Street which is the District Zoning boundary line 204 feet ± to the point of beginning; all as shown on a plan entitled "Proposed Zoning Change plan of Land in Walpole, Mass." dated July 28, 1989 by Glossa Engineering Inc. submitted herewith or take any action in relation thereto.

(Petition of Robert E. Follett, et al)

ARTICLE 43. To see if the Town will vote to borrow and/or transfer a sum of money to purchase additional portable radios for the Police Department or take any action in relation thereto.

(Petition of Chief Betro)

ARTICLE 44. To see if the Town will vote to borrow and/or transfer a sum of money to purchase and install handicapped playground and pool equipment and to make handicapped access renovations or take any action in relation thereto.

(Petition of Handicapped Access Committee)

ARTICLE 45. To see if the Town will vote to borrow and/or transfer a sum of money to purchase a special needs wheelchair van for the School Department or take any action in relation thereto.

(Petition of the School Committee)

ARTICLE 46. To see if the Town will vote to borrow and/or transfer a sum of money to purchase classroom furniture and/or other equipment for the School Department or take any action in relation thereto.

(Petition of School Committee)

ARTICLE 47. To see if the Town will vote to amend its By-Laws by adding a new Section 3 to Article X Health By-Laws as follows:

Nuisance By-Law.

a. **Authority and Purpose.** In accordance with the general powers derived by Article 89 of the Amendments to the Massachusetts Constitution, the specific powers granted by Section 1-3A of Chapter 139 of the Massachusetts General Laws, this By-Law is adopted for the prevention of nuisances within the Town.

b. **Definitions. Nuisance** — Any substantial interference with the common interest of the general public which is annoying, unpleasant or obnoxious in the maintenance of safe and sanitary property and neighborhoods. A specific condition which characterizes a nuisance as a gross accumulation of junk, debris or trash over a prolonged or extended period of time.

Owner — The person with record title to the property, or an authorized agent, assumee or representative.

c. **Administration.**

- c.1 **Removal Order** — The Health Agent shall, upon written complaint, inspect any condition which may constitute a nuisance. If, in the opinion of the Health Agent the condition does constitute a nuisance, he shall make a written report to the Selectmen and Board of Health of such condition, together with a petition for remedial action, and shall file a copy of the petition for remedial action with the Town Clerk.

Upon receipt of such petition and report, the Board of Selectmen shall set a date for a hearing before said Board, not more than 30 days after the date of filing of the petition with the Town Clerk. Notice of said hearing shall be posted, published and sent to interested parties not less than 14 days before the date of said hearing. Notice of the hearing shall state the subject matter sufficient for proper identification, and the date, time and place of the hearing.

Within 7 days after the hearing, the Selectmen shall determine whether or not the condition constitutes a nuisance, and shall determine what action shall be taken by the owner to remove the nuisance. The Selectmen shall issue a Removal Order to the owner or within such other time as it considers reasonable. An owner shall forfeit twenty dollars for every day during which he willfully violates such a Removal Order.

- c.2 **Service of Removal Order** — In accordance with Massachusetts General Law Chapter 139, Section 1, the Town Clerk shall deliver a copy of the Removal Order to an officer qualified to serve civil process, who shall forthwith serve an attested copy thereof to the owner. Such a Removal Order shall be in writing, and shall be served on the owner in the manner specified by Massachusetts General Law, Chapter III, Section 1234.

Appeal to Superior Court — A person aggrieved by such an order may appeal to Superior Court in accordance with Massachusetts General Law, Chapter 139, Section 2.

And you are hereby directed to serve this warrant by posting attested copies thereof in at least two public places in each precinct in said town not less than seven days before the day appointed for said meeting.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk before the day set for said meeting.

Given under our hands and the seal of the Town this twelfth day of September, in the year one thousand nine hundred and eighty nine.

BOARD OF SELECTMEN

COMMONWEALTH OF MASSACHUSETTS

TOWN OF WALPOLE ANNUAL TOWN MEETING

Fall Session
OCTOBER 16, 1989

Pursuant to the Warrant of October 16, 1989, the Annual Town Meeting (Fall Session) was called to order at 7:30 P.M. in the Eleanor N. Johnson Middle School Auditorium by Moderator Bernard J. Duffy, Jr.

The Assembly pledged allegiance to the Flag.

Town Clerk, Louis E. Hoegler, attested to proper return of the Warrant.

It was Moved, Seconded and VOTED:

To waive the reading of the Warrant.

It was Moved, Seconded and VOTED:

That all motions of the Finance Committee be the Main Motion.

TELLERS: Stephen Stone, John E. Hill, Ronald A. Fucile and E. John Ferrara.

On Motion of Anthony J. Bruno and Seconded by William H. Powers:

It was Moved and Seconded:

That Article 27 and Article 28 be taken up as the first order of business tonight.

MOTION WAS: **SO VOTED**

ARTICLE 27. On Motion of the Finance Committee, it was Moved and Seconded:

That the Town take **NO ACTION**.

MOTION WAS: **SO VOTED**

ARTICLE 28. On Motion of the Finance Committee, it was Moved and Seconded:

That this Article be **POSTPONED** until October 30, 1989.

MOTION WAS: **DEFEATED**

On Motion of Anthony J. Bruno, Seconded by William H. Powers:

That the Town take **NO ACTION**.

MOTION WAS: **SO VOTED**

A RESOLUTION

On a Motion by the Town Meeting, it was Moved, Seconded and VOTED:

WHEREAS: Mary "Mae" T. Harrington was a long-time resident of the Town of Walpole;

WHEREAS: Mary "Mae" T. Harrington was a member of the Finance Committee from 1976 to the present;

WHEREAS: Mary "Mae" T. Harrington was a member of the Board of Appeals from 1978 to 1982;

WHEREAS: Mary "Mae" T. Harrington was a member of the Charter Review Committee, serving as Chairman;

WHEREAS: Mary "Mae" T. Harrington was in charge of the Town Census;

WHEREAS: Mary "Mae" T. Harrington was an Election Warden in Precinct 6;

WHEREAS: Mary "Mae" T. Harrington was a Representative Town Meeting Member from 1973 to present;

WHEREAS: Mary "Mae" T. Harrington organized and was a long-time supporter and President of the Friends of the Walpole Council on Aging;

WHEREAS: Mary "Mae" T. Harrington was instrumental in extending the MBTA bus service to Walpole Center;

NOW, THEREFORE: We, the Finance Committee, on behalf of the Town, do hereby honor the memory of Mary "Mae" T. Harrington for her involvement in service to the Town of Walpole and express our heartfelt appreciation of same to her family and friends.

ARTICLE 1. On Motion of the Finance Committee, it was Moved and Seconded:

Article 1. To see if the Town will vote to amend its Zoning By-Law by adding the following section:

SECTION 11 – Open Space Residential Development

An "Open Space Residential Development" shall mean a detached single-family residential development in which the house lots are clustered together into one or more groups, and each group separated from one another and adjacent properties by permanently protected open space.

Open Space Residential Developments shall be permitted in the Rural and Residence A Districts only upon issuance of a Special Permit by the Planning Board, with subsequent Subdivision Approval from the Planning

Board, as specified in M.G.L. Chapter 40A, Section 9. Open Space Residential Developments shall not be permitted in Areas 1 and 2 of the Water Resource Protection Overlay District.

A. PURPOSE AND INTENT

The purpose of Open Space Residential Development is to permit greater flexibility and creativity in the design of residential subdivisions, provided that the overall density of the development is no greater than what is normally allowed in the district in which it may be located, ultimately resulting in:

1. the permanent preservation of open space for the protection of the Town of Walpole's existing character of the landscape, scenic views, groundwater supply, floodwater storage capacity, woodlands, wetlands, agricultural lands, wildlife habitat, conservation and recreational opportunities;
2. more economical, efficient, and environmentally-sensitive use of residential land than may be accomplished through conventional subdivision development; and
3. the maintenance of the traditional New England rural character and land use pattern in which small villages contrast with open space and agricultural lands.

B. APPLICABILITY AND REQUIREMENTS

Any provision of the Walpole Zoning By-Law to the contrary notwithstanding, the following standards shall be used as additional requirements in the Special Permit process for all Open Space Residential Developments:

1. The development shall include detached single-family dwellings only.
2. The minimum land required for Open Space Residential Development shall be twenty (20) contiguous acres held in single ownership or control at the time of application.
3. Each lot shall have adequate access on a public or private way.
4. There shall be an adequate, safe, and convenient arrangement of pedestrian circulation facilities, roadways, driveways, and parking.
5. On-site septic systems shall not be permitted in the development. All lots shall be serviced by common sewer.
6. Each lot shall contain a building site which will be in harmony with the natural terrain and other features of the land.
7. The site design shall preserve and, where possible, enhance the natural features of the property,

including scenic views, by adapting the location and placement of structures and ways to the existing topography in order to minimize the amount of soil removal, tree cutting, and general disturbance to the landscape and surrounding properties.

8. The plan shall identify the location and extent of all wetlands on the site as determined by the Conservation Commission under M.G.L. Chapter 131, Section 40, and the Town of Walpole Wetland Protection By-Law.

C. DIMENSIONAL AND DENSITY REQUIREMENTS

Any provision of Section 4 of the Walpole Zoning By-Law to the contrary notwithstanding, the following standards shall be used as additional requirements in the Special Permit process for all Open Space Residential Developments:

1. A detached single-family dwelling, or lawful accessory building, may be constructed on a lot within an Open Space Residential Development although such lot has less area and frontage than normally required, as herein specified.
2. The maximum number of dwelling units permitted in an Open Space Residential Development shall not exceed the number of dwelling units that can be reasonably expected under conventional development of the same parcel(s). To substantiate the number of dwelling units contemplated in the development, the applicant shall submit a plan designed under conventional development, conforming to all dimensional requirements of the Zoning By-Law and Subdivision Rules and Regulations of the Town of Walpole.
3. Minimum lot size shall be 20,000 square feet in the Rural District, and 15,000 square feet in the Residence A District, with the following minimum requirements: frontage of 80 feet at the street line, setback of 30 feet, side yard of 15 feet, and rear yard of 30 feet. Each lot shall have an area in which a circle may be located, the diameter of which is 80 feet, tangent to the street line from which the frontage and setback are derived and within all other lot lines. The following maximum requirements shall also apply: building height of 35 feet, lot coverage by structures of 25%, and lot coverage by structures and other impervious surfaces of 40%.
4. All residential structures and accessory uses within the development shall be set back from the boundaries of the development, including existing roadways, by a buffer strip of at least 50 feet in width which shall include trees and shall be kept in a naturally-landscaped condition.

D. OPEN SPACE REQUIREMENTS

1. All land not devoted to dwellings, accessory

uses, roadways, or other development shall be set aside in perpetuity as common land for recreation, conservation, or agricultural uses which preserve the land in essentially its natural condition. Such land shall be maintained and improved in accordance with south conservation standards, practices, and procedures.

2. The total area of common open space shall equal or exceed the area by which all detached single-family dwelling lots are reduced below the minimum lot area normally required for zoning compliance in the zoning district in which they are located, but in no instance shall the amount of land to be set aside as open space be less than 40% of the total land area included in the development, excluding land area of roadways.

3. The total area of common open space shall not be comprised of more than 50% wetlands as defined under M.G.L. Chapter 131, Section 40, and the Town of Walpole Wetland Protection By-Law.

4. Open space parcels shall be planned as large, continuous units wherever possible. Strips of common open space having a minimum width of 50 feet shall be permitted only when necessary for access or as vegetated buffers along the site's perimeter. Parcels of lesser width may be permitted at roadway or lot corners at the discretion of the Planning Board. Common open space may be comprised of more than one parcel provided that the size, shape, and location of such parcels are suitable for their designated uses in the opinion of the Planning Board.

5. Further subdivision of common open space or its use for other than recreation, conservation, or agriculture, except for easements for underground utilities, shall be prohibited, and a notation to this effect shall be shown upon the subdivision plans recorded with the Registry of Deeds. Structures or buildings accessory to recreation, conservation, or agricultural uses may be erected, but shall not exceed 5% coverage of such open space.

E. OPEN SPACE OWNERSHIP

All common open space shall either be:

1. Conveyed to a non-profit, incorporated community association owned, or to be owned, by the owners of lots within the development. If such a community association is utilized, ownership thereof shall pass with conveyances of the lots in perpetuity;

2. Conveyed to a non-profit organization, the principal purpose of which is the conservation or preservation of open space; or

3. Conveyed to the Town of Walpole, at no cost, and be accepted by it for park or open space use, subject to the approval of the Board of Selectmen.

In any case where such land is not conveyed to the Town, a restriction in perpetuity as defined under M.G.L. Chapter 184, enforceable by the Town, shall be recorded to ensure that such land shall be kept in an open or natural state and not be built upon for residential use or developed for accessory uses such as parking or roadways. Said perpetual restriction shall be in a form approved by the Conservation Commission, Planning Board, and Board of Selectmen. The applicant shall provide satisfactory assurance that such perpetual restriction, following approvals, has been properly recorded in the Registry of Deeds, and the interest in land thereby created is not subject to any mortgage, security, interest, lien, or other monetary encumbrance of any kind other than the aforesaid perpetual restriction.

F. PROCEDURES AND APPLICATION REVIEW

1. To promote better communication and to avoid misunderstandings, applicants are strongly encouraged to submit preliminary proposals for informal review by the Town Planner, Town Engineer, Conservation Agent, Health Agent, Building Inspector, and the Superintendent of Sewer and Water prior to formal application.

2. The applicant shall file a copy of the Open Space Residential Development Special Permit application with all accompanying plans, including a plan of the proposed subdivision designed under this section of the Zoning By-Law and a conventionally-designed plan as required under Subsection C, with the Planning Board. Said plans shall also be filed with the Board of Health, the Sewer and Water Commission, the Engineering Department, and the Conservation Commission. Said boards and departments shall, within 35 days from the date of receipt of the application materials, file their written recommendations on the proposal with the Planning Board. If no such recommendations are filed within 35 days by any such board or department, the Planning Board shall deem such board or department to have no recommendations on the plans.

3. The Planning Board shall hold a public hearing and shall render a decision on an application in accordance with the provisions of M.G.L. Chapter 40A, Section 9 and Section 11. Approval of an Open Space Residential Development Special Permit shall be granted by the Planning Board only upon determination that the plan is in harmony with the general purpose of this section of the Zoning By-Law and that it is designed in such a manner as to make it sufficiently advantageous for the Town of Walpole to depart from the requirements of this By-Law otherwise applicable to the residential districts in which the Open Space Residential Development is to be located.

4. The approval by the Planning Board of a Special Permit under this section of the Zoning By-Law shall not substitute for compliance with M.G.L. Chapter 41 nor oblige the Planning Board to approve a related

nor oblige the Planning Board to approve a related Definitive Plan for subdivision, nor reduce any time periods for Planning Board consideration under that law. A Definitive Plan designed under an approved Special Permit for Open Space Residential Development shall be in substantial conformity with all plans under which such approval was based.

5. The Planning Board shall, insofar as practical under law, adopt regulations establishing the procedures for the submission and approval of an Open Space Residential Development Special Permit application.

or do or act anything in relation thereto.
(Petition of the Planning Board)

On 2/3 Vote Required,

MOTION WAS: **SO VOTED: YES: 74 NO: 24**

ARTICLE 2. NO REPORTS WERE SUBMITTED.

ARTICLE 3. On Motion of the Finance Committee, it was Moved and Seconded:

That the Town amend its Zoning By-Laws by adding the following section:

SECTION 3-I — Common Driveways

In all residential districts, common driveways serving detached single-family dwellings shall be permitted only by a Special Permit issued by the Planning Board. The following requirements shall apply to all common driveways:

1. No more than four (4) lots intended for detached single-family dwellings shall be serviced by a single common driveway.

2. No common driveway shall be in excess of four hundred (400) feet in length at its furthest point from the roadway from which it originates.

3. The common driveway must access over approved frontage to a way as specified in M.G.L. Chapter 41, Section 81-L.

4. Common driveways shall not be used to satisfy zoning frontage requirements.

5. Common driveways shall be a minimum of 16 feet wide, and paved in successive layers conforming with the following standards:

One eight inch (8") course of crushed gravel

a one inch (1") course of processed gravel

a one and one-half inch (1½") course of bituminous concrete binder

a one and one-half inch (1½") course of compacted bituminous concrete top coat

6. The construction of the common driveway shall conform to all requirements of the Town of Walpole's curb cut policy.

On 2/3 Vote Required,

MOTION WAS: **SO VOTED: UNANIMOUS**

On Motion of the Personnel Board, it was Moved and Seconded:

That Article 15 and 16 be postponed until October 23, 1989.

MOTION WAS: **SO VOTED**

ARTICLE 4. On Motion of the Finance Committee, it was Moved and Seconded:

That the Town amend its Zoning By-Laws as it pertains to "Section 4-B: Schedule of Dimensional Regulations" by changing the "Required Lot Area" of a Rural District from "40,000" square feet to "60,000" square feet.

On 2/3 Vote Required,

MOTION WAS: **DEFEATED YES: 55 NO: 36**

It was Moved, Seconded and VOTED

That this meeting be adjourned to Wednesday, October 18, 1989 at 8:30 P.M. in the Eleanor N. Johnson Middle School.

Town Clerk

**COMMONWEALTH OF MASSACHUSETTS
TOWN OF WALPOLE
ADJOURNED ANNUAL TOWN MEETING
Fall Session
OCTOBER 25, 1989**

Pursuant to the foregoing adjournment of October 23, 1989, the Town Meeting was called to order by Moderator Bernard J. Duffy, Jr. at 7:30 P.M.

The Assembly pledged allegiance to the Flag.

The following Tellers were appointed: E. John Ferrara, Stephen Stone, John E. Hill and Ronald Fucile.

A RESOLUTION

For the very sake of humanity . . . For the sake of California

Whereas, one of us — one of our fifty, a sister State, a brotherhood — it is time now....after their hearts have been torn out there, to join our hearts with theirs and let our resolve show in the form of hands across the continent, in a show of love with the one gift we can remit, in the one gift they need tonite . . . our dollars.

Now whereas the destruction in California has been so great, so tragic, so awesome....its impact devastates our minds and therefore let the seed be cast here tonight in this one hamlet of Walpole, that it may germinate among other States in our Union of States and,

Whereas after the smoke and dust has cleared the area there and revealed the truth in the form of ruination in a path of some 60 miles, let we too be there;

And Whereas the State of California now pleads

and clamours for help particularly in sorely needed funds and cannot go it alone;

And Whereas our Commonwealth of Massachusetts has a vehicle in place, namely the State Lottery Commission, let we, the people of this first State request the Governor of the Commonwealth of Massachusetts to direct the State Legislative body to enact an emergency measure for the purpose of a special lottery with all proceeds, including a 50% portion of the winners' lot to be given to the State of California expressly to reduce the financial burden only in conjunction with the services to that area so affected by the recent earthquake;

And it is directed that this resolution adopted unanimously here this evening be forwarded to the Governor of the Commonwealth and to the presiding officers of the General Court of the Commonwealth of Massachusetts, namely the Speaker of the House of Representatives and the President of the Senate.

ATTEST: The Town Meeting Members of Walpole and Governing Officials.

ARTICLE 42. On Motion of the Finance Committee,
it was Moved and Seconded:

That the Town amend its Zoning By-Law and map to the extent of changing the Zoning District designation of the following described parcel of land from B-Business to RB-Residence B District:

That portion of Assessors parcel G-851 which lies within the B District and being more particularly described as follows: Beginning at the intersection of the centerlines of Summer Street and Neponset Street; thence running northwesterly along the centerline of Neponset Street which is also the District Zoning boundary line 254 feet ±; thence turning and running southwesterly along a line which is parallel to and 250 feet northerly of the centerline of Summer Street, said line being the District Zoning boundary line, a distance of 326

feet ±; thence turning and running southeasterly along the District Zoning boundary line a distance of 15 feet ±; thence running southeasterly along parcel G-853, 115.15 feet; thence turning and running northeasterly along parcel G-852, 100.00 feet; thence turning and running southeasterly along parcel G-852, 94.41 feet; thence running southeasterly 25 feet ± to the centerline of Summer Street; thence running along the centerline of Summer Street which is the District Zoning boundary line 204 feet ± to the point of beginning, all as shown on a plan entitled "Proposed Zoning Change plan of Land in Walpole, Mass." dated July 28, 1989 by Glossa Engineering Inc.

On 2/3 Vote Required,

MOTION WAS: SO VOTED UNANIMOUS

ARTICLE 43. On Motion of the Finance Committee,
it was Moved and Seconded:

That the Town raise and appropriate by transfer from Free Cash the sum of \$5,600 to purchase additional portable radios for the Police Department.

MOTION WAS: SO VOTED UNANIMOUS

ARTICLE 45. On Motion of the Finance Committee,
it was Moved and Seconded:

That the Town raise and appropriate by transfer from Free Cash the sum of \$27,000 to purchase a special needs wheelchair van for the School Department and to trade another registered town vehicle.

MOTION WAS: SO VOTED UNANIMOUS
